40162 MEDICAL - DENTAL - SERIES

I had some teeth pulled yesterday;
Mouth swollen and hair in disarray.
The doctor was cruel
Pulling out that jewel
And that one there, three I do say.

40163 MEDICAL - DENTAL - SERIES

"Wisdom teeth" they are called, I think;
The mouthwash I have sure does stink.
But a question, Doc,
Why not just a rock?
Its so much better out've the rink.

40164 MEDICAL - DENTAL - SERIES

It took a few good strong yanks;
The tooth fairy must empty banks,
To line his pocket,
And not my rocket --
I'm not sure I should've said thanks.

40165 MEDICAL - DENTAL - SERIES

It's not nice to think that I know,
But they weren't that bad, my dear Flo'.
They merely teethed,
Pain not quite seethed.
So out, did they really must go?

40166 MEDICAL - DENTAL - SERIES

The dentist was ever so kind.
With his feet on my shoulders, combined
With the strength of a horse
And his pliers, of course,
He extracted my teeth and my mind.

40167 MEDICAL - DENTAL - SERIES

Now listen, I'm not sympathetic;
You shouldn't refuse anaesthetic.
But you lay in that chair,
With your fixed lustful stare,
At his nurse with her charms so aesthetic.

40168 MEDICAL - DENTAL - SERIES

The dentist saw your great bone,
As you stared at the lovely nurse Joan,
And pulled every one
Of your teeth, just for fun,
To warn you to leave her alone.

40169 MEDICAL - DENTAL - SERIES

It is said that an apple a day
Will help keep the doctor away,
But if that apple were green
With a worm in between,
You might wish for another entree.

40170 MEDICAL - DOCTORS Edwin J Weinstein

The doc in the ER said, "Rest
In bed for three days would be best."
But I can't help but sneak,
Out for a quick peak;
It's boring in bed, I confess.

40171 MEDICAL - DOCTORS

Pray tell why're you in ER?
Did you exceed some limits by far?
Is your blood work askew;
What the hell did you do?
Do you have to collect pee in a jar?

"Tomorrow," the doctor said, "double
Your dosage of this, Mrs. Hubbell,
And call me again

A wonderful doctor is diet,
Assisted by calmness and quiet.
It prevents many ills
And professional bills,
But helps only people who try it.

40175 MEDICAL - DOCTORS R. J. Winkler P8503

A plan to draft doctors won't work!
If you think that hippies could shirk;
Just wait till you see
The average MD
Create a syndrome from a quirk!

40176 MEDICAL - DOCTORS Larry Davis P9408

If all doctors were drafted at will
And the army would pay the health bill,
Health coverage, now steep,
Would be awfully cheap,
For the Army's conditioned to kill.

40177 MEDICAL - DOCTORS Al Chaplin P9408

If health is the thing you adore,
This logic will better your score.
Since an apple a day
Keeps the doctor away --
Two apples keeps two from the door.

I went to the doctor with lumps;
Just thinking that I had the mumps.
For the sake of this verse,
He said it was worse,
The near unpronouncable nunps!

40283 MEDICAL - DOCTORS - EXAMS

The doctors all said it was simple:
"It's not to worry! This pimple
Though festered and hairy
And looking so scary,
Is only an inside-out dimple!"

I went to the doctor and sat for a fee,
And asked him, "Whatever's the matter with me?"
He looked in my mouth
And at joints north and south,
"Diagnosis: Incurable atrophy!"

My young doctor, Alice, just flung
A strange diagnosis, that hung
Like a cloud overhead,
The moment she said:
"A shadow you have on your lung."

She grinned down at me, and I knew,
The words that she'd spoken were true.
The shadow in quest-

That the overhead filament threw.

Poor Jeff, saw his doc, said, "he's tired."
A vitamin was all he desired.
But the doc said he'd try
To find out just why
As a sloth, Jeff seemed to be mired.

40289 MEDICAL - DOCTORS - EXAMS   Edwin J Weinstein

He was examined from his head to his toe,
To seek out the cause of his woe.
To be honestly frank,
The doc came up a blank;
Told Jeff, to the lab he must go.

40290 MEDICAL - DOCTORS - EXAMS   Edwin J Weinstein

Jeff took each test in the book;
There were none he dared overlook.
From a forearm vein,
He saw his blood drain,
And the funds from his own pocketbook.

Stumbling and unable to walk,
Jeff then returned to his doc.
"Tell me what's wrong;
This has gone on too long;
And my home, I've now had to hock."

40292 MEDICAL - DOCTORS - EXAMS   Edwin J Weinstein

Said the doc, "I'm not being unkind,
But it seems it was all in your mind.
It would be better instead,
If we examined your head,
And to a shrink, you start to unwind."

Brenda taught advanced proctology.
After a brief time in psychology.
Now she sees many butts.
Her nurses call her," Doc Nuts."
Now she's behind in phrenology.

40317 MEDICAL - DOCTORS - FEMALE   David J Stein   P0110

"Come in and strip off", said the doc.
"What the fuck... ?", I said, reeling from shock,
"Who are you?" He said, "John."
"So where's Jane?" "Oh, she's gone.
Let me see what you've done to your cock."

40318 MEDICAL - DOCTORS - FEMALE

"But why has Doc Jane done a run-
ner?" "Unethical practices, son.
We dismissed her last week
After nurse took a peek,
And reported her clothing undone."

40319 MEDICAL - DOCTORS - FEMALE

Now nurse can't be certain whose tense
Throbbing dick made poor Jane lose her sense;
But she knew all along,
Fucking patients was wrong
And a medical council offence.

40320 MEDICAL - DOCTORS - FEMALE

But Jane's in denial. On Friday,
We want you attending an ID
Parade in the nude,
For your dick to be viewed
In Jane's surgery here by young Heidi.

40321 MEDICAL - DOCTORS - FEMALE

"Young Heidi?" "The nurse", said the doctor,
"The incident's shaken and shocked 'er;
She's only eighteen;
Well, you know what I mean;
She's a virgin and no-one's defrocked 'er."

40322 MEDICAL - DOCTORS - FEMALE

And now to the ID parade;
There were five other guys. I was made
To strip down to my vest,
And line up with the rest
With my 'membrum virile' displayed.

40323 MEDICAL - DOCTORS - FEMALE

Then in through the surgery door
Came young Heidi who stood right before
Us and studied the line-
Up of specimens fine
With a look of amazement and more.

40324 MEDICAL - DOCTORS - FEMALE

She stopped for awhile when she saw
Me and whispered, "It's you; I'm quite sure."
Then she blew me a kiss,
Did that naughty young miss,
As my dick slowly rose from the floor.

40325 MEDICAL - DOCTORS - FEMALE

"OK now; get dressed; you may go",
Said the doctor in charge of the show.
Once outside in the rain,
I met Heidi again
And asked, "Why didn't you let them all know?"

40326 MEDICAL - DOCTORS - FEMALE

She giggled and winked as she said,
"Well, I won't if you take me to bed."
So whenever my tip
Gets caught up in my zip,
Now I ask for nurse Heidi instead.

40327 MEDICAL - DOCTORS - FEMALE

I was next in the line for the Doc,
And so on her door I did knock.
But her hair was all mussed,
And she looked full of lust,
My dong went as hard as a rock.

40328 MEDICAL - DOCTORS - FEMALE

I gave that young doc an injection,
Which thereby removed my erection.
Then home I did dash,
But I soon got a rash...
Oh Pete, have I caught your infection?

40329 MEDICAL - DOCTORS - FEMALE

I caught my poor dick in a zip
So I went to the doc who said, "Strip."
(Now I wasn't in pain
But my doctor is Jane,
And I do love her wonderful grip.)

40330 MEDICAL - DOCTORS - FEMALE

Of course I pretended the pain
Was intense and I said to her, "Jane,
Would you hold it a while?"
And she flashed me a smile,
And said, "Pete, have you done it again?"

40331 MEDICAL - DOCTORS - FEMALE

I nodded and felt myself rise,
As her hands gently fondled my thighs;
So I moved myself near
To her chair as my spear
Started pointing straight up to the skies.

40332 MEDICAL - DOCTORS - FEMALE

"Examine it please, Doctor Jane,
For this throbbing is causing me pain."
And then (wondrous delight)
She encircled it tight
In her hand which near drove me insane.

40333 MEDICAL - DOCTORS - FEMALE

It seemed by the flush on her cheek,
She'd been celibate most of the week;
So I put my hand down
To unbutton her gown,
And I gave her hard nipples a tweak.

40334 MEDICAL - DOCTORS - FEMALE

Her fingers encircling my knob
Began stroking. (I sure had a job
Keeping totally cool
With her hand round my tool,
For I felt that familiar throb.)

40335 MEDICAL - DOCTORS - FEMALE

I could tell by her whimpering sighs
And the lustfulness filling her eyes,
That she needed my rod,
And she muttered, "Dear God",
As she opened her quivering thighs.

40336 MEDICAL - DOCTORS - FEMALE

"No panties?" I said. She said, "No."
So I knelt 'tween her thighs for a hoe;
Then my dick found her hot
Clenching dripping wet spot,
And she moaned as we let ourselves go.

40337 MEDICAL - DOCTORS - FEMALE

She met every thrust of my spire
With a moan and a shout of desire,
Until, "Do it!" she screamed,
As we shuddered and creamed
Simultaneously quenching our fire.

40338 MEDICAL - DOCTORS - FEMALE

For a minute or two we'd not speak,

There was a young lady of Ryde,
Whose sexual feelings had died.
She went to the doctor
Who promptly unfrocked her,
And told her to spread her legs wide.

40517 MEDICAL - DOCTORS - SCREWING   Peter Wilkins

After using his fingers for stroking,
And prodding and prying and poking,
He said with a grin,
"Did you feel me go in?"
She said, "No but my panties are soaking!"

40518 MEDICAL - DOCTORS - SCREWING   Peter Wilkins

Still grinning he said, "Only moose
Have vaginas so floppy and loose.
Your G-spot is worn
And your clitoris torn.
Diagnosis? Vibrator abuse."

40519 MEDICAL - DOCTORS - SCREWING   Peter Wilkins

"If you leave it alone for a bit,"
Said the doc as he fondled her tit,
"And return in a week,
Then I'll give you a tweak,
Just to check on the state of your clit."

40520 MEDICAL - DOCTORS - SCREWING   Peter Wilkins

"But doctor," she said, "I don't use
A vibrator to aid self-abuse.
I find that drilling
Bananas are thrilling,
And carrots I like to misuse."

40521 MEDICAL - DOCTORS - SCREWING   Peter Wilkins

"No wonder," he said, "you feel numb."
As he rubbed on her clit with his thumb.
"What you need for a treat
Is a length of my meat;
A prescrption for making you come!"

40522 MEDICAL - DOCTORS - SCREWING   Peter Wilkins

Remember that lady from Ryde
Who has lost all her feeling inside,
For the numbing woes
Of assorted dildoes,
And the treatmen her doctor prescribed.

40523 MEDICAL - DOCTORS - SCREWING   Peter Wilkins

"Please assure me," she said, "Is it true
That you're licensed to give me a screw?"
And in answer he said,
As he led her to bed,
"It's the ethical treatment for you!"

40524 MEDICAL - DOCTORS - SCREWING   Peter Wilkins

"Well, don't be too rough with me, doc"
She remarked as she lifted her frock,
"'Cause although I'm used
To banana abuse,
My vagina has never known cock."

40525 MEDICAL - DOCTORS - SCREWING   Peter Wilkins

So he started by screwing her slow.
"Do you feel that?", he asked. She said "No.
But I think that I need
You to increase your speed."
So the doctor just let himself go.

40526 MEDICAL - DOCTORS - SCREWING   Peter Wilkins

He grabbed her and rammed it inside
And for ninety-five minutes he tried,
Till he came with a grunt
And said, "How's your cunt?"
She said, "Numb!" And he lay back and cried.

40527 MEDICAL - DOCTORS - SCREWING   Peter Wilkins

"I'm sorry," he said with remorse,
"But I think we should try a new course.
Outside in the stable
We'll see if you're able
To come when you're screwed by a horse."

40528 MEDICAL - DOCTORS - SCREWING   Peter Wilkins

So she tried it with chestnuts and grays,
In a hundred and one different ways.
"Did you come?", said the doc,
As he played with his cock,
While the horses collapsed in a daze.

40529 MEDICAL - DOCTORS - SCREWING   Peter Wilkins

"I felt a small twinge," she confessed,
"When those stallions gave me their best,
But 'twas only a spasm
And not an orgasm."
The doc said, "You'd better get dressed."

40530 MEDICAL - DOCTORS - SCREWING   Peter Wilkins

So sad and unhappy she seemed,
When a thought struck the doctor; he beamed.

There's the case of young Nellie McGrew,
Who suffered the symptoms of flu,
So she wanted to talk
To her friendly old doc,
Who always knew just what to do.

40570 MEDICAL - DOCTORS - SCREWING

He described what he'd do in detail,
And then pretty young Nellie grew pale.
To be played with down there
Gave this patient a scare,
And what if the treatment would fail.

40571 MEDICAL - DOCTORS - SCREWING

But considering all of the facts
She wondered if she could relax.
The doc said, "Don't linger,
I've warmed up my finger,
And I know about contours and cracks."

40572 MEDICAL - DOCTORS - SCREWING

Young Nellie, a virginal maid,
Had never been fondled nor laid.
Closing tight her blue eyes
She spread open her thighs
As her fears began slowly to fade.

40573 MEDICAL - DOCTORS - SCREWING

She felt a soft gentle caress
As Doc Shelly reached under her dress.
When he hit the right spot
Our sweet Nellie got hot,
And at this point she couldn't care less.

40574 MEDICAL - DOCTORS - SCREWING

She felt she was high like on coke,
Then it seemed that her fever had broke.
She yelled "Holly shit!"
When her orgasm hit,
And she thought she had just had a stroke.

40575 MEDICAL - DOCTORS - SCREWING

Both her legs were still up in the air
When she asked "What just happened down there?
That was something all new,
My God what did you do?
Never mind, it felt good, I don't care!"

40576 MEDICAL - DOCTORS - SCREWING

"I hope that your schedule's not booked,
Let me know what you've got once you've looked.
I still feel quite delirious,
My condition's most serious,
On this treatment I think I am hooked."

40577 MEDICAL - DOCTORS - SCREWING

In his book the doc took a quick peek,
"I can see you again in one week."
Then his treatment progressed,
As the doc got undressed-
'Twas a pelvic exam, so to speak.

40578 MEDICAL - DOCTORS - SCREWING

"Now Nellie, I want you to heed,
"I'm giving a shot that you need,"
Well the doc began moaning,
That then turned to groaning,
And poor Mary had thought he had peed.

40579 MEDICAL - DOCTORS - SCREWING

One day as our Nellie undressed,
She said, "I'm becoming obsessed
That my belly's grow larger,"
So the doc didn't charge 'er,
And said, "You are merely depressed."

40580 MEDICAL - DOCTORS - SCREWING

Doc Shelly said then with a wink,
"On this pad I will write what I think,
For it's all in your head,"
So I think that instead
Of me you should go see this shrink."

40581 MEDICAL - DOCTORS - SCREWING

Said the shrink, "No you're not a neurotic,
And you're hardly a raving psychotic.
It is not a delusion
Nor crazy illusion,
The cause of your swelling's erotic."

40582 MEDICAL - DOCTORS - SCREWING

So she called up Doc Shelly and said,
"The shrink said it's not in my head,
But I wanted to mention,
That I'm feeling some tension,
And I fear that I'll soon be quite dead."

40583 MEDICAL - DOCTORS - SCREWING

Then the doc said, "That news is quite numbing,
But I've sworn to attend to your plumbing.
So don't worry at all,
For I'll make a house call,
You'll not go, for I'll soon have you coming."

40584 MEDICAL - DOCTORS - SCREWING

Well, he skillfully dispelled her fears,
And her orgasm brought her to tears.
But she said with a grin,
As the doctor slid in,
"This treatment will likely take years."

So I quit like he said;
I eat veggies instead --
(Or at least, I usually try!)

40857 MEDICAL - METHODS Kaylin

I've tried to do my doctor's bidding,
But he's gone too far -- I'm not kidding!
The thing he said next
Was "You must give up sex!"
This time, it's the doctor I'm quitting!

40858 MEDICAL - METHODS Kaylin

Immortality, there's no denying,
Would certainly be satisfying.
So now and forever
I vow to endeavor
To continue to live, or die trying.

40859 MEDICAL - METHODS Jerry Nordal P2005

There once was a man with a groan,
Who produced such a melodious tone,
That folks far and near
Would at his bedside appear,
While he trumpeted his passage of stone.

40860 MEDICAL - METHODS Edwin J Weinstein

A doctor who lived in Marseilles
Invented a new kind of X-ray.
You've heard of Cat Scan?
Well this brilliant man
Has developed 'Le Scan Pousse'.

40861 MEDICAL - METHODS Arthur Deex P8306

A young soldier from North Adelaide,
Went to courses to learn some first aid.
A hero he ain't;
At times he felt faint,
Passing out on his final parade.

40862 MEDICAL - METHODS Arthur Pattaffy

A vicious old doctor named Boggs
Made love potions out of broiled dogs
And leeches and vultures
Plus various cultures
Of germs from the recta of frogs.

40863 MEDICAL - METHODS Armand E Singer 286

The medicine man was a hoot.
He was wearing his birthday suit.
He served me roach tea,
And he waved some gris gris.
Then he boldly displayed his big root.

40864 MEDICAL - METHODS Al Willis TP9806

I feel sorry for young Dr. Dow.
Our ladies won't go to him now.
When examining the parts
Of Mrs. Ray Hartz,
He should have said "Hmmmm" and not "Wow!"

40865 MEDICAL - METHODS John Ciardi

The man who writes fuck is a jerk;
He's suspected of having a quirk.
But the doctor is great
For he writes copulate,
And is paid very well for his work.

40866 MEDICAL - METHODS Albin Chaplin 3024-2134

The prostate's a funny old gland
And to check it the doc puts his hand
Into surgical gloves;
Then a finger he shoves
Up you...What? (I'm not feeling too grand.)

40867 MEDICAL - METHODS Peter Wilkins

The farther that the finger goes,
The more you'll begin to suppose
If you had a chance
At classical dance,
You'd stand higher yet on your toes.

40868 MEDICAL - METHODS Frank Fazed

I'm glad I don't have one of those,
But we have it much worse I suppose.
Every three years
We have vaginal smears;
Quite unpleasant as fingering goes.

40869 MEDICAL - METHODS Jane

A cervical smear's not so great.
But consider my poor husbands state;
Without medication,
If he starts urination,
At noon, he can't finish till eight.

40870 MEDICAL - METHODS Jane

Now my husband's a handsome old stud,
But due to said prostate, his pud
Needed good old Viagra.
Now it flows like Niagara.
He certainly's not any dud!

40871 MEDICAL - METHODS Jane

My husband's a hunk, you can bet,
But he read what I wrote on the net,
'Bout the trials of his pud.
Now my name is mud,
And my conjugal rights I can't get.

40872 MEDICAL - METHODS Jane

Well now, with a little reflection,
You might come to see the connection.
How you would be feeling
Had he come here squealing
Of your recurring yeast infection?

40873 MEDICAL - METHODS Tiddy Ogg

Indeed I'd be quite ill at ease
To see posts of my pussy disease.
But he has displayed
Shots of us getting laid,
And some other obscene jpg's,

40874 MEDICAL - METHODS Jane

Now that sure sounds pretty dumb,
Your nude pics in the hands of us scum.
What were you thinking?
You must have been drinking!
Reckon you might send me some?

40875 MEDICAL - METHODS MrMalo

An American guy, Cyrus Flood,
Made his income from selling his blood.
At a recent transfusion
He caused some confusion;
All they found in the syringe was pure mud.

Who said to his patients, "J'ai vouie
To cure all your ills
Without any pills;
You just think yourself well -- that's the new way!"

40877 MEDICAL - METHODS Bob Scott

Though devoid of all sensual stroking,
You ought to be used to the poking
And all the tit squeezing;
Though not very pleasing,
One day just might keep you from croaking.

40878 MEDICAL - METHODS MrMalo

An A.M.A. doctor named Bruce
Tells patients to try self-abuse.
"It helps your celerity,
Improves your dexterity,
And no chance you'll sire a papoose."

40879 MEDICAL - METHODS Armand E Singer 314

There once was a doctor who said,
"Far too many sick folk die in bed.
There's no deadlier place
And to rescue the race,
I suggest using armchairs instead."

40880 MEDICAL - METHODS Towanbucket

A performance artiste name of Hannah,
Did her gig with a metallic banana.
With it in position,
She'd show the condition,
With the help of a fluoroscope scanna'.

I once knew a religious nurse,
Who kept holy water in her purse.
When giving sponge baths,
She'd risk patient's wrath,
When from purse some HW she'd asperse.

40882 MEDICAL - NURSES Norm Brust

There are some R.N.'s, I confess,
About their patients, they couldn't care less.
They only got their degree
To catch an M.D.
And thus become an MRS.

40883 MEDICAL - NURSES Kaylin

A medic who served at Fort Ord
Had earned the Great Bushwhacker Sword.
Right after Pearl Harbor,
They made him a barber
Up in the maternity ward.

40884 MEDICAL - NURSES P8305

Fred's catheter tubing hung down,
Off the bed, barely clearing the ground.
Then his nurse, Cindy-Lou,
Hooked the tube with her shoe.
Fred's yell was heard all over town!

40885 MEDICAL - NURSES Betty A Cassano

When working at home, there are few
Real distractions apart from the view
That I have of the street,
Watching nurses petite
Go to work and return from it too.

40886 MEDICAL - NURSES Peter Wilkins

They seem to get younger each day,
As they giggle and walk with a sway
Of their hips in their short
Little uniforms taut...
But it's "Hi Gramps!" I fear they may say.

40887 MEDICAL - NURSES Peter Wilkins

A mysterious visiting nurse
Made all of her rounds in a hearse;
If a patient had died,
She could give them a ride.
'Twas believed that she carried a curse.

40888 MEDICAL - NURSES Cap'n Bean P0211

DEBRIDEMENT of source of infection
Relies on injury detection,
And nurses, not bride,
There at the bedside
To reduce some pain with injection.

40889 MEDICAL - NURSES Daniel Ford

I worked as a nurse in I C U;
Debridement I dreaded to do.
The patient would scream
Just like a bad dream,
As I cut away skin and goo!

40890 MEDICAL - NURSES Maggie

We'd soak them in Ivory Snow,
And they looked upon us as Foe.
Burn victims so sad,
They thought we were bad!
Mean nurses...they thought we were so!

40891 MEDICAL - NURSES Maggie

That job convinced me, you see,
To burn is a nightmare for me.
I'll never forget
Each victim I met;
That fate...I would not rather be!

40892 MEDICAL - NURSES Maggie

To care for those stricken with gout,
To soothe the fear and the doubt.
'Twas her ambition, she
Always wanted to be
A nurse, but it didn't pan out.

40893 MEDICAL - NURSES VOL 6

The nurses, I say, make it shorter;
It's plain that they're just out of order.
They shave all your parts
(And that really smarts!)
And always with very cold water.

40894 MEDICAL - NURSES Al Willis

But here is one thing that is worse,
If to medical things you're adverse:
Catheterization!
Quite a sensation.
Insertion is... well, Good Night Nurse!

40895 MEDICAL - NURSES Irish

"The thrill of my life," said Miss Ghant,
"When I think of it, it makes me pant.
Memories of that thrill
Remain with me still.
An enema by my cross-eyed aunt!"

40896 MEDICAL - NURSES Clarence E. Boyle P9011

The patient in Room 201
Was not having very much fun.
The big nurse was so rough
With the enema stuff,
He now has a very sore bun.

40897 MEDICAL - NURSES Julia Strawn P8812

Has occasion to do the perverse
To princes and rubes
With her enema tubes.
They call her the Teutonic Curse.

40898 MEDICAL - NURSES LaDonna Jones P8503

A medical student named Jones
Learned all about all of the bones;
The muscles, the senses,
The nerves, and the menses,
And the nurses' erogenous zones.

40899 MEDICAL - NURSES Laurence Perrine P9409

Most nurses, however exquisite
Their virginal looks, are explicit
'Bout bodily functions
And sexual conjunctions.
I wonder, please tell me, why is it?

40900 MEDICAL - NURSES Peter Wilkins

Little Bob has just a small fetish;
With nurses he's just slightly pettish.
He fantasizes of hips
And ruby red lips,
With smiles that are down right coquettish.

40901 MEDICAL - NURSES

Said the clergyman once to the nurse,
"I prayed that things wouldn't get worse.
But my thoughts were not Holy
When you stuck in that Foley
And I struggled to stifle a curse."

40902 MEDICAL - NURSES Jeff Purser

Being sound of both mind and of body,
Though a little bit feeble and dotty,
I leave all my money
To that sweet little honey,
The nurse who helps me to the potty.

40903 MEDICAL - NURSES

When the monitor showed runs of V-tach, (tachycardia)
The nurse gave Joe's sternum a whack.
With a look of surprise,
Old Joe opened his eyes.
Then he said, "My, it's good to be back!"

40904 MEDICAL - NURSES Betty A Cassano

I anticipate early bloodclotting,
Stat Heparin...inject quite alot in
'Til red-river is thinned
And bloodthoughts are finned
To surf the brainwaves -- not get caught in.

40905 MEDICAL - NURSES Judy Grimes P9912

Nurse, I imagine you stripping
And feel that my pulse is a-skipping
A beat, and my breathing
Is heavy. I'm seething
With lust; can you guess what I'm gripping?

40906 MEDICAL - NURSES Peter Wilkins

I'm steaming because of the heat
And I'm making a tent of this sheet.
Will you strip off your gown
And come bounce up and down
On my meat till my treatment's complete?

40907 MEDICAL - NURSES Peter Wilkins

There was an old nurse named Jane,
Who wasn't terribly sane.
She had a strange vice;
She gave enemas of ice,
Which made all the patients complain.

40908 MEDICAL - NURSES Robbi

Young nurses can give the impression,
Because of their chosen profession,
Of being au fait
In an intimate way
With a gentleman's private possession.

40909 MEDICAL - NURSES Peter Wilkins

With nurses you can't take a chance
Because they can sure tell at a glance,
The state of your health,
The size of your wealth,
And what's going on in your pants.

40910 MEDICAL - NURSES Archie

A nurse motivated by spite,
Tied her infantile charge to a kite.
She launched it with ease
On the afternoon breeze,
And watched till it flew out of sight.

40911 MEDICAL - NURSES Edward Gorey

0We can't let your fleshy tube ruin --
It's okay -- I know what I'm doin' --
In your situation,
Some light lubrication
Will soon have you pitchin' and wooin'.

40912 MEDICAL - NURSES Kaylin

To ease your fleshy turmoil,
I'll warm up this sweet-smelling oil.
Then apply it, like so --
Gosh, look at it grow!
This moment we don't want to spoil.

40913 MEDICAL - NURSES Kaylin

"Who am I?" asked Jeff the Charge Nurse.
"Each day now it seem a bit worse.
I stand up to pee:
A male I must be,
With wallet and never a purse."

40914 MEDICAL - NURSES Archie

Nurse Jeff into Archie's room barged;
"The tests show your cock is enlarged,
So I'm here to treat
Your poor swollen meat,
And afterwards, you'll be discharged!"

40915 MEDICAL - NURSES Travis Brasell

Nurses in the hospital hall
Are clearly ignoring your call.
Though they hear you quite well,
When you tickle your bell,
They seem to be having a ball.

40916 MEDICAL - NURSES Edwin J Weinstein

I once met a naughty young nurse,
Who let me scrape blade 'round her purse.
She said, "All is fair,
I know you hate hair."
In fact I felt none for the wurst.

40917 MEDICAL - NURSES H WHELCHEL

Now tell you I must, of Nurse Maud,
The scourge of the surgical ward;
She'll feed you foul potions,
Apply stinging lotions,
And give painful tugs to your cord.

40918 MEDICAL - NURSES Tiddy Ogg

And then mini-skirted Nurse Shuler;
When she's near you, you can't keep your cooler.
But she'll see your tent
Pole arise, then's hell-bent
On slapping it down with a ruler.

40919 MEDICAL - NURSES Tiddy Ogg

That pre-op nurse is HARBINGER,
A personal calm infringer,
Who'll shave near your crotch,
Then move on to botch
Butt jab, as painful syringer.

40920 MEDICAL - NURSES Chris Papa

Reviewing the charts is a pain.
Poor handwriting gives me eyestrain.
By the end of the shift
What I need is a lift,
Not further assault on my brain.

40921 MEDICAL - NURSES Jim Weaver Collection

A high school nurse, I was this week.
I am GARRULOUS, as I speak.
They arrived en masse,
Trying to skip class.
My sympathy, they did seek.

40922 MEDICAL - NURSES Maggie

Now the word is out in the school:
"The nurse is a softy...How cool!
She'll write us a note!
We have a sore throat."
The really think I am a fool!

40923 MEDICAL - NURSES Maggie

Many a crotch have I shaved;
I always used soap. Patients raved!
The butts that I stabbed
Were so gently jabbed,
Their road to recovery -- well paved!

40924 MEDICAL - NURSES Maggie

"My first love," said Rambo Stallone,
"Was my liberal nanny, Miss Stone.
She taught me to crawl,
To suckle, to ball;
Ain't nothing she didn't condone."

40925 MEDICAL - NURSES Mark Levy P9309

Rectal temps? I've done quite a few,
Enemas, and impaction checks too;
Hernia inspection,
Or plain old injections --
Nurses start at the bottom, it's true.

40926 MEDICAL - NURSES Spuddie

I've promised my therapist (curses)
I'll make no more mention of nurses.
I'm awful annoyed
'Cause my brain is devoid
Of ideas for my limerick verses.

40927 MEDICAL - NURSES Peter Wilkins

I've talked to the shrink about Liz,
(Though embarrassed to mention the fizz
That according to Freud,
I could have well enjoyed)
And my shrink said a sister of his...

40928 MEDICAL - NURSES Peter Wilkins

...Was a sexual surrogate; would
I be interested? "Yes," I said, "Could
You arrange for a session
Of passionate flesh on...?"
He said, "Yes, she's a nurse and she's good."

40929 MEDICAL - NURSES Peter Wilkins

"How the hell would that help me," I said,
"To get rid of these thoughts in my head?
Oh my God, I'll succumb;
Will she help me to come?"
He said, "No, but she'll slap you instead."

40930 MEDICAL - NURSES Peter Wilkins

For you see she's that evil Nurse Cratchitt;
Don't dare to suggest that she scratch it.
Don't fiddle about
For she'll certainly shout
And will probably try to detach it.

40931 MEDICAL - NURSES Peter Wilkins

Doctor's orders, concise and specific,
Written clearly, no one hieroglyphic,
Could be read with great ease.
All the nurses were pleased.
They all thought that he was terrific.

40932 MEDICAL - NURSES Betty Ann Cassano

I live near a hospital, so
I see nurses each day as I go
Off to work and I greet
Them with, "Hello, I'm Pete;
Shall we meet up tonight for a hoe?"

40933 MEDICAL - NURSES

And when, after work, I get back,
I am frequently met by a pack
Of young nurses who say,
"Can we come in and play?"
But I'm often too knackered, alack.

40934 MEDICAL - NURSES

Weekends are OK, for I find
That the stresses of work have declined.
So it's during the week,
Your assistance I seek,
If you would be so awfully kind.

40935 MEDICAL - NURSES

When first I espied your sweeet face,
My heart began racing apace;
It started to pound
As I fell to the ground,
But the hospital nurses were ace.

40936 MEDICAL - NURSES Peter Wilkins

A young fellow, the star of this verse,
Got sick and turned steadily worse;
Which caused folks to worry
And get in a flurry;
Until he took a turn for the nurse.

40937 MEDICAL - NURSES Return of Limerick P0800

You may or may not be aware
That I live near a hospital where
They give lovely lasses
Biology classes
And train them in patients and care.

40938 MEDICAL - NURSES Peter Wilkins

Most gorgeous is virginal Kay
For she causes me trouser affray,
As she walks past my door
At a quarter to four,
At anatomy classes each day.

40939 MEDICAL - NURSES Peter Wilkins

But why can't she practice on me?
I would teach her for gratis and free.
So I'm thinking perhaps
I'll pretend to collapse
As she walks down the road after tea.

40940 MEDICAL - NURSES Peter Wilkins

Thus 'injured', she couldn't ignore;
She'd offer assistance, I'm sure.
Then I'd groan and I'd moan
As I showed her my bone
Needed careful attention and more.

40941 MEDICAL - NURSES Peter Wilkins

It is stupid to call it a binge;
The main line is not on the fringe.
Like the touch of your hand
As I untie the tube and
Pull blood back into the syringe.

40942 MEDICAL - NURSES Jim Weaver Collection

The "Heaven's Awaiting You" care
Home has nurses called Debbie and Claire;
But Claire is a bitch
So the gentlemen itch
For the touch of young Debbie so fair.

40943 MEDICAL - NURSES

For Debbie, at bath-time's, aware
How a gentleman's delicate pair
Of bollocks need soaping
With sensitive groping,
And stroking with infinite care.

40944 MEDICAL - NURSES

But tough when it's Claire's turn to wash 'em;
With bleach, undiluted, she'll splosh 'em,
Then scrub 'em with loofahs
Or pan-scouring doofahs
And quite comprehensively squash 'em.

40945 MEDICAL - NURSES

Young John is the nurse with the grin;
As needles and tubes he sticks in
To arms and bare bums,
And sometimes your tums,
While ogling the new nurse Robyn.

40946 MEDICAL - NURSES

Now Peter the patient just snores
And sounds of annoyance ignores.
We'll beat in his head
Until he is dead;
A homocide done with due cause.

40947 MEDICAL - NURSES

I choked and called out to the nurse,
"Oh, hurry, I am feeling worse!"
"Hey, put down your head --
You're not worse, you're dead!
I've already called for the hearse."

40948 MEDICAL - NURSES Marlene Lewis

Some people have all of the luck
A nurse with young parts all so suck-
ably sweet;
You can feel the heat
Rise as she leans over to tuck...

40949 MEDICAL - NURSES Tutta Gioia

...You in as you sense her warm breath,
When she whispers and winks, "Hi, I'm Beth..."
But I had a crone
(A good 15 stone)
As mean as old Lady MacBeth.

40950 MEDICAL - NURSES Tutta Gioia

She marched in all frowny and jowly,
Her breeath it was rank, fetid, and bowely.
She whipped off the sheet,
Rammed home that "Fleet"
Enema, cackling most fouly.

40951 MEDICAL - NURSES Tutta Gioia

When that was all done, she hissed, "Son,
Now for some really good fun.
While I razor your pubes,
You massage my boobs...
Your chores have just only begun."

40952 MEDICAL - NURSES Tutta Gioia

This was a bit much, you'll agree...
So I thought, and then said, "I must pee..."
I hoped to escape;
I fear old-crone-rape,
But she smirked, "I will hold it...He he."

40953 MEDICAL - NURSES Tutta Gioia

She grabbed it; I started my stream,
In her fat-folded eyes was a gleam.
I jerked fast away,
In her face aimed the spray,
Then fled her perverted regime.

40954 MEDICAL - NURSES Tutta Gioia

Because of where Tom had his calluses,
The doctor prescribed urinalysis.
The nurse read his chart
Then shouted, "Let's start!
I'm Alice and now you're in Alice's".

40955 MEDICAL - NURSES Irving Superior P8305

Said a starchy and proper young nurse,
"My life has been plagued by a curse.
I was told by my pappa,
That sex was improper;
Now I find that abstaining is worse."

40956 MEDICAL - NURSES - ADVICE Isaac Asimov

Some nurses, though are evil witches.
Appendix removed, added stitches.
While washing this bloke,
They told many a joke.
Was in pain again. Horrible bitches!

40957 MEDICAL - NURSES - ADVICE Dirruk

Nancy Taylor, a registered nurse,
Tends patients who get well or get worse.
She well knows if she slips
It's goodbye Mr. Chips,
And a trip in a Cadillac hearse.

40958 MEDICAL - NURSES - ADVICE Tom Patton

If you thrive on conditions adverse,
Fatigue, blood, and pain and much worse,
High O.T., low pay,
Long nights and long days
With arrogant docs -- be a nurse!

40959 MEDICAL - NURSES - ADVICE Dr Limerick 05-07-01

When giving your patients an assist,
Save your back. Avoid doing the twist.
Beg, plead, or yelp,
But round up some help.
Keep your name off the casualty list.

40960 MEDICAL - NURSES - ADVICE   Jim Weaver Collection

Before giving meds and IV's,
Be sure to check patient IDs.
For the patient ahead
May be in the wrong bed,
While the right one could be absentee.

40961 MEDICAL - NURSES - ADVICE   Betty Ann Cassano

Give unusual orders a check.
Confirm them; make sure they're correct.
It's OK to give rein
And make use of your brain.
Remember, it's your license and neck.

40962 MEDICAL - NURSES - ADVICE   Jim Weaver Collection

There was a young nurse named McCord,
Who worked in a hospital ward.
She got forty a week
And no more did she seek,
For she said that she got her (w)hole board. (bored?)

40963 MEDICAL - NURSES - ADVICE   Albin Chaplin

When a doctor writes orders and notes
And you can't figure out what he wrote,
Just be very firm.
Confront the big worm,
And shove each worthless page down his throat!

40964 MEDICAL - NURSES - ADVICE   Betty Ann Cassano

There once was a Nurse named Cratchett,
Who's fist worked just like a rachet.
She could wrench your guts,
While tightening your nuts,
And if you had an itch, she would scratch it!

40965 MEDICAL - NURSES - ADVICE   Kaylin Brandon

Water or ice on the floor
Are things you should never ignore.
The words you recite
May not be polite
When you land on your posterior.

40966 MEDICAL - NURSES - ADVICE   Jim Weaver Collection

When I'm Mrs. Nurse, starched and pressed --
Patients and colleagues are impressed
By my nursing skill;
If you're ever ill,
Just call upon me -- I'm the best!

40967 MEDICAL - NURSES - ADVICE   Kaylin Brandon

If I'm ever ill, you're elected,
With neither persona rejected,
To give me great care
From head to down there.
'Til then, dear, does this look infected?

40968 MEDICAL - NURSES - ADVICE   Frank

Come here -- let me see that, dear Frank --
It's all read and swollen, your shank.
Just what I suspected,
It isn't infected --
You just gave it too hard a yank!

40969 MEDICAL - NURSES - ADVICE   Kaylin

The sweetest of nurses is Kate;
Her neatness, in verses, narrate;
But give her a chance
To get in your pants,
Completely diverse her fellate.

40970 MEDICAL - NURSES - ADVICE Randog

Does she hang upside-down from the ceiling?
Does her tongue on your gland send you reeling?
Diversity's groovy
(Just like a porn movie).
For me, it brings sexual healing!

40971 MEDICAL - NURSES - ADVICE RANDOG

Our Kate is a practising nurse
And most of her comments are terse;
But I'll not upset her
Or feel up her sweater --
I don't want a rid in a hearse.

40972 MEDICAL - NURSES - ADVICE Archie

If you asked if she liked back door boffin'
Or if a threesome's in the offin',
Would her smile be demure
As she answered you "Sure!"
Or would you end up in a coffin?

40973 MEDICAL - NURSES - ADVICE Randog

An amorous writer of verses,
Was specially enamoured of nurses;
But he found each advance
In pursuit of romance
Met only with starchy reverses.

40974 MEDICAL - NURSES - ADVICE Harold C. Bibby

Getting orders reversed was the foil
Of a nurse on the ward, dumb Miss Coyle.
Things came to a head
Claimed her boss Dr. Shedd
When he told her to prick a man's boil.

40975 MEDICAL - NURSES - ADVICE   Bob Giandomenico   P9003

This nurse, like a blonde Olive Oyl,
On the hospital night shift did toil;
With a kettle ('twas steaming)
Woke a patient up screaming;
The doc yelled: "No! No! Prick the boil!"

40976 MEDICAL - NURSES - ADVICE

To the doctor went old Mr. Frick,
And the nurse said, "Lie down, you look sick.
"Tell me, what can I do
Till the doc can see you?"
So he asked her to suck on his prick.

40977 MEDICAL - NURSES - ADVICE   Albin Chaplin   3024-0812

When a "sundowner's" tucked in for the night,
Be sure that his posey's tied tight.
Or he'll wander around
Till he finally falls down,
And an incident report you must write.

40978 MEDICAL - NURSES - ADVICE   Jim Weaver Collection

A booze-impaired patient named Ted
Refused to be tied to the bed.
The nurse said in part,
"The belt, you old fart,
Prevents falling and hitting your head!"

40979 MEDICAL - NURSES - ADVICE   Betty Ann Cassano

If you waken a patient at night,
Be gentle, don't give him a fright.
Stand back from the bed.
If he's out of his head,
He might try to punch out your light.

40980 MEDICAL - NURSES - ADVICE   Jim Weaver Collection

When you move beds with your chums,
Be kind to your knuckles and thumbs.
Tuck them safely inside
'Cause the doors aren't too wide.
And smashed hands are quite cumbersome.

40981 MEDICAL - NURSES - ADVICE   Jim Weaver Collection

As a nurse, Florence Nightingale led
All others, with skill so inbred,
And great care she would take,
With each patient she'd make
Without even disturbing the bed.

40982 MEDICAL - NURSES - SCREWED   Bob Giandomenico   P9407

Confession; I've never been had
By any young nurse name of Glad.
And though I be burstin'
To stuff my old wurst in,
She says I'm as old as her dad.

40983 MEDICAL - NURSES - SCREWED   Peter Wilkins

And Pearl in the hospital shop,
Whose uniform's bursting up top,
Has looks that are winning
But merely starts grinning,
When calling me "grandad" or "pop".

40984 MEDICAL - NURSES - SCREWED   Peter Wilkins

I guess I should settle for Shirl,
A matronly kind of a girl,
With uniform starched
And of loving quite parched,
And some twenty years older than Pearl.

40985 MEDICAL - NURSES - SCREWED   Peter Wilkins

Now Pete, sonny, don't give up hope.
You're not yet as old as the pope.
And that papal bull
Still reckons to pull
A girl while he's mainlining dope.

40986 MEDICAL - NURSES - SCREWED   Tiddy Ogg

There's no need to settle for less,
Your dream can still be a success.
Get rid of old Shirl,
Forget about Pearl,
And come get me out of this dress.

40987 MEDICAL - NURSES - SCREWED   Naughty Nurse

For sure I shall whip off your dress
And then I shall start to caress...
Oh, fuck the caressing,
There's something more pressing,
And likely to cause quite a mess.

40988 MEDICAL - NURSES - SCREWED   Peter Wilkins

So quickly, bend over this chair
And wave your sweet ass in the air;
Now brace yourself, Nursie,
For here cometh Percy,
About to explode, I declare.

40989 MEDICAL - NURSES - SCREWED   Peter Wilkins

The trouble with my eager Percy's
If it can't find no suitable nursys,
To allow nice tight fits
In their glorious slits,
It rehearses, rehearses, rehearses.

40990 MEDICAL - NURSES - SCREWED   Chris Lilley

And if you thing that it's a shame,
To admit such a premature game,
It's those nurses I thank
For inspiring a wank,
Though, as an excuse, this is lame.

40991 MEDICAL - NURSES - SCREWED   Chris Lilley

If cared for by Gladys, the nursie,
Control your most private Percy;
For if it should stiffen,
She'll give you a biff 'n'
A bash on the head without mercy.

40992 MEDICAL - NURSES - SCREWED   Peter Wilkins

But hark! Sounds like Glad at the door.
"Oh Gladys, come in!" I implore.
"This percy I'm flashin'
Need biffin' with passion,
Then tenderly nursed when it's sore."

40993 MEDICAL - NURSES - SCREWED   Peter Wilkins

Peter, please stifle you rage;
I'm sure Gladys works for a wage.
Are you going to pay her?
Or go with a prayer?
That Gladys can't guess your true age?

40994 MEDICAL - NURSES - SCREWED   Dudesdead

Sweet Gladys is half of my age;
No cash do I payer, or wage.
She does it for free
As she sits on my knee,
And our mutual lust we assuage.

40995 MEDICAL - NURSES - SCREWED   Peter Wilkins

The fun that we have ain't illicit;
She pays me, twice daily, a visit.
On the shag-pile we writhe,
For she's toned and she's lithe,
And her bodily parts are exquisite.

40996 MEDICAL - NURSES - SCREWED   Peter Wilkins

The fear, said a nurse named Miss Glock,
Of drowning would send her in shock.
It was known to all folk
She could not swim a stroke,
But was often found down on the doc.

40997 MEDICAL - NURSES - SCREWED   Albin Chaplin 3024 P8305

So I'm boffing this nurse down in Fla.;
Right there in the hospital corridor.
But I finish too soon,
And she calls me a goon.
Her behavior could not have been horrider.

40998 MEDICAL - NURSES - SCREWED   Hugh Clary

A naive student nurse of McGill
Made excessive demands on the pill.
When six interns she'd bed
Every night, 'cause they said
It was part of the hospital drill.

40999 MEDICAL - NURSES - SCREWED   Keith MacMillan   49a

Young Clair always nurses with care
And won't take me up on a dare.
She won't wrap that cuff
'Round what longs for her muff,
And test the blood pressure that's there.

41000 MEDICAL - NURSES - SCREWED Archie

I love to see Claire when she's bare
And love the way she likes to share
Her arms and her charms,
Which raise no alarms
In pursuing our private affair.

41001 MEDICAL - NURSES - SCREWED Archie

"Get on with it, nurse, do you hear?
What the hell are you doing, my dear?
Oh my god, you're fellating
Him; now you're gyrating
Around and on top of his spear."

41002 MEDICAL - NURSES - SCREWED

To the doctor, complained old MacMaddit,
"When my prick gets too hard, I have had it.
This erection's a curse."
Said the doc's helpful nurse,
"Would you mind if I took a crack at it?"

41003 MEDICAL - NURSES - SCREWED Albin Chaplin 3024-2177

A promiscuous night-nurse has found
Some advice that is solid and sound:
That an apple a day
Keeps the doctor away,
While her tits keep him coming around.

41004 MEDICAL - NURSES - SCREWED

Oh nurse, is it terribly wrong
That I have this great yearning and long-
ing to grab your attention
And blushingly mention
The way you're affecting my dong?

41005 MEDICAL - NURSES - SEXY Peter Wilkins

A luscious young R.N. from Florida,
Found that doctors just couldn't be horrider.
They pounced on her date,
With a young graduate,
And stretched her interne in the corridor.

41006 MEDICAL - NURSES - SEXY John Ciardi

A nurse with green eyes, gentle Dot
Washed my balls where I lay on my cot.
My condition was such
That I couldn't rise much.
But grateful? You betcha! Alot!

41007 MEDICAL - NURSES - SEXY John Miller

The naughty young nymphatic nurse
Could cause a lymphatic to burst;
Or any such node
Would likely explode,
If she gives her best to your wurst!

41008 MEDICAL - NURSES - SEXY Jon Gearhart

I'll sit on your knee all undressed;
In your face put my bare naked breast.
And steady your nerves,
In my luscious curves,
My job's to see that you're not stressed.

41009 MEDICAL - NURSES - SEXY

Wahey! Naughty Nurse! Surgeon Pete
Here. Your mammaries sure look a treat
In your uniform white
And exceedingly tight;
Not surprising you can't see your feet.

41010 MEDICAL - NURSES - SEXY

That uniform sure is audacious;
It clings to your figure bodacious.
Bend over, my dear,
Let me leer at your rear
For I do like my nurses curvaceous.

41011 MEDICAL - NURSES - SEXY

Wahey! Yes; it's just as I thought;
What you're wearing is not only taut
'Cross your hard-jutting nips
And the curve of your hips,
Why, it's also remarkably short.

41012 MEDICAL - NURSES - SEXY

So short (touch your toes) I can see
That you're wearing no panties. Yippee!
Yes, you can help this Doc
If you take off your frock,
And come sit your cute rump on my knee.

41013 MEDICAL - NURSES - SEXY   Jon Gearhart

There's a hospital nursemaid whose charm
Gives heart patients cause for alarm.
Her bosomy bounce
And wriggly flounce,
Might cause their weak tickers great harm.

41014 MEDICAL - NURSES - SEXY   Bruce Thompson

A nurse at the clinic, named Polly,
Was thought by the doctors as jolly.
To hear the girl shreik,
They spent Christmas week
Chasing their jolly Polly with holly.

41015 MEDICAL - NURSES - SEXY Arthur Pattaffy

While making the bed, Nurse McGraff,
Behind her did hear a low laugh.
She was had on the couch
By a man with a slouch.
She was sure 'twas the chief of the staff.

41016 MEDICAL - NURSES - SEXY Albin Chaplin

In case of libidinous urgency,
And consequent constant resurgency,
There's nothing so grand
For one's gland as a hand
From those nurses who work in Emergency.

41017 MEDICAL - NURSES - SEXY Peter Wilkins

Said the doctor's dear wife, Mrs. Dix,
"I will work as your nurse, just for kicks.
Send the men to the back
Where I'll show them my crack,
And perhaps I can fondle their pricks."

41018 MEDICAL - NURSES - SEXY Albin Chaplin 3024-2205

The Mountain View Clinic in Graybull,
With little old gray men is full.
The new nurse is hot.
They ask her a lot,
"Hey, Nursie, please give mine a pull!"

41019 MEDICAL - NURSES - SEXY

You may think this a trifle perverse
(Am I stupid or crazy or worse)
But there's more than just sex
To this life... Where's my specs;
I've just seen the most gorgeous young nurse.

41020 MEDICAL - NURSES - SEXY

Delightfully laughing and tripping,
That nursie is waving and skipping.
"Hello, little nursie;
Come play with my percy."
"What that thing? It's hardly worth gripping."

41021 MEDICAL - NURSES - SEXY

While dancing and licking the pole,
The nurse shoved her hand in her hole.
Doc said, "You'll be curin'
By licking the urine,
But now, your hands are quite full!"

41022 MEDICAL - NURSES - SEXY   Jim Weaver Collection

And now that we've met, tell me please --
Do all those nurse jokes make you freeze?
Like, "How can you tell
Who's the Head Nurse? Well
She's the one with the dirty knees."

41023 MEDICAL - NURSES - SEXY   Kaylin

A whore who's a nurse in the day,
At night must peddle a lay.
Since sexual repression
Can lead to depression,
Her sign reads "Insurance Will Pay."

41024 MEDICAL - NURSES - SEXY   Bob Birch   P0301

My joints with arthritis, inflamed;
Rheumatoid is the culprits name.
Nurse Bliss, hard of hearing,
Thought 'I' was inflaming
And wanted an attempt to tame...

41025 MEDICAL - NURSES - SEXY   Jim Weaver Collection

My over-excited baloney,
She wanted to ride like a pony.
She said "Your sausage,
I will hold hostage,
If you think you can make me moaney."

41026 MEDICAL - NURSES - SEXY   Jim Weaver Collection

Nurse Kate at sixteen a sweet virgin,
Met up with a randy young surgeon.
He blushed with surprise
When she opened her thighs
And cried, "Take me!", without further urgin'.

41027 MEDICAL - NURSES - SEXY   H Welchel

A buxom young thing, our Nurse Nancy,
Whose long slender legs I did fancy.
Just imagine my surprise,
When by the gleam in her eyes,
I discovered in her bed an occupancy.

41028 MEDICAL - NURSES - SEXY   Renaissance_Guy

A man who was old and divested
Of health, he had long since attested,
Was restored to his youth,
Not by gin or Vermouth,
But by fondling his nurse, so large-breasted!

41029 MEDICAL - NURSES - SEXY

M.D.: "Why doesn't this patient get rest?"
R.N.: "Each time I bend over his chest,
His thing I won't mention
Springs up to attention --
Well, you must imagine the rest."

41030 MEDICAL - NURSES - SEXY   Laurence Perrine   P8802

The Doc's helper, a real work of art,
On a stool sat right by, stirred my heart.
He two knees, so warm,
Rested on my bare arm.
And (Hot damn) they were somewhat apart!

41031 MEDICAL - NURSES - SEXY   Allen Wolverton

Those warm knees set me to brewing;
About legs, thighs and sweet scruffy screwing;
While the doctor man toiled,
All my hormones just boiled;
Never noticed what old man was doing.

41032 MEDICAL - NURSES - SEXY   Allen Wolverton

Today all the Debbies and Pams
Are attending their nursing exams;
I've been watching them bounce
Up the road with a flounce,
To the hospital near where I am.

41033 MEDICAL - NURSES - SEXY   Peter Wilkins

Perverted? Not me! It ain't true;
But I have me this underground view,
From a storm-weather drain --
I've been down there again,
Looking upwards. (They haven't a clue.)

41034 MEDICAL - NURSES - SEXY   Peter Wilkins

Though panties young Pamela lacks,
Her pussy resembles a yak's;
While Debbie wears tight
Ones, translucent and white,
Which ride up between both of her cracks.

41035 MEDICAL - NURSES - SEXY Peter Wilkins

The Colchester Road that I know
Is full of young nurses aglow;
Not one is a dog
And they leave me agog,
With a feeling of tightness below.

41036 MEDICAL - NURSES - SEXY

It's exercise, see, for the fingers
For girls who need petting that lingers;
And though I'm not hung
Like a donkey, my tongue
Is perfection for sweet cunnilingus.

41037 MEDICAL - NURSES - SEXY

When Debbie takes care of my hose
In the regular Ying and Yang pose,
It leaves both of my hands
For her mammary glands,
While my tongue goes to work on her rose.

41038 MEDICAL - NURSES - SEXY

Because today is Virgin Day,
I'll stay down here, out of the way.
Until you call for,
Something more hard-core,
To tend to your trouser affray.

41039 MEDICAL - NURSES - SEXY

The surgical nurse, Miss McCall,
Is competent, lovely and tall.
She is negative toward
A chase in the ward,
But welcomes pursuit in the hall.

41040 MEDICAL - NURSES - SEXY VOL 6

Thanks, Nurse, I'm feeling much better
(Lovely things there in your sweater).
My poor fleshy tube
Just needs a good lube;
Please help me to make it wetter.

41041 MEDICAL - NURSES - SEXY Jim Weaver Collection

Subliminal phantasmagoria
Of nurses like Gladys and Gloria,
Can leave one defenceless
To utterly senseless,
Conditions of lustful euphoria.

41042 MEDICAL - NURSES - SEXY Peter Wilkins

You glide like a dream 'round the room,
While my heart it goes boom-titty-boom.
And the glorious sight
Of your uniform tight,
Causes willy to harden and bloom.

41043 MEDICAL - NURSES - SEXY Peter Wilkins

I'm silently watching the sweet
Little nurses pass by on the street;
But alas and alack,
Seems I haven't the knack,
For not one's fallen down at my feet.

41044 MEDICAL - NURSES - SEXY

The ladies in virginal white,
Who roam in the wards late at night,
Although they're a dream,
And are not what they seem,
They're not virgins and not very tight.

41045 MEDICAL - NURSES - SEXY Archie

I salivate, slobber and drool
At Emily, barely left school;
A nursing assistant
Who give me persistant
Unruly tumesence of tool.

41046 MEDICAL - NURSES - SEXY Peter Wilkins

Now, I just came to work in a place
With Nurses right there in my face.
I'll test them all, too;
There's more than a few,
If Matron will get off my case!

41047 MEDICAL - NURSES - SEXY Archie

That limerick will lead you off-base;
What was said, was not quite the case.
He's having such fun;
He'd get some work done,
If Matron would get off on his face.

41048 MEDICAL - NURSES - SEXY Marlene Lewis

Pull up the sheets, she's drawing near
With a quart-sized injection. Your fear
Is her inspiration.
Here comes penetration!
I think she's abscessed with your rear.

41049 MEDICAL - NURSES - SEXY Cyber Wizard

There was this mortician, DeWitt,
A low and unprincipled shit.
He speadeagled a nurse
On the floor of the hearse,
And didn't regret it one bit.

41050 MEDICAL - NURSES - SEXY Armand E Singer 59

Will you fondle me under the sheet,
While I play with your boobs and your neat
Little buttocks? I pray
We can do it today;
Will you give me this one little treat?

41051 MEDICAL - NURSES - SEXY Peter Wilkins

So dextrous a doctor was he,
His technique was something to see.
'Till nurse Dowd, a virgin,
Cried out, "Oh, my surgeon!
You poked the wrong organ in me!"

41052 MEDICAL - NURSES - SEXY

There once was an eager young nurse,
Who felt that she had to rehearse,
Every sexual joy,
Every hot little ploy,
To succeed in becoming perverse.

41053 MEDICAL - NURSES - SEXY Isaac Asimov

I'm sure that we're both here by fate.
I'm going to ask her for a date,
(Could do a lot worse
Than this cheery nurse)
Right after she's checked my prostate.

41054 MEDICAL - NURSES - SEXY

We nurses are portrayed as flirts,
Wearing sussies and little white skirts.
But it's scrubs that I wear;
No spike heels, so there!
(Well, maybe for certain perverts.)

41055 MEDICAL - NURSES - SEXY   Cheryl

Young Katie and Sue are two nurses
Who earn from their patients wild curses,
By shaving their pubes
And poking in tubes,
While singing some very rude verses.

41056 MEDICAL - NURSES - SEXY   Archie

"My poor back," said the man, "I did twist it,
And my sex life, for years I have missed it."
The doc's nurse, young in years,
Heard his story in tears,
So she stood on her head and he kissed it.

41057 MEDICAL - NURSES - SEXY   Albin Chaplin   3024-1912

On Saturday mornings, I loves
To visit Nurse Deborah Doves;
It's worth every pound
For the sight and the sound
Of her snapping on surgical gloves.

41058 MEDICAL - NURSES - SEXY   Peter Wilkins

All right, Mister Big, get 'em off!
No shyness! Come on! Let's just doff
The shirt, pants and shoes...
Silk underwear too!
Now head to the side and let's cough.

41059 MEDICAL - NURSES - SEXY   Nurse Doves

I've snapped to attention, Miss Doves,
On hearing those surgical gloves;
Now percy is yours.
(Though inside of your drawers,
He'd be done in a couple of shoves.)

41060 MEDICAL - NURSES - SEXY   Peter Wilkins

Oh Peter, old fellow, old chap,
On Fridays Nurse Doves mops my lap
And ass, which she loves,
Then says, "These great gloves
On Saturdays, still have their 'snap'."

41061 MEDICAL - NURSES - SEXY   Travis Brasell

So what if they do? I make sure
She uses a pair from the store,
Hermetically sealed
On which nowt is congealed,
'Fore she snaps 'em and gives me what for.

41062 MEDICAL - NURSES - SEXY   Peter Wilkins

Twin nurses, young Kirsty and Kate,
Had fun every Friday at eight;
For that's when they toured
The men's sugical ward,
In a rather inebriate state.

41063 MEDICAL - NURSES - SEXY   Peter Wilkins

In uniforms virginal white,
And teasingly tiny and tight,
They'd wiggle and jiggle
Their bosoms and giggle,
While causing the geezers delight.

41064 MEDICAL - NURSES - SEXY   Peter Wilkins

Though one of the gentlemen, Jim,
Had never had inklings for quim,
The others would snuffle,
Kerfluffle or puffle
And shuffle with vigor and vim.

41065 MEDICAL - NURSES - SEXY   Peter Wilkins

Except for curmudgeonly Fred,
Who sat there impassive in bed,
Avoiding the sight
Of their uniforms tight,
On account the poor bugger was dead.

41066 MEDICAL - NURSES - SEXY   Peter Wilkins

Sometimes, I'm a sweet Southern belle,
Wearing high heels and pearls, can you tell?
Soft-spoken, demure --
Not one thought impure --
It's a role at which I excel.

The raw stuff of which
A young surgeon can carve his career!"

An effete little fellow named Hunt
Said, "I hate being such a weird runt."
At his best buddy's urgin'
He went to a surgeon,
And asked, "Can't you guess what I wunt?"

An amazing profession's Eliza's:
She helps people who want to change sizes.
She's had as her clients
Both pigmies and giants;
They're so grateful, they give her top prizes.

All it takes is a simple incision.
If the surgery's smooth
When you have a rib removed,
Your own sexual juxtaposition.

41108 MEDICAL - SURGERY Al Willis P9507

My pecker is too large, by far;
It causes my girlfriend to scar.
My surgeon said, "Frank,
We can shorten your shank;
The procedure is safe, yet bizarre!"

41109 MEDICAL - SURGERY Mark Levy P9704

The Doc said, "This whatchamacallit
Is easy to cut; just eyeball it."
"This incision is large.
How much should I charge?"
"Just tell me the size of his wallet."

41110 MEDICAL - SURGERY Al Willis P9704

As a HARBINGER, one could foresee
That some pain, there surely would be.
The post operative site
Would sting, hurt or bite!
And so would the dear surgeon's fee!

41111 MEDICAL - SURGERY Maggie

My surgeon had once been a Sir-gent.
He liked sturgeon served up with detergent.
A regular cut-up
Who never would shut up,
His motto was "Surgury urgent!"

In a kidney without any future,
Was composing a verse
To a registered nurse,
To buttress his effort to smooch her.

Whose glasses were sparkly and shiny.
But they stayed in the drawer
While he worked on a whore,

Who ordered his Doc to castrate.
"I regret my decision;
I meant circumcision!"
Alas, 'twas too little, too late!

41117 MEDICAL - SURGERY Steve Zink

I must have been plagued with a curse,
My headaches could not have been worse.
Had many test ran,
Including CAT scan,
On Sunday, got word from the nurse.

41118 MEDICAL - SURGERY - INEPT Jumping Jack

"We've got some bad news to report.
Brain surgury's your only resort.
Should be done right away,
But expect short delay;
On Mondays, Doc's always in court!"

Was a little bit less than all right.
When his patient awoke,
It wasn't a joke
For his ass was sewed up a mite tight.

Plastic surgeon Smith freely admits,
His treatment of Bill was the pits.
Bill wanted fast purgin',
But the dimwitted surgeon
Instead gave him silicone tits.

When the bridge-builder blunders, he shakes;
There is no way to hide what he makes.
From the wreckage is seen --
But the surgeon is clean --
If he blunders, he buries mistakes.

41123 MEDICAL - SURGERY - INEPT   Albin Chaplin   3024-2790

Who practiced calligraphy too.
In each new incision
He'd cut with precision,
His own little cute curlicue.

41124 MEDICAL - SURGERY - INEPT   Edwin J Weinstein

I committed a small peccadillo
During surgery, Mr. Murillo...
But both balls we've saved!
They're still nicely shaved;
You'll find them right there, 'neath your pillow.

41125 MEDICAL - SURGERY - INEPT Tutta Gioia

"My genitals! GONE!" Consternation.
Poor Tommy cried tears of frustration.
The surgeon tight-lipped
Said, "Damn chisel, it slipped.
I'm afraid I lost all concentration."

41126 MEDICAL - SURGERY - INEPT Peter Wilkins

"A CHISEL!?" "Well that; and a saw.
And a bread-knife (I'm not really sure)."
"You used WHAT!! And a chisel?"
"Look Tommy, don't grizzle;
Now is your appendix still sore?"

41127 MEDICAL - SURGERY - INEPT Peter Wilkins

With fierce headaches,
Do you think anyone ought to tell him?"

41129 MEDICAL - SURGERY - INEPT Al Willis

There was a nice man from New Yawk,
Whose tongue was the shape of a fawk.
A doctor named Young
Remodeled his tongue
To put the 'R's back, when he'd tawk.

41130 MEDICAL - SURGERY - INEPT   Edwin J Weinstein

This man still couldn't say "ah"
'Cause his tongue was now in a jah.
He was decidedly worse
'Cause he made the wrong cherce,
When his surgury turned out bizzah.

41131 MEDICAL - SURGERY - INEPT   Edwin J Weinstein

He went back to Doctor Van Kamp,
Because he complained of a cramp.
Doc said, "It's mandate;
We must operate."
And he found his old surgical clamp!

41132 MEDICAL - SURGERY - INEPT   Al Willis   T9712

You may scoff but it's something I fear.
If not now, the time soon will be here.
I for one won't rejoice,
Being given no choice,
When they graft a cell phone to my ear.

41133 MEDICAL - SURGERY - INEPT   Loren Fitzhugh   P0107

After "resting" (alas and alack),
The incompetent surgeon is back,
Wielding chisel and saw
In the theater once more,
And he's waiting for bodies to hack.

41134 MEDICAL - SURGERY - INEPT

And first is young Thomas whose dick
Is priapic. The surgeon is quick
With his pen-knife to chop it
But nursey says, "Stop it;
My pussy will sure do the trick."

41135 MEDICAL - SURGERY - INEPT

He's well back on form now. The surgeon,
With needle and thread, needs no urgin'
To take up the slack
In Veronica's crack.
(She's a nun and must prove she's a virgin.)

41136 MEDICAL - SURGERY - INEPT

He opens her thighs very wide
And succumbs to temptations to ride
Her, then sews up her lips
And with staples he clips
'Em but leaves his hard dongle inside.

41137 MEDICAL - SURGERY - INEPT

"Oh bugger!" he says with a shout
As he tries (but in vain) to pull out.
Now it seems that he's stuck
In a permanent fuck;
He'll be sued for a fortune, no doubt.

41138 MEDICAL - SURGERY - INEPT

But Sister Veronica didn't
Sue the surgeon; her eyes had a glint.
"I'm so grateful", she said,
As he took out the thread
And unstapled that horny young bint.

41139 MEDICAL - SURGERY - INEPT

An ambisinister surgeon,
Whose work brought a deluge of dirgin',
When finally sued,
No license renewed;
Retired at colleagues' great urgin'.

Whom I would describe as a rotta.
With scalpel, the dummy,
He aimed at the tummy,
And sliced the medulla oblongata.

41141 MEDICAL - SURGERY - INEPT Al Willis

Released from yon prison, alack,
The Incompetent Surgeon is back.
Watch your guts if you're ill,
And your tits if you're Jill,
Or your bollocks and dick if you're Jack.

41143 MEDICAL - SURGERY - INEPT

Too late for young Debbie, I fear;
She's had haemorrhoids most of the year.
In attempting to freeze
Them, he gave them a squeeze
And like ferrets, they shot up her rear.

41144 MEDICAL - SURGERY - INEPT

"Oh do stop that screaming", he said,
As her buttocks he parted and spread.
"Let me claw them back down",
He exclaimed with a frown,
"And I'll tie them in bunches, instead."

41145 MEDICAL - SURGERY - INEPT

Too late for unfortunate Hugh;
Appendectomy well overdue;
For the surgeon's unsure
Where he ought to explore,
Or indeed if he's looking for two.

41146 MEDICAL - SURGERY - INEPT

Poor Hugh's in the theatre now
And the surgeon is mopping his brow.
For his scalpel is blunt
And there's blood on the front
Of his gown from Hugh's tonsils I vow.

41147 MEDICAL - SURGERY - INEPT

The doctor that elderly Jack saw
Said. "Jack, no surprise that your back's sore;
It seems that your op see,
A major biopsy,
Was done by a surgeon with hacksaw."

41148 MEDICAL - SURGERY - INEPT

"A what!? A biopsy!?" said Jack;
"All I said was I'm losing the knack
Now I'm ninety, of screwing
My wife without doing
A mischief, at times, to my back."

41149 MEDICAL - SURGERY - INEPT

A surgeon from Glascow called Mac,

Was castrated. The doctor was new
And said, "Sorry m'lad
That you seem to be mad;
Does it make a vas deferens to you?"

41152 MEDICAL - SURGERY - INEPT   Peter Wilkins

That litigious young man with a hernia
Told his surgeon, "You've made a botch, dernia!
Since you've fouled up in style,
I'm proceeding to file
A malpractice suit simply to learn ya."

41153 MEDICAL - SURGERY - INEPT   A. N. Wilkins   P8507

"Have you sensed any strange titillation,"
Asked the doctor, "a tingling sensation?
Our staff surgeon is quizzing --
His new pager is missing
Since your recent gall stone operation."

41154 MEDICAL - SURGERY - INEPT   William N. Nesbit   P9610

It isn't a wise exclamation
To say in all things moderation.
For if this is true,
You've still something to do,
On the topic of Leg Amputation.

41155 MEDICAL - SURGERY - INEPT

The doc fixed the cunt of whore Horner,
But clients proceeded to scorn her,
For his skilled repairs
Were now hid behind hairs,
And the entrance was just 'round the corner.

Used to operate quite off the cuff...
Having just learned the male,

An unlucky old patient named Koch
Needed major repairs on his crotch;

When the surgeon's knife slipped;
A penisectomy is painful to watch.

41161 MEDICAL - SURGERY - INEPT Armand E Singer 322

The vicar's wife, down at the rectory,
Had a do-it-yourself tonsillectomy,
A swallow she made
Of an old razor blade,
And the bonus, a neat hysterectomy.

41162 MEDICAL - SURGERY - INEPT

But those weren't the only incisions,
That night, with her man in position,
That blade did emerge,
In an orgasmic surge,
And gave him a quick circumcision.

41163 MEDICAL - SURGERY - INEPT

The incompetent surgeon is back;
In the sluice-room he's having a whack.
(When finished, I hope
He remembers the soap
And removes his disgusting old Mac.)

41164 MEDICAL - SURGERY - INEPT Peter Wilkins

His next operation is due
In less than a minute or two.
Already prepared
Is young Debbie, de-haired,
With incision marks pencilled in blue.

41165 MEDICAL - SURGERY - INEPT Peter Wilkins

The nurse is still searching the floor
For scalpels, blunt needles and more.
They slipped t'other day
From the instrument tray,
After surgury finished at four.

41166 MEDICAL - SURGERY - INEPT Peter Wilkins

The anaesthetist looks at his watch
And sighs as he fondles his crotch.
Then scratching his ass,
Takes a sniff of the gas,
And a swig from a bottle of scotch.

41167 MEDICAL - SURGERY - INEPT Peter Wilkins

All's ready; we wait to begin.
The surgeon comes staggering in.
He looks for a vein;
Then he picks up his chain-
Saw and switches it on with a grin.

41168 MEDICAL - SURGERY - INEPT Peter Wilkins

He shouts at the nurse to stand back;
With a yell, he begins his attack.
At terrible fate
For poor Debbie, but wait...
He hacked off his own tackle slack.

Used a scalpel instead of a probe.

Then surgically opened a cranium.
His bowels got churny,
Spewed crap on the gurney,
The patient has shit for a brain-ium.

"What the hell have you done to your bits?"
"I've had silicone implants, dear Fritz;
Well, you wanted me bigger",
She said with a snigger.
"Not there; what I meant were your tits."

41175 MEDICAL - SURGERY - INEPT

"I'll make the incision right here",
Said the surgeon, "Now concentrate, dear.
See? It's simple as ... Shit!
Now I've sliced off her tit;
And I have no insurance, I fear!"

41176 MEDICAL - SURGERY - INEPT Peter Wilkins

A wrinkled old gal from Ft. Lee,

Tried a home-made face-lift
But the lift took a shift
And her pubis is now a goatee.

41177 MEDICAL - SURGERY - INEPT Bob Giandomenico P9107

The thought's bringing tears to my eyes
And I'd grimace with pain. I surmise
If the doc made suggestions,
I'd answer his questions
With mezzo-soprano replies.

41178 MEDICAL - SURGERY - INEPT Peter Wilkins

Most surgeons agree it is so,
Their masks are not really for show.
If there is a mistake,
They'll all get a break;
Who cut the wrong thing? We won't know!

I seem to be missing some gear;
My hammer and chisel are here,
But where are my trusty
Old pliers and rusty
Old carving-knife? Vanished I fear.

41181 MEDICAL - SURGERY - INEPT

I'll find 'em, but meanwhile just wait.
Get ready; I'll make a new date;
But say, what would please ya
More - no anaesthesia?
Or battered unconscious, old mate?

41182 MEDICAL - SURGERY - INEPT Jon Gearhart

The naughty young nurse is now here,
To assist in your surgery dear.
I'll give Doc a hand,
Repairing to your gland,
But first can I please have a beer?

41183 MEDICAL - SURGERY - INEPT

"Now this," said the surgeon, "Is gut;
And there's hundreds of yards of it; but
It's so slippery...Shit!
Where the hell does it fit?
I'll just shove the damn stuff up his butt!"

41184 MEDICAL - SURGERY - INEPT Peter Wilkins

I went to the doctor, said "Please,
Such pain, won't you help me find ease?"
But the old CHARLATAN
Said "We'll have to trepan --
There's no other way to appease."

Took aim and then made his incision.
He passed out when he saw
All the blood and the gore;
Now he's treated with utmost derision.

"So he wants a vasectomy? Fool!",
Said the surgeon, "Just lift up his tool
And I'll show you some tricks
With a couple of bricks
That I learned in veterinary school!"

An old man who had his face lifted,
Was vain and told them he was gifted.
But everyone who saw
The pubic hair on his jaw,
Knew how much the skin had been shifted.

41190 MEDICAL - SURGERY - PLASTIC

This poor fellow just couldn't win;
The stench of his breath was a sin.
And as the face rose,
That long runny nose
Gave way to an odd double chin.

41191 MEDICAL - SURGERY - PLASTIC

An old woman, well-known for her pluck,
Had a face-lift, prosthesis, and tuck.
When the bill was presented
She said, "I'm demented!
The lengths which I'll go for a fuck!"

41192 MEDICAL - SURGERY - PLASTIC

Her beauty was fading away.
Doc said, "One more facelift? No way!
Apply this face cream.
But don't even dream
It's a cure - just Oil of Okay."

41193 MEDICAL - SURGERY - PLASTIC

Insistent she was though, I heared,
For a facelift, and just as he feared,
Once they pulled the skin tight
She sure looked a sight...
She's sporting a fuzzy black beard.

41194 MEDICAL - SURGERY - PLASTIC

Two inept plastic surgeons, both shits,
Were, at breast augmentation, the pits.
Their work on false knockers,
Inflamed irate mockers;
They clearly made patients take fits.

When skin gets all wrinkled and slack,
And gravity weighs down the rack,
A pull, nip, and a tuck,
Some cellulite suck;
What time takes, a surgeon gives back.

So we're both of us really in luck.
Since your sexual cavern

For a wrinkled old biddy named Marts
Doctors grafted smooth skin from rear parts;
Her face now looks great,
Still, don't celebrate:
From her mouth come no burps, but vile farts.

41205 MEDICAL - TRANSPLANTS Armand E Singer

For a wrinkled old biddy named Cass,
Doctors grafted smooth skin off her ass.
We now see a drouth
Of burps from her mouth,
But she simply can't stop passing gas.

The renowned Polish surgeon, Jan Cess,
(Though you'd never believe it, I guess)
Won his first Nobel prize,
Purest gold, largest size,
For his hemorrhoid transplant success.

41212 MEDICAL - TRANSPLANTS   Armand E Singer   6

How could you let someone nob it?
Or permit some old doctor to rob it?
I guess planned ones are better
Than a surprise go-getter,
Like what Lorena did to old Bobbitt.

41213 MEDICAL - TRANSPLANTS   Res Ipsa

Could this be merely a fable?
That the surgeons had you on their table?
Are you both penile and clittic?
Are you hermaphroditic?
To fuck yourself, are you now able?

41214 MEDICAL - TRANSPLANTS   Peter W

Which gender, a boy or a girl,
Is most likely to make your toes curl.
When you come, do you mess
Up the front of your dress?
Can you give your new nipples a twirl?

41215 MEDICAL - TRANSPLANTS Peter W

That tune you can play on your crack,
Is it 'Air on a G-string' dear Jack?
Did your minge have the mange
After gender exchange?
Is you innermost body-part slack?

41216 MEDICAL - TRANSPLANTS Peter W

Do you really want 42D's?
Do they blacken your eyes when you sneeze?
Do your nipples get firm
When you play with your worm?
Do your flaps flap around in the breeze?

41217 MEDICAL - TRANSPLANTS Peter W

Do your pantyhose gussets get wet
With excitement whenever you pet?
Do you squat when you piss?
Can you answer me this --
Is your sex-change a cause for regret?

41218 MEDICAL - TRANSPLANTS Peter W

If you'd kept all your tackle intact
And just added a crack, it's a fact,
You would have an excuse
To enjoy self abuse,
With the parts that the other half lacked.

41219 MEDICAL - TRANSPLANTS Peter W

Now to give yourself self-saatisfaction,
You must take immediate action.
Go stitch back your dick

And start screwing yourself to distraction.

41220 MEDICAL - TRANSPLANTS Peter Wilkins

As a man, I was having no luck;
Twice a year I'd go pay for a fuck.
Now with 42D's,
I can fuck when I please,
And no longer feel like some poor schmuck.

41221 MEDICAL - TRANSPLANTS Jack

With my old kit, I'd really get flustered.
It was wee. It could not cut the mustard.
Not your big fellow.
A coward. Quite yellow.
In it I was fucking dis-custard.

41222 MEDICAL - TRANSPLANTS Jack

To be petted I've yet to enjoy,
With either a girl or a boy.
So I whistle at sailors
And nurses and tailors.
Do you think I am being too coy.

41223 MEDICAL - TRANSPLANTS Jack

No regrets do I have of new gender,
'Cept toilets, when out on a bender.
I find when I sit

Which is making my anus quite tender.

41224 MEDICAL - TRANSPLANTS Jack

A man with a very long foreskin

Why not graft, as a ringer,
My trusty third finger,
Which, these days, is far more reliable.

Remember that lady from Ryde,
Who came with a rocket inside,
And shot into space
With a smile on her face,
And said, "Heavens! I think I have died."?

41253 MEDICAL - TRANSPLANTS PeterW

That she had, but it really did seem
That she'd felt in her minge
Something more than a twinge.
She said, "Time for another new scheme?"

41254 MEDICAL - TRANSPLANTS PeterW

Said the doctor, "I'm sorry the stunt
With the rocket didn't work. I'll be blunt;

It further eroded
You clitoris, G-spot, and cunt.

He decided to check out the fit.
So he tried her vagina
But thought that a minor
Adjustment was needed to it.

41258 MEDICAL - TRANSPLANTS PeterW

He smoothed out the lumps and the glitches,
And sewed in a few hundred stitches.
Before he did that,
He inserted some batt-

41259 MEDICAL - TRANSPLANTS PeterW

He charged up the batteries to last
For a couple of months at full blast.
Then he labelled the switches,
But wondered "Now which is
The "Stop" and the "Slow" and the "Fast".

How the batteries and switches should work.
"I love you", she said,
As she switched on the red
One which caused her whole body to jerk.

41261 MEDICAL - TRANSPLANTS   PeterW

42046 MEN - STUPID - ACTIVITY

I've mentioned that Chuck has no brain
(Well it saves him from suffering pain);
But the doctor who cares
For him really despairs
Of him visiting time and again.

42047 MEN - STUPID - CHUCK Tiddy

Said Chuck, as he lifted his shirt,
"I've these spots on my chest; they don't hurt
But I'm worried they may."
And his doctor went gray
And said "Nipples! They're nipples, you squirt."

42048 MEN - STUPID - CHUCK Tiddy

"But doctor", said Chuck, "Will you peek
At this extra spare limb; it's a freak.
Will you look down my pants?"
And his doc took one glance
And said. "Jeeze! That's your pecker, you geek."

42049 MEN - STUPID - CHUCK Tiddy

"And doctor? I'm hoping that you'll
Reassure me." (He lifted his tool.)
"I've these lumps underneath."
And the doc gnashed his teeth
And said, "Bollocks! They're bollocks, you fool."

42050 MEN - STUPID - CHUCK Tiddy

"But doctor ..." "Shut up and get out!"
"Yes, but doctor ...", said Chuck with a pout.
"No; I don't want to know.
Can't you bloody well go!?"
"Well OK; but there's no need to shout."

42051 MEN - STUPID - CHUCK Tiddy

"And doctor? I have this ..." "No more!"
"...And it hurts me..." "Oh good! Hope it's sore."
"...And whenever I boff..."
"Well I hope it drops off."
"Thank you, doctor", said Chuck. "Where's the door?"

42052 MEN - STUPID - CHUCK Tiddy

The doctor in utter despair
Was now sobbing and tearing his hair;
So they took him away
For a rest (so they say)
To a lonely asylum in Ayr.

42053 MEN - STUPID - CHUCK Tiddy

Now Chuck isn't terribly bright
(As you've gathered) but only last night
He sat up in his bed
With a thumping great head
Ache. "Eureka!" he said with delight.

42054 MEN - STUPID - CHUCK Tiddy

Well no, not "Eureka", that's Greek;
It was more like a gurgle or squeak.
"What a novel idea",
He thought, "Best one all year."
And the first one since Saturday week.

42055 MEN - STUPID - CHUCK Tiddy

"I must", he thought, "Write this one down",
As he struggled to put on his gown.
"Where's my writing utensil?"
(Of course he meant pencil.)
And paper?", he said with a frown.

42056 MEN - STUPID - CHUCK Tiddy

He stumbled around in the night
(As one does if one can't find the light).
His neural synapse
On the point of collapse,
Flickered briefly then gave up the fight.

42057 MEN - STUPID - CHUCK Tiddy

"Oh bugger!" thought Chuck as he crept
Back to bed quite exhausted and wept
With frustration; his brain
Now quite empty again,
And devoid of all thought as he slept.

42058 MEN - STUPID - CHUCK Tiddy

Now he's in a terrible fix;
It's a fruit-cake he's trying to mix.
He's got flour; he's got butter,
But Chuck is a nutter;
He's looking for cinnamon sticks.

42059 MEN - STUPID - CHUCK Tiddy

"But why?" you may naturally ask.
I dunno; but his face is a mask
Of what passes for real
Concentration. Conceal
Yourself; watch him performing his task.

42060 MEN - STUPID - CHUCK Tiddy

Well there goes a half pound of flour;
He's been sifting the stuff for an hour.
Now he's singing a tune
As he picks up a spoon
And starts beating with all of his power.

42061 MEN - STUPID - CHUCK Tiddy

I know what you're thinking, but utter
It quietly now in a mutter;
Don't frighten the lad
(Though it's terribly sad)
For of course he's forgotten the butter.

42062 MEN - STUPID - CHUCK Tiddy

But watch him; he's mixing it round,
Although most of the flour's on the ground.
Now he's pouring in water,
I know he'd not oughta,
But fruit is ten dollars a pound.

42063 MEN - STUPID - CHUCK Tiddy

And he doesn't earn any money.
Don't snigger it isn't that funny.
Oh, look at him taste
It; it's wallpaper paste;
It's not cake-mix at all. It's too runny.

42064 MEN - STUPID - CHUCK Tiddy

"Ker-shlurp!" What a lip-smacking suck.
Oh my God! Now his lips have got stuck
To the bowl of the spoon.
Yes, I know he's a loon
But I'm really quite fond of young Chuck.

42065 MEN - STUPID - CHUCK Tiddy

Though Chuck is a tiny bit dim,
He's quite healthy in body and limb,
But he's running to fat.
"I must see about that",
He said, "Think I'll go to the gym."

42066 MEN - STUPID - CHUCK Tiddy

Receptionist, dopey Louise
(With a bandage or two round her knees)
Said to Chuck, "Let me see;
It's a five dollar fee",
And "Atishoo!" she started to sneeze.

42067 MEN - STUPID - CHUCK Tiddy

"She's healthy", thought Chuck with a grin
As he walked through the door labelled IN,
And inside took a peek
At the bodies so sleek,
And the ladies remarkably thin.

42068 MEN - STUPID - CHUCK Tiddy

He went through the changing room door;
Dropped his jeans and his shirt to the floor;
Took his shoes and his socks off,
And lastly his jocks off,
And hung them on peg number 4.

42069 MEN - STUPID - CHUCK Tiddy

"Oh bugger!" he thought, "Holy shit!
In reception I've left all my kit."
And forgetting his state
Of undress he went straight
Back the way he came in. (Silly twit.)

42070 MEN - STUPID - CHUCK Tiddy

Of course he got lost. He went sneaking
Quite naked through corridors peeking
Round doors for a sight
Of reception and fright-
ened the ladies, who ran away shrieking.

42071 MEN - STUPID - CHUCK Tiddy

A cop with a bullet-proof vest
Shouted, "Pervert! You're under arrest
For the mayhem you've caused."
Then he looked at him; paused;
And said, "Chuck! You're a damn awful pest."

42072 MEN - STUPID - CHUCK Tiddy

"But surely young Chuck's unemployable."
"Yes; but he's thick and annoyable;
Quite a good laugh
For the rest of your staff,
Who would probably find him enjoyable."

42073 MEN - STUPID - CHUCK Tiddy

"I'm sure you could give him a go;
But be warned, he's a little bit slow."
"Can he write?" "If you label
The pen PEN he's able
To sign with an X and an O."

42074 MEN - STUPID - CHUCK Tiddy

"OK then, so wheel him right in."
"Hello Chuck." Chuck replied with a grin,
"Hello boss." "How'd you know?"
With his face all aglow
Chuck said, "Look it says BOSS on your chin."

42075 MEN - STUPID - CHUCK Tiddy

"That's smart. Here's a pen." "Yes I know;
It says PEN." "Can you write me an O?"
Now this seemed to perplex
Him but Chuck drew an X
And he beat him at tic tack and toe.

42076 MEN - STUPID - CHUCK Tiddy

"My god; you're a genius boy!"
Said the boss, "So I think I'll employ
You. Those bulls in that box-
Car there ... label them OX."
And young Chuck said "Why, yessir!" with joy.

42077 MEN - STUPID - CHUCK Tiddy

Now Chuck is a tiny bit quaint
But a moron he certainly ain't.
When he noticed the ceiling
And walls were all peeling,
While lying in bed he thought, "Paint."

42078 MEN - STUPID - CHUCK Tiddy

He went to the DIY store
(It had 50-odd aisles maybe more)
And he said to himself
As he passed every shelf,
"Have I been down this aisle once before."

42079 MEN - STUPID - CHUCK Tiddy

He trudged with a vacuous smile
Back and forward for many a mile,
'Til he noticed a P
And an A I N T
Overhead in the very first aisle.

42080 MEN - STUPID - CHUCK Tiddy

Stacked high from the floor to the ceiling
The paint-can he found most appealing,
A brilliant white
He removed and (you're right)
Sent the whole bloody stack of them reeling.

42081 MEN - STUPID - CHUCK Tiddy

They all came a-tumbling down
To the floor in a mixture of brown,
Yellow, purple and red;
Knocking Chuck on the head,
Which he rubbed with a quizzical frown.

42082 MEN - STUPID - CHUCK Tiddy

Then staggering blindly about
Chuck went seeking the door labelled OUT.
But he saw only three
Labelled E X I T
(He'll be there overnight without doubt.)

42083 MEN - STUPID - CHUCK Tiddy

Now Chuck has the brains of a frog
But I read him that lim from our Ogg;
And he's off to Calais
For a night and a day,
Though the weatherman's forecasting fog.

42084 MEN - STUPID - CHUCK Tiddy

He hopes that he doesn't get stuck
In mid-Channel, but knowing his luck,
He will probably freeze
In the roughest of seas,
And miss out on that ooh-la-la fuck.

42085 MEN - STUPID - CHUCK Tiddy

But no! He's just given a call
From a phone and he's having a ball.
He's been queuing an hour
In a thundery shower
Near the Hotel du Lac in the mall.

42086 MEN - STUPID - CHUCK Tiddy

That cutie dressed only in black
Has been promising more than a jack.
She will take him to bed
Before long (so he said),
And she'll label it "ICI LA CRAQUE".

42087 MEN - STUPID - CHUCK Tiddy

So wish the poor bugger good luck.
He deserves it; he's plenty of pluck.
(Ding-a-ling) Just a sec ...
("Oui, oui. Merci.) By heck
It's that lightning; it's gone and struck Chuck.

42088 MEN - STUPID - CHUCK Tiddy

Now written especially for Chuck,
On her nipples young Anna has SUCK.
For young Chuck is as thick
As two planks or a brick;
Yes, you've guessed it; her pussy reads FUCK.

42089 MEN - STUPID - CHUCK Peter Wilkins

It's not that she minds if his prong
Or his tongue on occasions go wrong,
But she's full of despair
'Cause he's SO unaware,
That she's now had to label his DONG.

42090 MEN - STUPID - CHUCK Peter Wilkins

Poor Chuck had a dinner-time scare;
"My intestines! All over the chair!
I looked and I laughed
And said, "Don't be daft;
You just dropped your spaghetti down there.

42091 MEN - STUPID - CHUCK Peter Wilkins

Poor Chuck had a headache today,
But cured it with little delay;
By banging his balls
On the lavatory walls,
He soon found it faded away.

42092 MEN - STUPID - CHUCK Peter Wilkins

Poor Chuck had a terrible fright
As he got out of bed at first light.
"It was ghastly", he said,
"For I crawled out of bed
And my eyes met a horrible sight!"

42093 MEN - STUPID - CHUCK Peter Wilkins

He calmed himself down in a while
As I tried very hard not to smile;
Then I asked him, "So tell
Me." He said, "Very well,
But, heavens above, it was vile."

42094 MEN - STUPID - CHUCK Peter Wilkins

"So ugly I started to quake;
In a nightgown it looked like a sheikh,
With a towel on its head.
It had eyes colored red,
And its limbs were a thin as a rake.

42095 MEN - STUPID - CHUCK Peter Wilkins

"It started to mutter amd moan,
Then it let out a gut-wrenching groan.
It frightened me so,
That I can't bear to go
Back to bed, on my own all alone.

42096 MEN - STUPID - CHUCK Peter Wilkins

"Well Chuck," I replied with a grin,
"You've been overindulging in gin;
And that wasn't a ghoul
But a mirror, you fool,
And your ghastly reflection within."

42097 MEN - STUPID - CHUCK Peter Wilkins

Dear Chuck has been knitting a scarf
On and off for a year and a half.
He's simple of mind,
So I won't be unkind
And say "Shit -- that would fit a giraffe."

42098 MEN - STUPID - CHUCK Peter Wilkins

Dear Chuck (you remember him, yes?)
Had decided to smarten his dress.
"I'm determined," he said,
"To look smarter; instead
Of just looking a terrible mess."

42099 MEN - STUPID - CHUCK Peter Wilkins

"Good heavens!" I said, "Is that wise?"
"Yes of course," he replied, "Other guys
Who look smarter than I
Get the girlies, that's why.
And I guess I can learn to knot ties."

42100 MEN - STUPID - CHUCK Peter Wilkins

Knot ties? The mind boggles, I fear;
For it took him well over a year
And a half to tie shoe
Laces; aged twenty-two;
But I curbed the temptation to jeer.

42101 MEN - STUPID - CHUCK Peter Wilkins

"Okay then, dear Chuck, off you go;
There's a Saville Row tailor I know
Who makes whistles and flutes
Made to measure and boots,
Shirts and ties in mere seconds or so."

42102 MEN - STUPID - CHUCK Peter Wilkins

A half an hour later, distressed,
Chuck returned in his jeans and his vest.
"Didn't you like the design?"
I said. "Yes, it was fine
'Til he asked me," said Chuck, "how I dressed."

42103 MEN - STUPID - CHUCK Peter Wilkins

"I really tried hard to explain,
But he stopped me and made it quite plain,
With his measuring tape
Up my trousers, that rape
Or some similar act was his aim."

In many of England's old schools,
They are bending and breaking the rules.
So statistics will show
They're improving, although
They keep churning out hundreds of fools.

42195 MEN - STUPID - ZSERIES

It seems easier questions appear
In most every exam.
It's the favorite scam
Of illiterate teachers, I fear.

Me, startled from slumber.
The jerk left my number!
Hey, Charlie -- Revenge is so SMALL!

I'm sorry I disturbed your slumber,
It must be I dialed a wrong number.

Those sad bastards think the same way.
Put them in a line;

Why don't men make use of the brain?
They think with their dicks -- that's insane!

But to my great dismay,
All they need is just pulling their trigger.

How the stuff that we burn,
Will all cause us harm that is physical.

42313 METEOROLOGY - CLIMATE Literary Group

I'm still care about global warming;
We've yet to see what it can bring.
A temperate winter
May foretell the enter-
ance of 130 degree spring!

42314 METEOROLOGY - CLIMATE Archie

It's time you Yanks showed some respect
For this nasty Greenhouse Effect.
I hear that it's grown
The malarial zone
To a thing that Britain can expect.

42315 METEOROLOGY - CLIMATE Tony Burrell

Each summer, it's more than a dream
That Oslo, we've reason to gleam
In the temperature drop --
Don't you ever dare stop
The Northern Atlantic Gulf stream!

42316 METEOROLOGY - CLIMATE Bill Backe-Hansen P8801

If freezing got you a piece,
Objections would certainly cease.
When cold and dismayed,
It helps to get laid,
Wrapped up in the feathers of geese.

42317 METEOROLOGY - CLIMATE Elois

Out here in the desert southwest,
Our weather is mostly the best.
But right now it's snowin';
The wind is a-blowin';
I think I'll not even get dressed!

42318 METEOROLOGY - CLIMATE Observer

The desert southwest normally bakes
With heat that will dry up the lakes;
Today, I suppose,
If you won't wear some clothes,
Your habitat's perfect for flakes.

42319 METEOROLOGY - CLIMATE Travis Brasell

We've our share of flakes, that's for sure.
My state has a certain allure
To folks from the east.
So 'flakes' have increased
To more'n we can hardly endure.

42320 METEOROLOGY - CLIMATE   Observer

But most of them all still wear clothes.
(Which is for the best, heaven knows.)
But, if like sweet Carol,
They'd shed their apparel,
There'd be much more fun, I suppose!

42321 METEOROLOGY - CLIMATE   Observer

With sweet tea and nice crispy toast,
The breakfast, the meal I like most,
With a pair of brown eggs
And the mutt sits and begs,
As I sit here and ponder this post.

42322 METEOROLOGY - CLIMATE   Mul

Through the window, I watch the birds feed,
As they chatter and fight for the seed.
It brightens my day;
I shall feed them till May.
After that, there's no longer need.

42323 METEOROLOGY - CLIMATE   Mul

The apple trees, sadly are bare
Till Spring, and the weather gets fair.
Then not long to wait
And apples! (First rate!)
Will be picked with reverence and care.

The first day of April was fine;
I'm glad it was finally mine.
Of course, as a rule,
I'm no April Fool,
And seldom do I toe the line.

42325 METEOROLOGY - SEASONS Liam na Beag

Yes, April first is the best,
For I count anniversaries blest.
See my lawyer and I
Told ex-husband to fly,
On that day filled with smiles and with jest!

42326 METEOROLOGY - SEASONS Delux

The first day of June was the best
For me, but, thereafter, no rest
Was mine to enjoy,
Because her employ
By me makes dear June work undressed.

42327 METEOROLOGY - SEASONS Travis Brasell

Aha! Now I get it, old Gray.
I thought first of months, by the way.
But then I rethought
And your meaning I caught.
I knew her sibs, April and May.

42328 METEOROLOGY - SEASONS Liam na Beag

While playing that June you revealed
July when your mouth is unsealed.
In one so August
We naturally trust
Your Sept embers are now concealed.

42329 METEOROLOGY - SEASONS Archie

In Springtime those lovely three sisters
Named April, May, June makes us misters
Put hands on our tools
Until we've, like fools,
Achieved on our palms, painful blisters.

42330 METEOROLOGY - SEASONS Travis Brasell

Too young is sweet April, I'm told,
And June is, for Springtime, too old.
I'll wait until May
For a roll in the hay,
For I hear she's exceedingly bold.

42331 METEOROLOGY - SEASONS Peter Wilkins

I once knew a girl called October.
Alas, she'd a face like a dober-
Man. Still, when you're tight
On a Saturday night,
You'd love her, but never when sober.

42332 METEOROLOGY - SEASONS Tiddy Ogg

Young April will give me some showers,
Bold May, though, will bring me some flowers,
But June, more mature,
Than either, for sure,
Will heat up my body for hours.

42333 METEOROLOGY - SEASONS Travis Brasell

No sun, too much water, too cool;
Last summer we shut down the pool.
But from nearby we hear
Of a much better year.
Or was that program on April Fool?

42334 METEOROLOGY - SEASONS John Stubbs P9309

'Tis on heat that I constantly sit,
For I am no bloody Brit,
But a Florida beach bummer,
Waiting for summer
So that out to the beach I can get.

42335 METEOROLOGY - SEASONS Robyn

Oh colder than wind when it freezes,
Is that horrible pang when it seizes
The heart when betrayed;
No solace can aid,
And gone are the warm summer breezes.

42336 METEOROLOGY - SEASONS Jim Weaver Collection

In sunny July I disrobe her.
In sweltering August I probe her.
In steamy September,
She fondles my member.
We hump throughout sober October.

42337 METEOROLOGY - SEASONS Jerry Nordal P0301

A pestilent volcanic dustiness
Has blanked the sun's estival lustiness.
Now water refuses
To go, and suffuses
A permanent dankness and mustiness.

42338 METEOROLOGY - SEASONS P. G. Thornhill P9308

A brisk day of blue sky and gold
On the trees outside, air good and cold;
No day to stay in!
To do so is sin!
So let's get it on outside...be bold!

42339 METEOROLOGY - SEASONS

Said a nudist who tended to preach,
"Sun and water I crave at the beach.
But with holes in the ozon'
We must keep our clothes on.
A sun tan is now out of reach."

42340 METEOROLOGY - SEASONS Sheila Rolfe P9308

Said a practical cockster named Ricky,
"Never screw when it's torrid and sticky.
Best to wait until autumn,
When the breeze cools your bottom;
What a season for dunking your dickie.
(taken from the following quatrain)
42341 METEOROLOGY - SEASONS Armand E Singer 33

When the nights are hot and sticky,
That's no time for dunkin' dickie;
When the frost is on the punkin,
That's the time for dickie dunkin'.

The leaves crunching under my feet
Means it's time that I swept the concrete.
I will sweep it and then
'Twill be covered again...
It's a full time job, keeping yards neat!

42343 METEOROLOGY - SEASONS Prof M-G T9710

Winter's here; the Midwest has been hit,
And they've yelped, snarled, snipped; had a fit.
But perhaps you should know,
When you hear of their woe,
They're a breed who likes shovellin' shit.

42344 METEOROLOGY - SEASONS Jim Weaver Collection

This day dawned very dreary and freezin';
Not unusual in this bleak season.
It did precipitate,
Though in volume not great,
But at least we had rime with good reason.

42345 METEOROLOGY - SEASONS   Loren Fitzhugh

"By summer, the race will be won,"
Said Kim, flying close to the sun.
But her wax wings got hotter
And she plunged to the water,
Crying, "Send rescue copters, I'm done!"

42346 METEOROLOGY - SEASONS   Peter Maitland   P9308

Summertime leaves me wishing beyond
Weather fair; it's of fun that I'm fond.
So Rusty, my trusty
Friend, seems that I'm lusty,
For some blessing from your magic wand.

42347 METEOROLOGY - SEASONS

I've decided that I must go
Live in a land without snow,
Because of your words.
I recall the turds,
But more those I loved long ago.

42348 METEOROLOGY - SEASONS   Jim Weaver Collection

I know what you think of in Spring,
I'm thinking the very same thing.
With a chivalrous turn,
I'd inflict such a burn,
For a solid week you would sting.

42349 METEOROLOGY - SEASONS   Frank Fazed

Fall is here, don't be absurd!
The grass is dead, with dried-up turd.
And just one more thing,
There's no birds on the wing;
They have all traveled South, as you've heard.

42350 METEOROLOGY - SEASONS - FALL   Jim Weaver Collection

On a beautiful, clear autumn day,
I just might ask "Going my way?"
As I happily ponder
The leaves as I wander
Through forests and fields full of hay.

42351 METEOROLOGY - SEASONS - FALL

Autumn's not an S.F. season, per se,
And I miss spectrum-bursting ballet,
Of leaves falling to earth
To bring about re-birth
Of next Spring's inspiring display.

42352 METEOROLOGY - SEASONS - FALL

The leaves of the season, bespread,
Transmuted to yellow and red,

As they gently fall down,
And they land on the top of my head.

42353 METEOROLOGY - SEASONS - FALL   Cap'n Bean   P0011

October, October, October,
That great arboreal disrober.
Trees are dressed, much in hue
Till the wind rustles through,
Leaving all of them naked and sober!

42354 METEOROLOGY - SEASONS - FALL   John Miller

In Autumn the sweet stacks of hay
Make beautiful places to play
With lassies who yearn
Of new things to learn
And "corn shocks" in more than one way.

42355 METEOROLOGY - SEASONS - FALL   John Miller

The winter of our discontent;
Innocent hours are broken and bent.
The clock-changing event
October's saddest lament,
"Where, has the sunshine been sent?"

42356 METEOROLOGY - SEASONS - FALL   Lynn Mostafa

The colors are working their way

The greens are submerging,
Bright colors emerging,
I wish Fall would never go 'way.

42357 METEOROLOGY - SEASONS - FALL

Fan at the flames of desire.
Curling smoke, burning cinders,
First signal of winters
Sacrifice on the funeral pyre.

42358 METEOROLOGY - SEASONS - FALL   Arden

We have the same situation here
In New Hampshire, land of woodstoves and deer.
The people from Mass

When the leaves fall, they leave, and we cheer!

42359 METEOROLOGY - SEASONS - FALL

Fall is the time of year

Here we are, into the Fall;
The squirrels are having a ball,
Out gathering nuts
And spreading their guts
On the roads that lead into the mall.

42361 METEOROLOGY - SEASONS - FALL   John Miller 0097

Beneath piles, like leaves in the Autumn,
Decayed bills with past-due on the bottom.
A sneeze could result in
A breeze, then tumult in
To.. .the fall of Gomorrha and Sodom.

42362 METEOROLOGY - SEASONS - FALL   Judy Grimes   P9912

The spectrum of color astounds;
The leaves have been raked into mounds;
The crisp, autumn sky
Is a feast for the eye;
The beauty of nature abounds.

42363 METEOROLOGY - SEASONS - FALL   Cap'n Bean   P0312

With leaves turning russet and red,
Soon from the trees they'll be shed.
Soon I can stop mowing,
The grass will stop growing,
And those horrible weeds will be dead.

42364 METEOROLOGY - SEASONS - FALL   Jayne

The breath of cool Autumn descends
And wintery blasts it portends...
But as I sit here,
I take quiet cheer
As the breeze my love's tresses attends.

42365 METEOROLOGY - SEASONS - FALL   Jim Weaver Collection

One of November's bright balmy days
Encouraged me merely to laze
And languish about,
Until put to the rout
By the truth that such weather's a phase.

42366 METEOROLOGY - SEASONS - FALL   Loren Fitzhugh   P0212

The autumn's bright splendor's enthralling,
And the colorful leaves have been falling,
They are filling my yard
And they swiftly bombard,
Now it seems I rake...but I'm stalling.

42367 METEOROLOGY - SEASONS - FALL   Cap'n Bean   P0211

Green ferns, verdant mint, maidenhair,
Summer fading, fall hint in the air;
Autumn trees overflowing,
All this softly glowing,
Sun glint amidst leaves, draws my stare.

42368 METEOROLOGY - SEASONS - FALL   Joel D Ash   P0312

Days pass and the greens mix with gold;
Sallow fingers hold amber, behold;
The high color turning,
Prelude to auburning,
Straw yellow and lemon so bold.

42369 METEOROLOGY - SEASONS - FALL   Joel D Ash   P0312

Warm orange and mandarin between,
The glory of bright tangerine;
Burnt ocher a topper,
The spreading of copper,
High pumpkin accents Halloween.

42370 METEOROLOGY - SEASONS - FALL   Joel D Ash   P0312

Carnelian and scarlet abound,
The branches with crimson surround;
Leaf veins spotted red,
It's as if foliage bled,
The blood shed as the leaves hit the ground.

42371 METEOROLOGY - SEASONS - FALL   Joel D Ash   P0312

Combinations of marvelous hue,
Champagne laced with burgundy view;
True fall brew supreme,
Mother Nature's daydream,
Yellow, orange, and red honeydew.

42372 METEOROLOGY - SEASONS - FALL   Joel D Ash   P0312

Peak passed and the colors now fade,
Brown shade and dull gray tones invade;
The beauty dismembered,
The colors remembered,
Recall the fall treetop parade.

42373 METEOROLOGY - SEASONS - FALL   Joel D Ash   P0312

I should sing you a song of September
And of life dying down to an ember.
I should reminisce
About that and this,
But it's all too damned hard to remember.

42374 METEOROLOGY - SEASONS - FALL   John Miller 0105

When young, with friends Nate, Ned and Niles,
Our autumn leaf raking brought smiles;
Now old, I am friendless,
And raking is endless,
But, lo, I'm still making the piles.

42375 METEOROLOGY - SEASONS - FALL

When younger, I loved most the autumn;
When leaves fell, I happily caught 'em.
And hoped girls took heed
Of Ma Nature's deed,
As techniques of strip-tease she taught 'em.

42376 METEOROLOGY - SEASONS - FALL   Tiddy Ogg

The autumn is fading away,
The sunlight has shortened each day;
With leaves disappearing

Our landscape is turning to gray.

42377 METEOROLOGY - SEASONS - FALL   Cap'n Bean   P0112

It's a little bit chilly today,
So I'm wearing my jaunty beret,

42378 METEOROLOGY - SEASONS - FALL   Jim Weaver Collection

There are leaves crunching under our feet.
Oh Autumn, you just can't be beat.
The chill wind, it blows
And everyone knows
That soon 'twill be Winter we greet!

42379 METEOROLOGY - SEASONS - FALL   Robyn   T9710

The weeds, they may all be dead,
So go put the tools in the shed.
And don't touch the mower
Or even the leaf blower,
'Cause soon you will need the snow thrower.

42380 METEOROLOGY - SEASONS - FALL   Squirel

The autumn's a colorful blur,
And the thousands of leaves will deter,
A lawn that's kept neat,
When you rake to the street,
And the wind blows them back, where they were.

42381 METEOROLOGY - SEASONS - FALL   Cap'n Bean   P9811

The air is so sweet and so clear;
The stars are so bright and so near.
The romance of Fall
Is sublime all in all.
I think "Shit, Winter will soon be here"

42382 METEOROLOGY - SEASONS - FALL   Jim Weaver Collection

Entombed deep beneath ice and snow,
The birth chamber of spring far below;
Winter days still unfold,
Golden sun sparsely doled,
Cold threshold for the season in throe.

42383 METEOROLOGY - SEASONS - SPRING Joel D Ash   P0305

By and by shortened days start to grow,
Melting landscape, diminished ice floe;
Woebegone faces brighten,
Now the snow traces lighten,
A warm glow from the spring dynamo.

42384 METEOROLOGY - SEASONS - SPRING Joel D Ash   P0305

The brown bears spring from caves to explore,
Folks inhale the spring air they adore;
Skiers shed gloves and hoods,
Lovers stroll through the woods,
Flowers burst into bloom by the score.

42385 METEOROLOGY - SEASONS - SPRING Joel D Ash P0305

The full glory of spring has arrived,
Days when all living things are revived;
Evergreens shine anew,
Purple finch bill and coo,
The deprived have survived, even thrived.

42386 METEOROLOGY - SEASONS - SPRING Joel D Ash P0305

The season of kisses and roses,

42388 METEOROLOGY - SEASONS - SPRING

It's Spring, and the flowers are blooming;
All the wasp and the bees are a-zooming.
As they sting with delight,

'Cause I picture my early entombing!

42389 METEOROLOGY - SEASONS - SPRING Ystap TP9804

There once was a little blue flower
That thought it had magical power.
On the first day of spring,

42390 METEOROLOGY - SEASONS - SPRING Karen Lane

In April begins quite a stirring.
By May, can't control its occurring.
It happens each Spring --
I desire a fling,
But honey (who knows) keeps me purring.

42396 METEOROLOGY - SEASONS - SPRING Patunia

March wind with it's stern, glowery blow,
Precedes April's soft showery flow,
Drenching cold, barren soil,
Warming earth's wintry foil,
Making way for May's bright flowery show.

On Tuesday it snowed all day long.
Covered up all the grass,
Gave the birds a cold ass;

Point your legs, love, right up in the sky!

42426 METEOROLOGY - SEASONS - SPRING Allen Wolverton

Love, I see where my tool's to be sent;
I'll go mad from your love juices's scent;

42427 METEOROLOGY - SEASONS - SPRING Allen Wolverton

When your welcome mat's out, as a rule,

42431 METEOROLOGY - SEASONS - SPRING John Miller

It's amazing how often in Spring
My girl-seeking radar goes "Ping",
On a buxom young maid
Who wants to get laid --
It's not just my heartstrings go "Bing."

42432 METEOROLOGY - SEASONS - SPRING John Miller

How lovely the weather in Spring;
So far from last Winter's cruel sting.
It isn't the cold
That's making girls bold,
But a heat that is making them cling.

42433 METEOROLOGY - SEASONS - SPRING John Miller

Glorious, glorious Spring!
Though a girl be a dumb ding-a-ling,
Or a stupid old cow,
I tell you, somehow
I still have a yang for her ying.

42434 METEOROLOGY - SEASONS - SPRING John Miller

For scoring, there's no time like Spring;
Be it couch, car, or creaky porch swing.
I'll gaze in their eyes
And cheat and tell lies,
And add some more sweets to my string.

42435 METEOROLOGY - SEASONS - SPRING John Miller

Though older, the sap in the Spring
Still rises and prompts me to sing --
I'll still have the yen
At a hundred and ten,
And be rarin' for one final fling.

42436 METEOROLOGY - SEASONS - SPRING John Miller

Don't think, just because it is Spring,
And our orgasms come with such zing,
And I plumb you for hours,
'Midst warm April showers,
That I'm going to come up with a ring.

42437 METEOROLOGY - SEASONS - SPRING John Miller

Whenever the spring has sprung,
The grass is riz, full of dung.
With a bird on the wing,
Or a wing on the thing,
I don't really care how it's sung!

42438 METEOROLOGY - SEASONS - SPRING Jim Weaver Collection

The weather must be nice today,
'Cause there's no one in her to say "Hey".
So, I'll go out too
And enjoy the spring view;
And with my three doggies I'll play.

42439 METEOROLOGY - SEASONS - SPRING Carol

Ah Spring! Baby lambs...flowers growing...
Green grass...fluffy clouds...breezes blowing...
New eggs in the nest...
And the ultimate test --
To remember all this when its snowing!

42440 METEOROLOGY - SEASONS - SPRING Ckwhistle

Good weather? We've snow on the lawn!
Just what in the heck's going on?
One day it is hot;
The next it is not.
Ma Nature is running a con.

42441 METEOROLOGY - SEASONS - SPRING Marlene Lewis

It's going to be a pretty day;
I can almost hear my favorite jay.
See the kids run,
Being bathed by the sun.
Soon t'will be beginning May.

42442 METEOROLOGY - SEASONS - SPRING Tobassco T9707

In Texas, on any cool day,
Beastly summer is not far away.
By mid-Fall it grows tame;
During Winter, the same;
It will Spring on you, long before May.

42443 METEOROLOGY - SEASONS - SPRING J Burke

The birds know it's the season of spring,
Their feathers, they preen as they sing.
They don't know the date,
But It's time for a mate.
Perhaps it's time for a final fling.

42444 METEOROLOGY - SEASONS - SPRING Arthur Pattaffy

These lazy spring nights of warm air
Stir the senses of those unaware.
The scent of the flowers
Floats up from their bowers,
And strikes just like an eclair.

42445 METEOROLOGY - SEASONS - SPRING

It's Spring and the flowers are blooming;
A young man's thoughts are booming.
His pulse is racing,
His eyes are tracing
The path through the woods where she's zooming.

42446 METEOROLOGY - SEASONS - SPRING Ystap

A farmer's young daughter named Chloe
Said, "I can't rejoice when it's snowy,
But the blue skies of Spring
Entice me to sing,
Or to whistle a tune like the towhee."

42447 METEOROLOGY - SEASONS - SPRING Woontner

In Queensland we suffer from heat,
With ice-cream and ices a treat.
To encourage lucidity,
It's the bloody humidity,
Makes surviving a difficult feat.

42448 METEOROLOGY - SEASONS - SUMMER

When you can't find the cool in the shade,
And it's 40 degrees Centigrade,
From your feet to your head
You can sweat till you're dead,
Your lifestyle must simply degrade.

42449 METEOROLOGY - SEASONS - SUMMER

Oh the heat and the humidity are high,
And the Sun burns your skin from the sky.
Some folk like to burn,
And bake till they turn,
To a doctor, for a cancer to fry.

42450 METEOROLOGY - SEASONS - SUMMER

Of skin cancers and things that relate,
We have the most horrible rate.
To abuse in the sun,
To "tan till your done",
Then complain 'cause protection's too late.

42451 METEOROLOGY - SEASONS - SUMMER

You sing of the glories of Sun;
You feel you could do with some fun.
Well, I'll tell you this,
I envy you, miss,
To your cold winters I rather would run.

42452 METEOROLOGY - SEASONS - SUMMER

This West Aussie summer is hot!
'Twas a hundred. I will shit you not!
With thunder approaching
And humid encroaching,
I've become just a small molten spot!

42453 METEOROLOGY - SEASONS - SUMMER Archie

Of summer there ain't much to say;
On beaches bikini girls play.
All ripe for the plucking,
I'd give 'em a fucking,
If boyfriends weren't all in the way.

42454 METEOROLOGY - SEASONS - SUMMER

The dog days of summer are fine,
For relaxing in the sunshine.
So I'll take a stroll,
To the ol' swimmin' hole,
Get naked and drink some cold wine.

42455 METEOROLOGY - SEASONS - SUMMER

Mosquitoes go forth, multiply;
The dog-days of August are why
I'll get eaten or fried
If I venture outside...
So I'm in, with the AC on high!
(AC - air conditioner)
42456 METEOROLOGY - SEASONS - SUMMER John Miller

One summer I bet on a trotter
Who repeatedly ran best in water,
And then if he won,
Dried out in the sun.
Or else he required a blotter.

42457 METEOROLOGY - SEASONS - SUMMER Ethel Kesler P9308

The dark nights of Autumn are nigh,
The Summer so quickly did fly,
Leaves fall to the ground,
As the year moves around,
Time to kiss the warm weather goodbye.

42458 METEOROLOGY - SEASONS - SUMMER Jim Weaver Collection

During summer I toil 'neath the sun.
To raise vegetables, work must be done.
As I dig, weed and hoe,
Water well, so things grow,
All the wildlife have feasts -- I have none.

42459 METEOROLOGY - SEASONS - SUMMER Karen Pratteb P9309

I know that I shouldn't complain so!
But summertime verse is a vain show
Of poetic slaughter.
Who wants to rhyme water
Or sun? Will you settle for "rainbow"?

42460 METEOROLOGY - SEASONS - SUMMER Jim Parr P9308

The flowers of summer in bloom,
Though scenic, still fill me with gloom.
Eyes water and run,
Nose burns (not from sun),
And my sneezes are heard in Khartoum.

42461 METEOROLOGY - SEASONS - SUMMER Karen Pratte P9308

My my, how the time it does fly
Into that sweet bye and bye.
It seems yesterday
It had barely turned May,
Yet in days we'll all be in July.

42462 METEOROLOGY - SEASONS - SUMMER Rusty Smith

The heat here has gotten quite bad
And it's gotten to me just a tad.
It's made my brain shrivel,
Come up with this drivel,
And clearly it's driving me mad.

42463 METEOROLOGY - SEASONS - SUMMER John Miller

We don't mind your drivel, dear John,
Though the sun has been shining upon
Your poor brain and it's fried
To a cinder inside.
(Well at least it's not totally gone!)

42464 METEOROLOGY - SEASONS - SUMMER Peter Wilkins

Last year 'twas a summer so dry
I'd nary a berry for pie.
So I called to the sun,
"Enough! Pray be done!
It's water I need, not stir-fry."

42465 METEOROLOGY - SEASONS - SUMMER Terry McFarland P9308

The heat here has dissipated
And I'm feeling strangely elated.
It was too hot to sleep,
And to sweaty to *beep*,
And everyone was devastated.

42466 METEOROLOGY - SEASONS - SUMMER Jim Weaver Collection

There's a lesson that we should be learning,
With the hot days of summer returning:
Get some sun block applied
When you're tanning outside.
If you don't, you will find something burning!

42467 METEOROLOGY - SEASONS - SUMMER Limerick Man

No phone calls no e-mail no nagging,
No up at 4AM and dragging,
Myself off to work,
To sit by that jerk,
Old fat Pat to hear all his bragging.

42468 METEOROLOGY - SEASONS - SUMMER

So come the first week of July,
I'll be on a plane flying high,
Across the great pond,
To Spain and beyond,
I'll be back soon enough so bye bye.

42469 METEOROLOGY - SEASONS - SUMMER

But if I find me a gaiteiro**,
Who plays the pipes like a tornado,
I'll stay in Spain too,
Until I am blue,
From blowing his pipes until they glow.

42470 METEOROLOGY - SEASONS - SUMMER

Soon the Midsummer's Bash will draw nigh;
(In the States that's the Fourth of July);
While the fireworks go off,
We'll sneak off for to boff;
In the bushes we'll have some hair pie!

42471 METEOROLOGY - SEASONS - SUMMER

It is so damned hot over here,
Won't somebody please pass a beer.
The sun is so fierce,
My skin it does pierce,
And I'm starting to melt, I fear!

42472 METEOROLOGY - SEASONS - SUMMER Jule'

While we all beg for cool breeze,
Your part of the world starts to freeze.
It doesn't seem right,
'Cause pray as I might,
The heat will not slip ten degrees.

42473 METEOROLOGY - SEASONS - SUMMER Jule'

Sun-bathing beauties of old
Are putting their tanning on hold.
In water, on beaches,
Full-dressed Georgia peaches
Leave peeping Toms out in the cold.

42474 METEOROLOGY - SEASONS - WINTER Deanna Silverman   P9308

Feels like winter's gone for a spell;
Buds on trees are starting to swell.
Bulbs are breaking ground,
Birds nesting around;
To winter can I bid farewell?

42475 METEOROLOGY - SEASONS - WINTER Carol

There was an old fellow named Jones,
Who had aches and pains in his bones.
When down south he would go
To avoid winter snow,
He still ached, but in tropical zones.

42476 METEOROLOGY - SEASONS - WINTER Warrick Elrod

The season of mists is now here,
The birds sing with so little cheer.
The sun's golden glow
Gilds the earth's woe,
As it braces for winter that's near.

42477 METEOROLOGY - SEASONS - WINTER Jim Weaver Collection

Now, older, I love most the winter,
When snow flakes and frosty winds enter
My homeland of Dixie,
Where warmth of cute Trixie,
Engulfs my stiff prick when I've bent 'er.

42478 METEOROLOGY - SEASONS - WINTER

Now older, I love most the winter,
When snowflakes and frosty wind enter
My homeland of Dixie;
Where warmth of cute Trixie,
Engulfs my stiff prick when I've bent 'er.

42479 METEOROLOGY - SEASONS - WINTER Travis Brasell

Old Man Winter has struck on the Hill;
Snow and ice will soon coat rock and rill.
First the swamp has turned white,
Turning north late last night,
Leaving lots of "white lace" like a frill.

42480 METEOROLOGY - SEASONS - WINTER Hilde na Beag

When old Winterman makes his bidding
In swamp and low country there's skidding,
And skating and sliding
And fun cabin hiding,
By leprechauns cozy; no kidding!

42481 METEOROLOGY - SEASONS - WINTER Travis Brasell

Christmas over and in lack of freezing,
Snow all gone too, I stopped breezing
And instead I take hold
'Gainst the bone-chilling cold.
With the heating, stuffed nose sets me wheezing.

42482 METEOROLOGY - SEASONS - WINTER

The winter I went and got lost,
You ask me just what was the cost?
I near froze my toes,
And did freeze my nose.
Should not have made out with Jack Frost.

42483 METEOROLOGY - SEASONS - WINTER

Winter's really the season for me.
I'm a lass who likes festivity,
And rambling through mists,
And Carolers pissed,
And curing male hypothermy.

42484 METEOROLOGY - SEASONS - WINTER Lucy

The deep snow, when it's fresh, has great beauty;
Laced with footprints from critter or bootie.
But soon the stuff melts,
And you'll see then -- what else? --
All the places your dogs did their duty.

42485 METEOROLOGY - SEASONS - WINTER Allen Wolverton

Said my neighbor in Philly, sweet Marianne:
"God damn it, there's snow on the streets again.
I hate this white shit;
It's giving me fits.
I think I will move to the Caribbean."

42486 METEOROLOGY - SEASONS - WINTER Jim Weaver Collection

When Mother Nature is appeasing,
And the warm weather is so pleasing,
You'd best get you a chick
Who's a little bit thick,
So when winters back, your not freezing.

42487 METEOROLOGY - SEASONS - WINTER I R Canuck

When along comes a chinooky breeze,
You'd best get your girl on her knees.
You may not have long
For a nice skin flute song,
Because now to the ground she could freeze.

42488 METEOROLOGY - SEASONS - WINTER I R Canuck

So cold was a winter renowned,
I became, while out walkin', icebound.
When finally free,
What a sight I did see:
My shadow had froze to the ground!

42489 METEOROLOGY - SEASONS - WINTER

This Lady remains here in Mass.
A sweet, bona-fide Yankee lass.
Snuggled up with a book,
By the fireside nook,
Give up Winter? No thanks, I'll pass!

42490 METEOROLOGY - SEASONS - WINTER Jim Weaver Collection

For a chilly Chinese, Suzie Ming,
Sex at twenty below has no zing.
Her longing for intercourse
Declines in the winter -- 'course
She will let men back at her, come spring.

42491 METEOROLOGY - SEASONS - WINTER Armand E Singer 97

The chill of the winter's well known.
We put on our parkas and moan.
Thermals keep out the storm,
Also keep your ears warm.
Then you will not be chilled to the bone.

42492 METEOROLOGY - SEASONS - WINTER Andrew Purdom

On all winter excursions, I pass.
The moon can be viewed through the glass,
Whilst drinking a toddy
And warming one's body
By the fire, and not freezing one's ass.

42493 METEOROLOGY - SEASONS - WINTER Eva Amata

Winter with its very long nights
Is made for lover's delights;
Time to explore
Every contour
That leads to the greatest of heights.

42494 METEOROLOGY - SEASONS - WINTER Jim Weaver Collection

Sky full of clouds heavy and grey.
Will we have snow by the end of the day?
Large flakes of white
To hide urban blight,
And lend it a certain cachet.

42495 METEOROLOGY - SEASONS - WINTER Azul

Snow, the joy of the child,
Be the winter harsh or mild.
They love it to play
In it everyday,
Slipping and sliding with abandon wild.

42496 METEOROLOGY - SEASONS - WINTER Azul

Moonlight glitters on large drifts of snow,
Bringing memories of love by moon-glow,
Of firelight watching,
Snow softly falling
God hath wrought mieux que Michelangelo.

42497 METEOROLOGY - SEASONS - WINTER Azul

A clear azure sky and it's hot!
A hundred or more we have got.
But it's nice to roast
Here on the West Coast.
The cold in our winter's just rot!

42498 METEOROLOGY - SEASONS - WINTER Archie

There's a thunderstorm brewing inland,
Where the hills are making a stand.
So with luck tonight,
The lightning will fight
And give us a show that is grand!

42499 METEOROLOGY - SEASONS - WINTER Archie

There once was a terrible freeze,
That killed all the leaves on the trees.
And some exclaimed
That beauty was maimed,
All because of a winter breeze.

42500 METEOROLOGY - SEASONS - WINTER Ivanka Petrov TP9806

The leaves flutter down from the trees.
You'll soon hear your first winter sneeze,
And see ice on puddles.
It's time for warm cuddles
And hugs; let the outside world freeze.

42501 METEOROLOGY - SEASONS - WINTER Tiddy Ogg

There once was an impatient bulb flower
Who pushed with all of her power,
And came up before spring;
But the silly young thing
Was froze in a winter snow shower.

42502 METEOROLOGY - SEASONS - WINTER Sarah Miller

The weather guy said, "Please prepare,
A Nor'Easter is coming, beware!
Bring your dogs in the house,
And be sure that your spouse,
Has plenty of TP to spare."

42503 METEOROLOGY - STORMS

Last evening some huge storms came through,
With lightening and strong winds that blew
Trees out of the ground,
The power line down,
And may even have carried off Hugh!

42504 METEOROLOGY - STORMS Carol

A middle-school dropout named Ray
Once had an unusual day,
Entrusting his fate
To a twenty-pound weight,
While a hurricane blew him away.

42505 METEOROLOGY - STORMS Cyber Geezer

A severe storm howled through the trees;
The cop shouted at me, "Stop! Freeze!"
I obeyed the law;
Passersby laughed and saw
How the wind blew my pants down my knees.

42506 METEOROLOGY - STORMS Dirruk

Now just intllectually speaking,
The neighborhood must of been freaking,
When the cop said to stop,
I thought he said drop --
And I got arrested for streaking.

42507 METEOROLOGY - STORMS G Watson

When I was a child I did pray,
"Dear God, give me one snowuy day."
But in this here blizzard,
I'll pray to the Wizard, (Cyber Wizard)
"Please Rusty, make it go away!"

42508 METEOROLOGY - STORMS Carol

I found scooping snow is no fun,
So away from the north I did run.
Now I'll pick an orange
That hangs in the low range,
And sit by the spa in the sun.

42509 METEOROLOGY - STORMS CM

Tonight it rained like cats and dogs,
With lightening, and thunder, and fogs.
And all of the roads,
Were hopping with toads,
Now my tires are squishy with frogs.

42510 METEOROLOGY - STORMS Carol

Frogs or toads, they're all the same to me;
They're both green and ugly slimy;
And noisy critters.
Not fit for fritters,
Or stew when they're flat or squishy.

42511 METEOROLOGY - STORMS Carol

Your problem, my dear, is quite clear;
You've kissed the wrong creature, my dear.
So instead of a prince,
You've a knave in a mince,
Who's decidedly ugly and queer.

42512 METEOROLOGY - STORMS John Miller

You're lucky it rained only dogs
And sundry amphibious frogs;
For thunderstorms here
In Old England, I fear,
Mean bombardment with sheep-shagging Oggs.

42513 METEOROLOGY - STORMS

If I thought a prince they'd become,
There's hundreds that I could choose from.
In the pond I would play,
And kiss them all day,
'Til my lips get all slimy and numb.

42514 METEOROLOGY - STORMS Carol

It's raining for all that it's worth;
Of water we'll sure have no dearth.
As prophets foretell,
The rivers will swell
And the creeks shall inherit the Earth.

42515 METEOROLOGY - STORMS Tiddy

It's blowing a southerly gale
And there's rain and occasional hail;
So I'll crawl back to bed,
And start dreaming instead
Of voluptuous feminine tail.

42516 METEOROLOGY - STORMS

And right behind Floyd now is Gert.
Hope the east coastline she'll avert.
To stay in the ocean,
Cause no commotion,
Or we'll be on a constant alert.

42517 METEOROLOGY - STORMS

She's pure as the wind driven snow;
Excepting she's warmer, I know.
She and the wind, mate,
Share this common trait:
They both often give a good blow.

42518 METEOROLOGY - STORMS Frank Fazed

The tornadoes passed through the night;
The lightning kept sparking up bright.
The wind rose, rain fell;
A storm night from hell!
[I enjoy a good blow when done right!]

42519 METEOROLOGY - STORMS

The rage of that storm was so strong,
It sucked up and swallowed your dong.
It pulled and it twisted,
And though you resisted,
It's now only two inches long.

42520 METEOROLOGY - STORMS

Two inches is what's left outside,
Your mouth when you open it wide;
And take in your throat
My enormous hard choat;
Want the rest in? Force COULD be applied!

42521 METEOROLOGY - STORMS

There was a fare made from Duquesne
Who dared not go fourth in the resne.
If her head once got wet
She'd again be brunette,
For her heir she'd have died all in vesne.

42522 METEOROLOGY - STORMS Princeton Tiger P0007

In August, the hurricane Andrew
Drew looters, militiamen and drew
From desperate folks
Some down-to-earth jokes,
But mostly despair drew.. and rue.

42523 METEOROLOGY - STORMS Irving Superior P9305

If you live down in South Carolinee
And you avoid hits by a palm tree,
When you get old as hell
This story you'll tell:
"I remember the time when Floyd blew me."

42524 METEOROLOGY - STORMS

I read using candles for light.
While transformers flashed in the night.
A-popping like corn,
The tree limbs were torn.
Old Bonnie was quite a good fright.

42525 METEOROLOGY - STORMS H WHELCHEL

I've waited for Carol to call,
But she must have been in the squall.
Hurricane Floyd
Must have made void
Her promise of phone-sex, I bawl...

42526 METEOROLOGY - STORMS

...My eyes out while thinking that she
Has been thrown out into the sea,
By winds so torrential
That rocked residential
Areas, please let me wrong be.

42527 METEOROLOGY - STORMS

Oh Floyd will be such a pain
From Miami all way up to Maine.
But I am nervous and 'fraid,
For tomorrow I've laid
Plans to fly to New York on a plane.

42528 METEOROLOGY - STORMS

As we prepare to be battered by Floyd,
His wrath we still hope to avoid.
Though warnings they'll post,
Up and down our east coast,
Hurricane parties will then be enjoyed.

42529 METEOROLOGY - STORMS

In NZ it's already tomorrow
And Clinton now knows of the sorrow
Floyd has in store
For our southeastern shore.
You think his crystal ball I could borrow?

42530 METEOROLOGY - STORMS

This summer we suffered a drought;
Now hurricane Floyd is about.
Our sump pump is worn
By the load that its borne;
The rest of today is in doubt.

42531 METEOROLOGY - STORMS Chris Papa

Four inches of rain are now down;
There isn't a dry spot in town,
And later, we know,
The brunt of the blow
Will be struck in parts here aroun'.

42532 METEOROLOGY - STORMS Chris Papa

The poop bucket's hid in the wood.
We've taken up all that we could
That might blow away.
Now we only pray
That our best precautions are good.

42533 METEOROLOGY - STORMS Chris Papa

One day soon, we will see the sun,
Once huge Fearful Floyd has his run.
We'll welcome with glee
No emergency,
And watering ban will be done.

42534 METEOROLOGY - STORMS Chris Papa

By midnight they say t'will be done.
For now we just follow its run
Up the New Jersey shore.
With more rain in store,
We hope the wind damage we'll shun.

42535 METEOROLOGY - STORMS Chris Papa

Will Charlston escape Hugo's blow?
Which way will the hurricaine go?
Will there be "hurrahs"
Or Les Miserables?
Whichever, the Victor, Hugo.

42536 METEOROLOGY - STORMS Irving Superior P8910

A hurricane by the name of Opal,
Took Gulf Shores something awful.
Ruined a property of mine,
(It was one of a kind!)
And adjusters say, "It is a total!"

42537 METEOROLOGY - STORMS Joyce

We'll hear as the wind blows around,
Trees and roof tops tumbling down.
But safe in our bunker,
We'll just get drunker,
The biggest storm party in town.

42538 METEOROLOGY - STORMS

A single candle burning bright
Supplies our only light tonight.
An ice storm to freeze;
Brings down cables, poles and trees.
Now it is not a lovely sight.

42539 METEOROLOGY - STORMS Sweetie Pie TP9806

The hurricane said, as she grinned,
"My will I now plan to rescind.
I left all my dough
To a cute weather pro,
And you shall inherit the wind."

42540 METEOROLOGY - STORMS Al Willis T9801

While thunder rolled out of the sky,
Tornados caused houses to fly;
The storm was a brute,
And its damage acute,
Causing ninety-six people to die.

42541 METEOROLOGY - STORMS Cap'n Bean P0308

With one more ice-cold winter's blast,
I sure hope that this is our last.
Today it is snowing,
And my flowers growing
Outside will be dying real fast.

42542 METEOROLOGY - STORMS Carol

It seems wherever you go,
The wind it continues to blow.
He in central PA,
It's a work holiday --
Let it snow, let it snow, let it snow!

42543 METEOROLOGY - STORMS Al Bienstock

As long as there's no place to go,
Let it snow, let it snow, let it snow.
But when you travel by air,
And get stuck at O'Hare,
It's a pleasure you'd gladly forgo.

42544 METEOROLOGY - STORMS Election 2000

We have never been worried too much
About inclement weather and such.
But last night's downpour
And the prospect of more
Give me cause for concern for the Dutch.

42545 METEOROLOGY - STORMS

It was a mild one as hurricanes go,
Some hang around to blow and blow.
And some are so mild,
They make my farts look wild,
As some people around me will know.

42546 METEOROLOGY - STORMS Jim Weaver Collection

The Nor'easter left us high and dry.
Not one flake of snow from the sky,
Has fallen 'round here;
It's sunny and clear;
I'd sure like to choke that weather guy!

42547 METEOROLOGY - STORMS

Finally a few clouds in the sky,
With thunder and lightning came by,
With much needed showers.
Thanks to the great powers
Of that naked rain dancing guy.

42548 METEOROLOGY - STORMS Carol

So now you are glad to be doused;
No doubt you'll go in and get soused.
As the rain comes down,
You'll be dancing around,
'Cause the rain dancing man is aroused.

42549 METEOROLOGY - STORMS Tony Brasell

Does this mean our dancing must cease
Because clouds and rain do increase.
I was having such fun,
All nude in the sun.
What a wonderful way to release.

42550 METEOROLOGY - STORMS Elizabeth

You can dance around all that you want;
Your bare nakedness then you can flaunt.
Out there on my grass,
All night shake your ass;
If the cops come by, act nonchalant.

42551 METEOROLOGY - STORMS Carol

Well, I'll not relinquish the chance
To dance with my lance out sans pants.
We'll just move inside
To the king-sized big wide
Bed and begin a new dance.

42552 METEOROLOGY - STORMS Jon Gearhart

My trousers I've had to take off.
(Why, sure I look funny; don't scoff.)
I've been and gone out
And got soaking throughout,
But I promise nowt else I will doff.

42553 METEOROLOGY - STORMS

But now you're soaked through and through;
I see water sloshing from your shoe!
You're starting to drip;
It's best that you strip.
I'll cover my eyes from the view.

42554 METEOROLOGY - STORMS

OK then, my dear, I'll strip;
My sweatshirt and socks I'll off whip.
Now if you want more,
Girl, kneel down on the floor,
For my jocks are too hard to off slip.

42555 METEOROLOGY - STORMS

And have a wee rummage inside;
Let fingers, not eyes, be your guide.
And when you can feel
What I barely conceal
There, my jocks you can slowly off slide.

42556 METEOROLOGY - STORMS

Oh dear, your masculine meat
Fits in my hand so perfectly neat.
Just as my T and A,
Fit your hands the same way,
This wet day turned into a treat!

42557 METEOROLOGY - STORMS

One freezing October eve,
So cold that the hands were in sleeves,
The roads were all icy.
'Twasn't terribly nicey;
Just look what Jack Frost could achieve.

42558 METEOROLOGY - STORMS Novastar

Thus speaketh ye old weather oracle:
Storms cometh, go not in thy coracle.
In vain may thou wrestle
Controlling that vessel,
And should thou survive, 'tis a moracle.

42560 METEOROLOGY - STORMS Tiddy Ogg

A magician of Kalamazoo
Said, "There's nothing that I cannot do.
It's the Fourth of July,
But why should we fry?
Let it snow! Let it snow! And it snew."

42561 METEOROLOGY - STORMS Jim Weaver Collection

What is that stuff that I see
That's falling down through the tree,
Outside my window?
Could it be snow?
Yes, it very well could be.

42562 METEOROLOGY - STORMS

Big flakes so fluffy and white
Are an unusual sight,
For one desert-raised
And in the sun braised,
But for now, snow fits just right.

42563 METEOROLOGY - STORMS

Right here in the USA, bro,
It's some months till we'll see any snow.
But if I had my picks
I'd be in the tropics,
Wouldn't see any snow no' MO.

42564 METEOROLOGY - STORMS

That snow, if you don't know, is CHILLY!
Makes it hard to get hold of my willy.
There's just no bragging
'Bout that shriveled thing.
All the girls think I've got willy-NILly.

42565 METEOROLOGY - STORMS

And fingers? They're too cold to grab
Frozen titties, like meat on a slab.
My only consolation
Is the insulation
I get from my layer of flab.

42566 METEOROLOGY - STORMS

The rain in Iberia falls
On the plain in the main? Utter balls!
They send their low pressure
To London and Cheshire;
It's England what suffers the squalls.

42567 METEOROLOGY - STORMS

A squall here would be a real treat,
I'm so sick of this infernious heat.
Always sweaty and hot,
Makes your twat smell like rot,
And you stick to the toilet seat.

42568 METEOROLOGY - STORMS

The weather? It's sunny and warm
(Rather warmer I think than the norm);
But that cumulonim-
bus looks horribly grim,
And I guess that we're in for a storm.

42569 METEOROLOGY - STORMS

Tomorrow is All Hallow's Eve;
They say we are going to receive
Not candy, you know,
But ten inches of snow.
I really am very aggrieved.

42570 METEOROLOGY - STORMS Azul

It was Bertha they gave as a name
To the storm on the east coast that came.
People left in a hurry
Fearing its mighty fury.
But compared to some, she was tame.

42571 METEOROLOGY - STORMS Youngbeard

I love thunder and lightning -- it thrills!
So exciting it gives me the chills.
My nipples go taut,
Afraid, I am not,
Of those flashes high over the hills.

42572 METEOROLOGY - STORMS Jayne

It started to rain, then it poured.
The lightning smote down with its sword.
There was a short pause,
Then from the storm's jaws,
Came the Thunder's deep subsonic chord.

42573 METEOROLOGY - STORMS ROE

"Thunder," the weather man said.
The thought of it fills me with dread.
I'll cover the mirrors
And if it gets serious,
I'll run and hide under the bed.

42574 METEOROLOGY - STORMS

"Cover mirrors?" I hear you deride;
They attract the lightning inside.
And once in the house
With its deafening rows,
You'll find there is nowhere to hide.

42575 METEOROLOGY - STORMS

Now this old wives tale made me wonder,
When on it I happened to blunder.
Rubber boots on the sill
Of a window, they will
Catch lightning that comes with the thunder.

42576 METEOROLOGY - STORMS Frank

I have a four day weekend,
Don't know what to do, how to spend
All of this free time.
Cause in the house, I'm
Stuck. Will this rain ever end?

42594 METEOROLOGY - WEATHER Limerick Man

Is nowdays blamed on chaology.
Last weeks butterfly-wing flaps...
Today surprise thunder claps,
And weather forecasters' apology.

42595 METEOROLOGY - WEATHER Prof M-G T9710

The storm at my window is nigh,
As thunderheads rattle the sky.
Celestial strife,
Like an echo of life,
A chaotic cacophonous cry.

42596 METEOROLOGY - WEATHER Lassies Lover TP9806

I love looking up at the sky,
Watching cotton-wool clouds drifting by;
For they're constantly changing
Formations; arranging
Themselves into pictures on high.

42597 METEOROLOGY - WEATHER Ardens

They drift by, hypnotically slow,
And though it's a cliche, I know
I see castles and towers
Ever changing for hours;
An amazing magnificent show.

42598 METEOROLOGY - WEATHER Ardens

So fluffy and pure they appear,
Like cotton balls, far or near.
Soft as a willow,
A cushy white pillow;
Strong winds make them soon disappear.

42599 METEOROLOGY - WEATHER Arden

The weather reporter Miss Lowe
Forecast rain, hail, tornadoes and snow.
But her date was not scared,
He came fully prepared;
He was braced for the coming big blow.

42602 METEOROLOGY - WEATHER   Albin Chaplin

The weatherman falters and flinches
When the voice on the phone is Miss Lynch's.
She expects it to blow
At least four in a row,
For a total of twenty four inches.

42603 METEOROLOGY - WEATHER   Albin Chaplin   3024-0447

The weather in Limerick is great;
No frosting, no snow as of late.
Quite pleasant I'd say,
On a rainy free day,
As the world passes by my front gate.

42604 METEOROLOGY - WEATHER   Mul

They say, though, that Ireland's so green,
And Erm agrees; there she has been.
Somewhere there, each day,
The skies grow dark grey,

Entreating my sis, the aesthete,

42606 METEOROLOGY - WEATHER H WHELCHEL

This inconsequential refrain
I'm writing awaiting my train;
The twenty-to-eight
Into London -- it's late
On account of the rain yet again.

42607 METEOROLOGY - WEATHER Peter Wilkins

Umbrellas are useless for hail,
Which screams down like banshees from Wales.
We run helter-skelter
But cannot find shelter,
And almost fall onto the rails.

42608 METEOROLOGY - WEATHER Peter Wilkins

We huddle together and frown
Or curse as the rail beateth down;
It's half an hour late
Is the twenty-to-eight,
And I won't be surprised if we drown.

42609 METEOROLOGY - WEATHER Peter Wilkins

42611 METEOROLOGY - WEATHER Nithene

Oh come now, dear friend, use your brain.
This weather report is insane,
For Hurricane Gilbert

Should really be called Himmicane!

42612 METEOROLOGY - WEATHER John Dohner P8811

My excuse, I should say, is exquisite:
A tornado paid us a visit,
Which as you might guess
Left a bit of a mess.
That's not a bad reason, now is it!

42613 METEOROLOGY - WEATHER John Miller 0029

Threw off my clothes without a hitch.

'Cause it's hotter than hell.

42614 METEOROLOGY - WEATHER Marlene Lewis

The temp is a hundred degree;
How quickly it dries-up the pee.
While it may be fine
For Champagne and wine,
The sweat is just pouring off me

42615 METEOROLOGY - WEATHER

Oh bugger the grapes, Carol dear;
The temperature's 100 F here.
And girlies are wearing
Those swimsuits so daring;
A fine view while supping my beer.

42616 METEOROLOGY - WEATHER

Out here in the desert we drool;
A hundred degrees is just cool,
'Cause when it gets hot,
Then a hundred is not
A reason to jump in the pool

42617 METEOROLOGY - WEATHER

It's almost as hot over here,
But rarely with sunshine this year.
And now once again,
Here comes pouring rain;
A bar room tan, only, I fear.

42618 METEOROLOGY - WEATHER

I'll take you to one of the best
Of pubs, Carol. They'll be impressed.
But swimsuits are banned,
They bring with them sand,
Besides, you would be overdressed.

Behind our doors, both races retreat.
But we can't blame the Klan;

42626 METEOROLOGY - WEATHER

The rains just keep coming. Won't go;
Now some of it's turning to snow.
In England and Wales,
We've had lots of gales.
The forecast? The same, don't you know!

42627 METEOROLOGY - WEATHER   Janet Barkaway

The waters don't know where to go,
So most rivers just overflow,
Into valley and dale,
Where river banks fail,
Flooding houses and farms as gales blow!

42628 METEOROLOGY - WEATHER   Janet Barkaway

I admit, England's weather's unique,
And far be it from me to critique.
Though is sure isn't Spain
Where the rain's on the plain,
Flooded hills are a sight poetique.

42629 METEOROLOGY - WEATHER   Ulla

It's true floods are causing great pains,
Because of monsoonial rains.
The problem: the build-

With concrete the rivers flood-plains.

42630 METEOROLOGY - WEATHER Tiddy Ogg

42632 METEOROLOGY - WEATHER Arthur Deex P0107

For weeks we've endured ice cold weather,
So bitter that not even leather
Would keep out the cold.
But lo and behold,
Today all I need is a feather.

42633 METEOROLOGY - WEATHER Carol

I'm waiting for more sunny weather.
Maybe if we then get together,
I might drop one by one
All clothes I have got on;
All I'll wear won't be more than a feather.

42634 METEOROLOGY - WEATHER

Oh, please dear, don't come in your suit.
Just give me a jaunty salute.
I'm already bare,
And willing to share.
So, ready, take aim and just shoot.

42635 METEOROLOGY - WEATHER

I'm going to play in the snow,
Where I might go fast or go slow.
So snowmen beware,
I might try it bare.
I'll give an account, blow-by-blow.

42636 METEOROLOGY - WEATHER

I've heard of snow blowers, that's true,
But thought not they spoke thus of you.
If that is your game,
It's time that I came
In my snowman suit, though I turn blue.

42637 METEOROLOGY - WEATHER

That color of blue is quite nice.
But I don't want you cold as ice.
No, I want you hot.
My lips on the spot.
A couple of licks should suffice.

42638 METEOROLOGY - WEATHER

In Santa Cruz, on Monterey Bay,
A sunset can take your breath away.
The colors are great,
Your senses elate
When the sky turns into night from day.

42639 METEOROLOGY - WEATHER Travis Brasell

The sun is ashinin' today;
The snow is ameltin' away.
That one single flower,
(Thanks to your warm shower)
Has bloomed into a sweet bouquet.

42640 METEOROLOGY - WEATHER

There was a snowman in the rain,
Felt so odd that he melted again.
After that he was wetter,
Although he felt better.
But he soon ended up down the drain.

42641 METEOROLOGY - WEATHER

A "Tornado Watch" we're now under;
There's plenty of lightning and thunder;
I'll go to my cellar
With Maggie the stellar
Old whore for a blow down asunder.

42642 METEOROLOGY - WEATHER Travis Brasell

The weather today is amazing;
There's wall-to-wall sunshine a-blazing.
I wish you good cheer
With this glass of cold beer.
Now its back to my garden and lazing.

42643 METEOROLOGY - WEATHER Peter Wilkins

A white Christmas the songs do extol;
The writers do not brave the cold,
To scrape and to clean
A windshield opaline,
In the wind when it's thirty below.

42644 METEOROLOGY - WEATHER Azul

Tonight here, my dear, it is hot
And damp 'cause plain humid it got.
Now that would be good
If 'twere just my wood
Gettin' hot and damp in your twat!

42645 METEOROLOGY - WEATHER

So the temp went up a few degrees,
And you've got the hot and sweaties.
And want a good screw,
But first please won't you,
Wash off that cock full of old cheese?

42646 METEOROLOGY - WEATHER

Too soon have I spoke of the weather.
On the bright side, it's bound to get better.
The snow is now falling;
The weather's appalling,
And my hands, they look like old leather.

42647 METEOROLOGY - WEATHER Mul

The snow that became freezing rain,
Has power lines under a strain.
And soon, I am thinking,
('Cause my lights are blinking,)
A cold and dark night once again.

42648 METEOROLOGY - WEATHER Carol

Did someone out there call my name?
If so it's really a shame.
I'm buried below
All this fucking snow,
And it's made my brain go lame.

42649 METEOROLOGY - WEATHER Jon Gearhart

A hot day, my uncle in town,
Perspiring most free from his crown.
On a bench there he sat,
And took off his hat,
On replacement he found a half-crown.

42650 METEOROLOGY - WEATHER

Virginia's weather is truly the best,
Be you in the east or the west.
But it's only this sweet
For maybe a week;
Too hot or too cold is the rest.

42651 METEOROLOGY - WEATHER Karen

So I try to get out of here
To the islands I love so dear,
In winter, for sure,
So I needn't endure
The blowy and snowy I fear.

All of the ways the wind blows.

How the wind blows to and fro,
Dragging the leaves as it goes.
Stirring the dust
And my skirt as it must;
Cold as a stab stiletto.

42655 METEOROLOGY - WEATHER Azul

When you mention "the wind", I don't think
Of the weather, instead just a stink;
Cabbage and peas,
Baked beans and cheese,
Are the thoughts with the wind that I link!

42656 METEOROLOGY - WEATHER Jayne

Gas bags infecting the air
With a stench so much harder to bear.
Political hacks
Who lie, spend and tax!
That wind from D.C. I'd beware.

42657 METEOROLOGY - WEATHER Tutta Gioia

The professor procedes to instruct
How the nature of storms we duduct,

But the wind doesn't blow -- it is sucked.

42658 METEOROLOGY - WEATHER Albin Chaplin 3024-2626

Here's a truth that applies without fail:
If you jog or you cycle or sail,
The wind's never blowing
The way that you're going --
In your face, never hard on your tail.

42659 METEOROLOGY - WEATHER William N Nesbit

Sight of yellow is surely appalling.

Pound the Guilder or lilies in parks;

And probably stuck in quite slowly;

The farmer for years used to plow
These fields to raise feed for his cow.
But as they're all asprawl
With a huge shopping mall,
All the folks raise is taxes there now.

43056 MONEY - TAXES A. N. Wilkins P8704

On taxes, if ten percent cheat,
The Congress the shortage must meet.
A ten percent raise
In taxes repays
The ten percent lost through deceit.

43057 MONEY - TAXES Irving Superior P9705

He finally got down to brass tacks.
"You don't have to pay any tax.
Those two hundred clams
Are not Uncle Sams.
You must pay it to my partner, Max."

43058 MONEY - TAXES Al Willis P9705

I'm Davy and with my friend Max, is
The government's collector of taxes.
Each adult must pay
So we've come this way,
And trust that you serfs will grant access.

43059 MONEY - TAXES Tiddy Ogg

Defining an adult, it's fair
To claim that it's them what has hair
Down there, 'neath the navel.
And so me and Dave'll
Examine the youngsters down there.

43060 MONEY - TAXES Tiddy Ogg

You must see that it's right to inspect
These youngsters, and we can detect
If they are hirsuty;
It's plainly our duty,
To test and accept or reject.

43061 MONEY - TAXES Tiddy Ogg

Now Max is the one who is gay, see,
So while I grope Sharon and Tracy,
He'll check if young Darren
And Kevin are barren
Of fuzz...But they thought it too racy.

43062 MONEY - TAXES Tiddy Ogg

And drove our lascivious two
Away, swore they'd run the pair through
For causing disquiet.
Thus started the riot,
And all of this stuff, folks, is true!

43063 MONEY - TAXES Tiddy Ogg

I know it's now April the oneth.
The day when that deception is funth.
But this tale I heard
Last week -- twenty third
Or fourth, of the preceding month.

43064 MONEY - TAXES Tiddy Ogg

If your taxes you pay without fail,
The poorhouse will be your travail.
If you choose to contrive
To deceive to survive,
You will find that you languish in jail.

43065 MONEY - TAXES Albin Chaplin P8704

Our taxes, whatever becomes
Of them? The thought just benumbs.
The pork barrel crew
Take most, not a few,
And leave you and me with the crumbs.

43066 MONEY - TAXES Chris Papa

The governments waste all their dough
And the tax bite continues to grow.
The way we are headed,
Once their teeth are imbedded,
Don't expect them to ever let go.

43067 MONEY - TAXES Albin Chaplin 3024 P9708

She has a shoe business, my Honey.
She takes in just oodles of money.
We report every dime,
Plus my cash overtime,
And that's why they call me "Dumb Bunny."

"It's tax time," cried King George the Third.
And colonists, hating the word,
In Boston threw tea;
Quoted Patrick Henry;
And fired the shot 'round the world heard.

43069 MONEY - TAXES Irving Superior P9705

Our system of taxing, one hears,
Rests solely upon volunteers.
But if you should refrain
From tax-paying, you'll gain
Room and board in the slammer for years.

43070 MONEY - TAXES John Sandler P9203

In the clinic I stood there unclad
While the doctor made notes on his pad.
"Sputum, sera, and choler --
You're sound as a dollar!"
I replied, "Am I really that bad?"

43071 MONEY - TAXES Arthur Deex P8705

It's tax time, but don't evidence it.
Just closing your mind circumvents it.
Don't cry 'bout spilt milk.
It's too late, it's been spilt.
And there's no way that you can condense it.

43072 MONEY - TAXES Al Willis

The Dems finally are in the debate;
300-buck, pay-it-now, rebate.
Tax cuts -- we got 'em,
For those at the bottom --
Now be still, watching GOP take the bait!

43073 MONEY - TAXES Dr Limerick 03-27-01

Cut the hype, cut the hoke, cut the chatter!
Bottom line: Campaign speeches don't matter.
Just cut to the chase
And make sure you replace
The tax code with one fairer and flatter.

Tax Freedom Day is finally here.
From now on it's our money -- let's cheer.
But while that is good news,
In the end we still lose --
Tax Freedom Day comes later each year.

Gosh, I'd love to be that kind of pro!

43078 MONEY - TAXES Mark Levy P9705

I guess that I'm now on the spot.
I must tell Uncle Sam what I've got.
The money I made,

Toot flutes, send out E-mail and Faxes!
We don't have any clout
But they'd perish without
Us suckers who pay all the taxes.

43082 MONEY - TAXES Ann Gasser P9501

We voters just tightened the screw,
While our reps have a quite different view.
The initiative's flaws
Stopped their right to make laws,
Unless taxes is all that they do.

43083 MONEY - TAXES John Paulk

High taxes, with which they have stuck us,
Are causing a citizen's ruckus.
Good management skill

Taxes weren't intended to pluck us.

And one thing is clear;
It's time we all falsify.

43086 MONEY - TAXES Al Willis P9705

43090 MONEY - TAXES Bill Backe-Hansen P8705

I have finally paid all my tax;
They hauled away money in sacks.

"Good taxation," said Senator Keating,
"Is like shearing sheep with the least cheating,
So that in the long pull,
We collect the most wool
In a way which will cause the least bleating."

43092 MONEY - TAXES - FEDS A. N. Wilkins P8704

The government took a big slice
In taxes that squeezed like a vise.
But the Senate astute
Made them hard to compute,
And so some people paid the tax twice.

Since the IRS cannot define
Their miserable mess,

With his swig of elixir --
Though what works is his uncle's bequest.

43655 MUSIC - OPERA C. Webster Wheelock P8602

As Rodolfo wants Mimi to see,
Both their love and their lunch can be free;
She's the toast of the Quarter,
But her breath becomes shorter,
And she dies with her sighs at high G.

43656 MUSIC - OPERA C. Webster Wheelock P8602

Oh, Mimi, your patties are cold!
You should have something hotter to hold --
When you've held it enough,
Then I'll buy you a muff
With my friend Schaunard's last piece of gold.

43657 MUSIC - OPERA Robin K. Willoughby P8602

If like me, you can't stand La Boheme,
(I was right; I can hear bubbling phlegm.)
Then you'll doubtless concur
It is odd about her;
And I've heard Figaro's one of them.

43658 MUSIC - OPERA Bill Wall

Violetta is weak in the chest,
Yet Alfredo will give her no rest.
Since he's mad for her genes;
Then his dad intervenes...
And her death scene is one of the best.

43659 MUSIC - OPERA C. Webster Wheelock P8602

Traviata awaits her demise,
A condition her big arse belies.
Can we make the assumption
That she'll die from consumption,
Overlooking the fat lady's size?

43660 MUSIC - OPERA William N Nesbit

An insatiable Elsinore whore,
Once toured with the Met's Trovatore.
But when she got through
With a tenor she knew,
She thought she had done Le Coq d'Or.

43661 MUSIC - OPERA

The Russians musicians are sore,
And the symphony players deplore
The fact that the louse
Who runs the crack house
Is calling the place Le Coq d'Or.

43662 MUSIC - OPERA A. N. Wilkins P8803

To its other uses refer,
As when Gilbert uses DEFER,
He means to bow down
To big man in town,
The "Lord High Executioner."

43663 MUSIC - OPERA Chris Papa

At the Met, Impresario Flynn
Staged a cow with a voice genuine.
As she sang through Act I,
She appeared highly strung--
All she did in Act II--low and grin.

43664 MUSIC - OPERA Al Chaplin P9206

Sweet Lucia just hasn't a chance
Once she's wed to the wrong pair of pants.
But she hastens her doom
When she chastens her groom
With a dirk, in a tremolo trance.

43665 MUSIC - OPERA C. Webster Wheelock P8602

She undressed for more men than a stripper.
When they died for her, she remained chipper.
She thought nothing could stop her,
But she came a cropper
When Lulu picked up Jack the Ripper.

43666 MUSIC - OPERA A. N. Wilkins P8602

As a hero Tamine is slack.
Thought he faints at the serpent's attack.
He has more than one friend
And so in the end
He does get his lady friend back.

43667 MUSIC - OPERA A. N. Wilkins P8602

Papageno is lusty, unsated,
But Tamino is justly elated,
For the Queen of the Night
(Who can trill out-of-sight)
Has a daughter who's thrilled to be mated.

43668 MUSIC - OPERA C. Webster Wheelock P8602

Manon and Des Grieux, at finale,
Have been banished, for choosing to dally,
To the deserts of Florida,
(What could be horrida?)
Since Puccini had no Rand McNally.

43669 MUSIC - OPERA Robin K. Willoughby P8602

The Marriage of Figaro's dandy
'Cause Mozart, who wrote it, was randy.
But the lead prima donna
Doesn't look like Madonna --
She's been gorging on cookies and candy.

43670 MUSIC - OPERA Dick Potts P8602

Rothbart was meaner than shit,
'Cause Odile was somewhat of a pit.
When all hell broke loose,
He knew 'twas no use,
Rothbart's peter gave Queenie a fit.

43671 MUSIC - OPERA Pooh

A tenor who sang at the Palace
Found a welt on the tip of his phallus
While performing Medea
With a diva Maria.
Diagnosis? A Maria callus.

43672 MUSIC - OPERA Martin Wellborn P8602

Will the Baron succeed in his plot?
Can he capture the widow, or not,
For his indigent State?
With Danilo as bait,
They can keep her both merry, and hot.

43673 MUSIC - OPERA C. Webster Wheelock P8602

Pollione produced a sensation
By admitting he had a relation
With the Arch-Druid's daughter.
He explained that he sought her
Because he favored normalization.

43674 MUSIC - OPERA A. N. Wilkins P8602

As a partisan, Norma's a flop --
Who can tell why she fell for a Wop?
His imperial fluid
Made a Mom of our Druid:
Pollion's her little one's Pop.

43675 MUSIC - OPERA C. Webster Wheelock P8602

In Stravinsky, Jocasta suspects
The truth which her husband rejects.
In the end, once it's clear,
There is Creon to steer
The city-state Oedipus wrecks.

43676 MUSIC - OPERA A. N. Wilkins P8602

Given over to wanton excess,
With carnality they did obsess.
Spending great energy
In abject synergy.
Who? None other that Orgy and Bess.

43677 MUSIC - OPERA Loren Fitzhugh P0308

Claudio cried, "This finale's a flop!
All those Furies continue to bop
Young Orpheus on the head;
The poor guy looks half-dead.
It's just gross! Tell the fat one to stop!"

43678 MUSIC - OPERA Jim Weaver Collection

Though some wives give men so much flack
That marriage is hellish to hack,
Orpheus, when his bride
Caught the miseries and died,
Went to hell just to bring his wife back.

43679 MUSIC - OPERA A. N. Wilkins P8602

"Come on guys, and give me a break",
The tenor cried, starting to quake.
The thought of Otello
Turns strong men to jello,
When they want a Delmonico steak.

43680 MUSIC - OPERA   Bob Seigler

In Central Park a young rapist named Bass
Saw a sweet piece of ass in the grass.
As he went for the crotch he
Hummed the tune "Pagliacci"
And the sweet piece of ass said, "That's class."

43681 MUSIC - OPERA   Fred Cohen   P8602

Whenever Pagliacci I sing,
My wife to her ears, her hands cling,
And jests at my flaws.
On high notes I pause...
Then slobber the rest of the thing.

43682 MUSIC - OPERA   Irving Superior

The hero was distant and cool
When Kundry, the sorcerer's tool,
Took off every thread
To get him in bed,
When Parsifal still was a fool.

43683 MUSIC - OPERA   A. N. Wilkins   P8602

A cocky old stager named Lee
Smirked, "No need for parties with tea,
Nor lacrosse, bridge, or puttin',
'Cause I've plenty of nuttin'
And nuttin's plenty for me."

43684 MUSIC - OPERA   Armand E Singer   639

The Duke of city-state Mantuan
Had a sexual organ gargantuan;
He said to Gilda "You see, miss,
It's more than a penis,
It's a ducal device to romance you on.

43685 MUSIC - OPERA Steve Brown P8803

Opera doesn't give me a clue.
The plots are as sticky as glue.
They rigged Rigaletto
And lost the libretto.
The finale was played to a few.

43686 MUSIC - OPERA Joseph Eldridge

Rigoletto has fun with seduction
Till his daughter's undone through abduction;
They he lays for the Duke,
But it's heaven's rebuke
That the baggage gets bagged in the ruction.

43687 MUSIC - OPERA C. Webster Wheelock P8602

"Jokanaan," young Salome said,
"I long for your body in bed."
But although she insisted,
The prophet resisted,
So that all that she got was his head.

43688 MUSIC - OPERA A. N. Wilkins P8602

A man who no nuance did know,
During Salome, got up to go.
When asked, "Dare you flee?"
Grumped "It's all Grieg to me --
I just came for the veils with Velcro!"

43689 MUSIC - OPERA

At a Straussian Gala -- Row B (me),
Under Salome's veils -- no bikini!
A peculiar discomfort,
Bumped me, not from the trumpet,
But behind, from a nervous Row C knee.

43690 MUSIC - OPERA

When Sampson appeared at the feast,

There's no sadness in Sorrento.
That's the song the residents know.
In SORRENTO -- all they play,
In SORRENTO -- night and day.
Few apartments there for rent though.

43694 MUSIC - OPERA Irving Superior

No, the Barcarolle isn't for me,
At least not as far as I see.
While some have a devotion
To its smooth rowing motion,
When I hear it, I think, 'Broccoli.'

43695 MUSIC - OPERA L C Fitzhugh P0111

The good monk said, "I'll save your soul, cookie."
But Thais says, "Come sleep with me, rookie."
So that he, to his cost,
Though he saves her, is lost,
And can now think of nothing but nooky.

43696 MUSIC - OPERA A. N. Wilkins P8602

For this will be a jolly court, for little and for big!
From morn to night our lives shall be as merry as a grig!
All state and ceremony we'll eternally abolish --
We don't mean to insist on unecessary polish --
And, on the whole, I rather think you'll find our rule
tollolish!
43697 MUSIC - OPERA W S Gilbert

A TROUBADOUR named Nanki-Poo,
A creation of Gilbert and you-know-who.
Dressed in shreds and patches;
His matrimonial matches
Came to the awkward number of two.

43698 MUSIC - OPERA Norm Brust

Nanki-Poo, as the rascal was known
'Til TROUBADOUR cover was blown,
Paraded through town
In a tattered gown,
Disguised as a second trombone.

43699 MUSIC - OPERA Chris Papa

A diva once, meeting Corelli,
Sang Floria flat on her belly.
Her version of Tosca
Would win her an Osca'
If only it got on the telly.

43700 MUSIC - OPERA Bob Seigler

Baron Scarpia, seeking to bribe her,
Finds in Tosca a diva with fiber:
For his lecherous heat
She'll fillet him like meat,
Lose her lover, then leap in the Tiber.

43701 MUSIC - OPERA C. Webster Wheelock P8602

A Tosca who jumped from a height,
Bouncing back, was a breathtaking sight.
Her rival, when hired,
From a cannon was fired;
Quite a BOOM, since the fit was so tight.

43702 MUSIC - OPERA

The trajectory, graceful not crude,
Created a scandalous mood.
'Twas the sight of those bloomers
That started the rumors:
Her replacement is singing it nude!

43703 MUSIC - OPERA

Little Miles, just a schoolboy it's true,
Of the sex act knows one thing or two.
But the governess, jealous,
James and Britten both tell us,
Does not ever get her turn to screw.

43704 MUSIC - OPERA A. N. Wilkins P8602

Tossed him into the ocean to drown.

43707 MUSIC - OPERA A. N. Wilkins P8602

How the Rhinemaiden's treasure became a ring:
Noisy dwarves at their anvils a-hammering:
This is Alberic's Curse;
It can only get worse:
Three more operas and then -- Gotterdammerung!

43708 MUSIC - OPERA - WAGNER Steve Brown P8802

Part two of the Ring of the Nib'ling:
Five hours of high-volume quibbling
By Fricka and Wotan
Whose daughters emote on
While Siegmund makes time with his sibling.

43709 MUSIC - OPERA - WAGNER Steve Brown P8802

Why did Brunhilda cry "Ho-jo-to-ho!"?
Do you have to ask. Didn't you know?
'Twas not in delight,
Rather more pain and fright;
Her horse, Crane had trod on her toe.

43710 MUSIC - OPERA - WAGNER Robin K. Willoughby P8602

Here at last is the End: Gotterdammerung;
Let us marvel at Brunnhilda's leather lung:
Though our eardrums are numb
And Valhalla is crumb-
ling, she won't quit till the last bar Goddamn is sung.

43711 MUSIC - OPERA - WAGNER Steve Brown P8802

Though its length made it strangely improper, a
Composer's one work was a whopper! A
Feast set before us
Through ten acts with chorus,
This singular opus an opera.

43712 MUSIC - OPERA - WAGNER Laurence Perrine P8602

Wotan hated incest.
But Brunnhilde thought it was best,
For Sieglinde to go
Have her child, even though
It put the wrath of her father to test.

43713 MUSIC - OPERA - WAGNER Tom Hamilton

"Announcers like German in part --
'Die Valkuere', for instance," said Bart.
"They're complacently bold
When they say Das Rheingold,
But for Siegfried, they translate Rhinefahrt."

43714 MUSIC - OPERA - WAGNER A. N. Wilkins P8602

The hero is a tenor who's helden
(In the language that Wagner is yelled in);
His speech is Teutonic,
His behavior moronic,
And his favorite pastime's sword-weldin'.

43715 MUSIC - OPERA - WAGNER Steve Brown P8802

Siegfried, when he finally returned,
Caused Brunhilde a lot of concern.
He was clearly a hero
To whom love was a zero,
And she knew that she'd likely be burned.

43716 MUSIC - OPERA - WAGNER A. N. Wilkins P8602

After Tannhauser's little affair
With the Venusberg vamp in her lair,

43717 MUSIC - OPERA - WAGNER C. Webster Wheelock P8602

The first time I saw Wagner's Ring,
How I prayed that the fat lady'd sing.
This would mean it was over;
I could go home to Rover.
The Ring is a terrible thing.

43718 MUSIC - OPERA - WAGNER Bill Wall

Said Tristan to lovely Isolde,
"Why, darling, your lips are so cold!

We're impressed by the sound of your tune
And admire your Old Blue Eyes-like croon.
But ere you serenade

When I serenade Mrs Koon,
I first got to Rayford's Saloon,

That keeps him from coming home soon!

43777 MUSIC - PERCUSSION Travis Brasell

I crooned 'neath the window of Gail,
As would any love-hungry male.
"Don't pester my daughter!"
Cried mother, threw water
And failed to keep hold of the pail.

43778 MUSIC - PERCUSSION Tiddy Ogg

By paying Gail's mum with a ducat,
You'd surely escape her darn bucket,
But if you've no coins,
Then gird up your loins,
And run fast away from Nantucket.

43779 MUSIC - PERCUSSION Travis Brasell

The spoons are to me as the bongo
Was once to the tribesmen of Congo.
My Grandpop played well, he
Would sing Mother Kelly
And play them; now how does that song go?

43780 MUSIC - PERCUSSION Graham Lester

Dunno, but I know Mother Kelly
Once sang with such gusto and welly,
She caused the collapse
Of a roof on those chaps
Who were furiously playing the celli.

43781 MUSIC - PERCUSSION Peter Wilkins

Well yes, I did hear about that;
Her flat disappeared with a splat.
One moment she sings,
And her flat is all strings,
Then a crash and her strings are all flat.

43782 MUSIC - PERCUSSION Graham Lester

My brother and I were among 'em.
They'd drunk all the Guinness we'd brung 'em.
But after the stout,
They chucked us all out!
So the roof fit the bill. I say, "Dung 'em!"

43783 MUSIC - PERCUSSION Liam na Beag

At this club uptown they've got a monkey;
It is said that he plays
"Take Five" ten differrent ways,
But most strange is, he just plays in one key.

43785 MUSIC - PERCUSSION Robin K. Willoughby P8408

In a tizzy, those triplets to quell,
I shot him a bitonal "Well?"
But to drum in the down beat,
This Gio brought in both feet,

Beating time with my dick to Ravel.

43791 MUSIC - PERCUSSION - PIANO   Peter Wilkins

43801 MUSIC - PERCUSSION - PIANO   Hugh Clary

Remember when at the piano,
"Mens sana in corpore sano."

43818 MUSIC - PERCUSSION - PIANO   Jean Fox

His music is really a treat;
Rhythm tapped out by his feet.

43819 MUSIC - PERCUSSION - PIANO   Jean Fox

You did strike a chord. Shall we sing?
I'll not fret over each little thing.
But I must insist
That your pianist
Has got to stop plucking my G-string.

43820 MUSIC - PERCUSSION - PIANO

My G-string holds many an air. (?!!)

Am I losing my bottle?
I'm covered in dottle!
Does James Galway get this in mid toot?

A flatulent flautist named Flo,
Attained mastery out of fear of solo.

Amid gasps from the audience,
So she lip-syncs poco adagio in duo.

Was luking around in the cellar,
With woodworking tools,
Planes, chisels, steel rules,
And a copy of Grimm's Cinderella.

44369 MYTHOLOGY - EGYPTIAN Tiddy Ogg

Which gave inspiration, and trees
Were felled and carved up for his wheeze
To build him a thing,
That fitted the king
Like a glove, and would be sure to please.

44370 MYTHOLOGY - EGYPTIAN Tiddy Ogg

A coffin it was, finely wrought;
Far better than one you'd have bought,
From any mortician,
On doubled commission,
And once more of Cinders gave thought.

44371 MYTHOLOGY - EGYPTIAN Tiddy Ogg

He reckoned he'd hold a grand ball;
The gentry to come, one and all.
And while they all rock
And samba, this box
I'll unveil, and issue the call.

44372 MYTHOLOGY - EGYPTIAN Tiddy Ogg

"Come now, every gal, every guy,
Come give this fine casket a try;
And if the thing fits,
You'll be thrilled to bits,
It's yours, free, no word of a lie.

44373 MYTHOLOGY - EGYPTIAN Tiddy Ogg

So all of them try as he bid,
But you all know which one that it did
Fit snug as a bug
In a rug, so the mug
Got caught when Set slammed down the lid.

44374 MYTHOLOGY - EGYPTIAN Tiddy Ogg

He carted it down to the stream,
(Created by Ozzy's own cream,)
And let the box go
With the flow. Cries of woe
Were heard from sis Isis, the queen.

44375 MYTHOLOGY - EGYPTIAN Tiddy Ogg

Thus Set set to rule there, instead.
He too, taking Isis to bed.
But Set was no prize,
After Ozzy's great size,
So out from the palace she'd tread.

44376 MYTHOLOGY - EGYPTIAN Tiddy Ogg

She searched down the long Nile's edge,
And pledged that she'd dredge every ledge,
And yes, sure enough,
Thoug the labour was rough,
The casket she found midst the sedge.

44377 MYTHOLOGY - EGYPTIAN Tiddy Ogg

She drags it home; by it she sits.
Set finds her, yells: "Bitch, you're the pits!"
And while she just gawps,
He grabs Ozzy's corpse,
And thereupon tears it to bits.

44378 MYTHOLOGY - EGYPTIAN Tiddy Ogg

Once more in the Nile's murky flow,
In pieces now, Ozzy must go.
But Isis with nets
Goes fishing and gets
Most all of him back, but there's no...

44379 MYTHOLOGY - EGYPTIAN Tiddy Ogg

...Genitalia. YOu may think that's rummy.
But a gull flock has filled up its tummy.
But the rest all fits right,
And he's bandaged up tight,
'Cause Isis has made the first mummy.

44380 MYTHOLOGY - EGYPTIAN Tiddy Ogg

You think, folks, this stuff is baloney,
That all I have spouted is phoney.
But it's all on the net.
You'll find it, I bet,
And the writer is not an Ogg crony.

44381 MYTHOLOGY - EGYPTIAN Tiddy Ogg

44398 MYTHOLOGY - ENGLISH Norm Storer

To get through the front castle door,
The moat you must cross.
The drawbridge was boss
And it's yellow fingers dripped gore.

All his toughest guys batted zero.
The drawbridge was cruel.
Made all look the fool,
And mangled 'em up like a gyro.

Those fingers did not respect class!

The fingers grabbed him by the throat,
Then pulled off his head
And left him for dead.
(Served him right, the nasty old goat.)

Some Lady then made the mistake;
Thought the bridge would give her a break.
It broke her right arm,
Her knees it did harm,
And then threw her right in the lake

44403 MYTHOLOGY - ENGLISH Marlene

Through the yellow fingers, Sir King!
So now I am done
With this dumb old pun,
And that's quite enough of this thing!

So, leave me alone you fathead!"

44413 MYTHOLOGY - ENGLISH Marlene

44415 MYTHOLOGY - ENGLISH Marlene

The Irish believe this I'm told:
That there really is the pot of gold.
It's full to the top,
And your eyes will pop
When it's yours to have and to hold.

44416 MYTHOLOGY - ENGLISH H Bomb

I'm not Irish (or so I've been told)
But I do dream of that pot of gold.
But my hopes were forlorn.
When I wake in the morn,
It's hardly cold metal I hold.

44417 MYTHOLOGY - ENGLISH John

I'm part Irish, but mostly German.
From your ditty I can determine,
When you awake
And your hand should shake,
What you really need is a wormin'!

44418 MYTHOLOGY - ENGLISH H Bomb

"Knights" are quite silly, you know
And they go with above and below;
Their stories are told
By the fire when it's cold
And things are abysmally slow.

44419 MYTHOLOGY - ENGLISH

King Arthur was moved to inquire
Of Sir Modred, "Do you never tire
Or lose this strong craving
For wild misbehaving?"
The knight answered, "In what manor, sire?"

44420 MYTHOLOGY - ENGLISH - ARTHUR   The Lenore OverturesP9809

For those who avoided part 1:
Young Arthur is out having fun;
Meets a tart in a lake,
Who tells him he'll make
It big, from the size of his gun.

44421 MYTHOLOGY - ENGLISH - ARTHUR   Tiddy Ogg

He'll reach an exalted position,
With the help of a failed stage magician.
There'll be crumpet galore,
With whom he will score,
And it seems it will come to fruition.

44422 MYTHOLOGY - ENGLISH - ARTHUR   Tiddy Ogg

They rampaged around their fair land,
Art with pork sword in his hand;
Slaying all knaves and varlets,
Screwing virgins and harlots;
Merlin making full use of his wand.

44423 MYTHOLOGY - ENGLISH - ARTHUR   Tiddy Ogg

"Go North," cries Art, "Find a new trail!"
So they all hop aboard Virgin Rail.
But of course the train's crap,
And a coupling does snap,
And they're dumped in the suburb of Sale.

44424 MYTHOLOGY - ENGLISH - ARTHUR   Tiddy Ogg

Now why, in this wierd pantomime,
Pick Sale for the scene of the crime?
OK, I'll explain:
Blame Branson's crap train,
And the desperate search for a rhyme.

44425 MYTHOLOGY - ENGLISH - ARTHUR   Tiddy Ogg

On foot then go Art and his men.
At Shrewsbury they meet this wench, Gwen.
Art whimpers and drools
As she licks at his tool,
"More, baby, go do that again."

44426 MYTHOLOGY - ENGLISH - ARTHUR   Tiddy Ogg

Now here, I think, credit is due.
I've managed so far to eschew,
Those Bugs Bunny quips,
'Bout Sir Loin and Sir Kit,
Sir Pent and the waiter, Sir Vue.

44427 MYTHOLOGY - ENGLISH - ARTHUR   Tiddy Ogg

In Gwen's lovenest Art is embroiled,
And he brings her back to Camel, broiled.
And so with that whore
For a fortnight or more,
In the arms of each other, they're coiled.

44428 MYTHOLOGY - ENGLISH - ARTHUR   Tiddy Ogg

Disaster will come now, ere long;
Art finds he's got pains in his schlong.
Merlin's looked, sniffed and coughed,
"It's that Chinese you boffed;
Your majesty's got Hong Kong dong."

44429 MYTHOLOGY - ENGLISH - ARTHUR   Tiddy Ogg

Now Merl's diagnosis, I fear
Was wrong, it was our Guinevere,
Who'd been sleeping around
With the sailors in town,
And given our Art gonorrhea.

44430 MYTHOLOGY - ENGLISH - ARTHUR   Tiddy Ogg

So Merlin now gave him the chop;
Sliced off Arthur's most vital prop.
And Art cannot look
As Merl goes to the brook,
Preparing therein it to drop.

44431 MYTHOLOGY - ENGLISH - ARTHUR   Tiddy Ogg

And now with a piteous wail,
Comes the creature that started our tale.
That lorelei shakes
Off the slime from the lakes;
Much older, and horribly frail.

44432 MYTHOLOGY - ENGLISH - ARTHUR   Tiddy Ogg

"OK," says old Merl, "You're the boss." Her
Reply is "Gee, thanks, you old tosser."
She grabs that fine prize,
Stuffs it up 'tween her thighs,
And sinks 'neath the waves. That's no loss-er.

44433 MYTHOLOGY - ENGLISH - ARTHUR   Tiddy Ogg

So those legends about old King Art,
Are lies, and not worth a fart.
'Cause old Ogg was there,
When he still had some hair,
And this story came right from the heart.

44434 MYTHOLOGY - ENGLISH - ARTHUR   Tiddy Ogg

Though I've ached from the lances which smite us,
And from thrusts for the swordsmen who fight us,
It was not grueling pain
Of this middle-aged bane,
Which Merlin has named Arthuritis.

44435 MYTHOLOGY - ENGLISH - ARTHUR   A N Wilkins   P9811

"Go and confiscate Lancelot's boat."

44438 MYTHOLOGY - ENGLISH - ARTHUR   Chris Papa

To his bride said young Galahad, "Kiddo,
Lets screw in each room, beach, and meadow,
Every day, every night,
In the dark, in the light."
They tried it, and now she's a widow.

44439 MYTHOLOGY - ENGLISH - ARTHUR   Isaac Asimov

44440 MYTHOLOGY - ENGLISH - ARTHUR   Kacey

Dear countrymen, lend me your ear,
As I tell you of sweet Guenevere.

Saying, "Tell me, my pet
How did Lancelot get
The key to my chastity belt?"

44450 MYTHOLOGY - ENGLISH - ARTHUR   Daniel Ford

A nice magic show;
A half hour or so,
But no tricks that will cause the kids fright.

Merlin frowns and is slightly insulted,
"Last year you were fully consulted.
A minor mistake,
That kid in the lake --
A bit small to be catapulted."

44465 MYTHOLOGY - ENGLISH - ARTHUR   Joel D Ash

The King nods and speaks very sweetly,
"His mother forgave you completely.
Just take more care;
A big crowd will be there.
It's important the show comes off neatly."

44466 MYTHOLOGY - ENGLISH - ARTHUR   Joel D Ash

Well, that's what the fable tells you;
Of course the whole tale's far from true.
It's time to come clean
'Bout the whole sordid scene,
That ended in smashed head and grue.

44629 MYTHOLOGY - GREEK - ICARUS Tiddy Ogg

Editor's note for you poor
Illiterate fools: grue means gore,
Like the girl said to Newsom
Stark naked: "It's gruesome!"
He spied her, the thing gruesome more.

'Til the dawn's early light,
And finally sleep in exhaustion.

44642 MYTHOLOGY - GREEK - ICARUS   Tiddy Ogg

She wakes, with the sun way up high,
And utters a wail of a cry:

While he who did con her,
Is carried off stiff in a boxt.

44646 MYTHOLOGY - GREEK - ICARUS   Tiddy Ogg

('Twould give him a thrill)
His coming made Hrothgar quite glad.

44715 MYTHOLOGY - NORSE Peter Gardner

So Beowulf stayed up all night;
He hoped that soon Grendel he'd fight.
While all went to sleep,
That watch he did keep,
Till Grendel appeared in his sight.

44716 MYTHOLOGY - NORSE Peter Gardner

Grendel ate one of the men,
Then the battle royal did begin.
It was very grand,
Since they fought hand-to-hand,
But God wanted Beowulf to win.

44717 MYTHOLOGY - NORSE Peter Gardner

Beowulf and Grendel long fought.
Great damage they did to Heorot.
Off came Grendel's arm,
Which did him great harm.
His evil plans all came to nought.

44718 MYTHOLOGY - NORSE Peter Gardner

Beowulf thus killed Grendel,
And so sent him right back to hell,
Since God loves us so.
(That's cause, don't you know,
The scribe on this did love to dwell!)

44719 MYTHOLOGY - NORSE Peter Gardner

With the monster Grendel now slayed,
The Danes all shouted and hurrayed.
Beowulf was cool,
Since he won the duel,
His reputation now had been made.

44720 MYTHOLOGY - NORSE Peter Gardner

A legend was Beowulf the brave,
Who fought monsters and such to the grave;
Like killing Grendel and other
Things like Grendels Mother,
Causing poets to write sagas and rave.

44721 MYTHOLOGY - NORSE

But Grendel's mother was near,
And when her son's death she did hear,
She was quite un-meek,
Vengence she did seek,
So Danes had another to fear.

44722 MYTHOLOGY - NORSE Peter Gardner

So Mother rampaged for a while,
To the lake the brave War-Geats did file.
"Goodbye," said the men,
As Beowulf jumped in,
Seeking that monster so vile.

44723 MYTHOLOGY - NORSE Peter Gardner

Beowulf held his breath well,
A whole day, the story does tell.
He got to the house
Of the She-beast, that louse,
And he attacked her with a yell.

44724 MYTHOLOGY - NORSE Peter Gardner

His sword, as usual, did fail;
This happens quite oft in this tale.
So he hacked in vain
At the daughter of Cain,
But at least he was dressed in chain-mail.

44725 MYTHOLOGY - NORSE Peter Gardner

A good fight for a while against sin,
And finally good Beowulf did win.
He returned to the top,
Then the local scop
Sang several songs through the din.

44726 MYTHOLOGY - NORSE Peter Gardner

Then all knew that Beowulf was great,
However, 'twas getting quite late.
The Geats soon would go
To them, gifts would flow,
As Danes did the victory celebrate.

44727 MYTHOLOGY - NORSE Peter Gardner

So Sea-Geats returned to their home.
Again through the sea they did roam.
At last their Geatland
Was seen close at hand;
They were done sailing through the sea foam.

44728 MYTHOLOGY - NORSE Peter Gardner

At home now, with his good King,
Beowulf his own praises did sing.
He retold the tale
Over goblets of ale,
Of killing the horrible thing.

44729 MYTHOLOGY - NORSE Peter Gardner

Then one day King Hygelac did die,
But things didn't go too awry.
Beowulf became king,
And that was a good thing,
For soon a great Dragon dropped by.

44730 MYTHOLOGY - NORSE Peter Gardner

Then Beowulf made his last boast;
'Twas far more impressive than most.
Then he went right in
To the dragon's den
And almost was made into toast.

44731 MYTHOLOGY - NORSE Peter Gardner

Grendel was a monster whose aim,
Was to kill all the fighters. His claim
Was well founded -- no one
Could best Grendel - who won
Every battle. He would kill. He would maim.

44732 MYTHOLOGY - NORSE

Wiglaf then came to his aid;
Right by Beowulf's side he stayed.
They made dragon-kill;
It gave them a thrill,
But Beowulf was hurt, I'm afraid.

44733 MYTHOLOGY - NORSE Peter Gardner

Beowulf, his third battle won,
Soon with his life would be done.
He died gloriously,
Not turning to flee.
Of treasure, he'd gathered a ton.

44734 MYTHOLOGY - NORSE Peter Gardner

The Geats then all mourned their dead King.
For days their praises they did sing.
They worried of war,
But still, at the core,
Much glory to Geats he did bring.

44735 MYTHOLOGY - NORSE Peter Gardner

But Beowulf came up from the West,
Killing Grendel in a gruesome contest.
A feast was begun,
At the set of the sun,
Treating Beowulf as best of the Best.

44736 MYTHOLOGY - NORSE

A short time from the start of the feast,
There came from a fen in the East,
An huge Monster - no other,
Than Grendel's own Mother,
A terrible, horrible beast.

44737 MYTHOLOGY - NORSE

Beowulf wades in to attack,
With his sword, he proceeded to hack,
And slew the foul beast,
Then continued his feast,
With the heads of the slain in his sack.

44738 MYTHOLOGY - NORSE

Some photos of Carol -- least two!

Gearhart, are you out of your mind?
Nowhere on this Earth will you find

Much more if you'll send
That pic with my dick up your rear.

My cup-size is more!)
As long as it not burn my tattoo!

45073 NETWORKS - CYBERSEX - 05 Jayne

I'll cover you with some sun-cream,
From your head to -- I have just seen
Your 42C's
Swinging in the breeze! --
And I'll cram your tattoo and dream.

45074 NETWORKS - CYBERSEX - 05 Archie

A question for all three of you,
Then we'll see who lies and what's true.
Since all of you claim,
I'm the picture of fame,
Then what and where is my tattoo?

45075 NETWORKS - CYBERSEX - 05 Carol

Do you think that I'd be indescreet
And tell of tattoos where I eat?
You do? Well then honey,
Tattooed over your cunny
In neon glow: "Bon Appitit!"

45076 NETWORKS - CYBERSEX - 05 Travis Brasell

Well darlin', good try, but not right.
No neon tattoos at that site.
I was certain you knew
If I had a tattoo,
That it wouldn't glow in the night.

45077 NETWORKS - CYBERSEX - 05 Carol

Perhaps it is time we debut.
A picture of Carol's tattoo,
That's seen on her back,
Down her spine and her crack,
The snake that she recently slew.

45078 NETWORKS - CYBERSEX - 05 Goin2

Though Carol's form's just as enchanting,
Seems strange last time we were hot-panting.
She only let snakes
In by the front gates,
As mine in her curls I was planting.

45079 NETWORKS - CYBERSEX - 05 Gearhart

You'll need dozens of bales of hay
To brace that blue-veined beef fillet.
It needs reinflation
Not brute amputation.
That stall's to a Sis Chris buffet.

45080 NETWORKS - CYBERSEX - 05 Randog

There aren't any nuns around here.
No priests or friars will appear
To get in our way.
But you'll want to pray,
Once I get my tongue on your spear.

45081 NETWORKS - CYBERSEX - 05 Carol

I pray that your telling the truth
'Bout the absence of Cris's sharp tooth.
She'd make my meat holey.
You'll come like Stromboli.
I'll drink your hot flow like vermouth.

45082 NETWORKS - CYBERSEX - 05 Randog

So down and dirty you're intending,
To get for some sexy pretending.
You really are randy;
Come here, lick this candy.
But honey, take care; no rear-ending.

45083 NETWORKS - CYBERSEX - 05 Carol

Your ass is a most sacred shrine
I'll pamper and won't cross that line.
Its rim I will lick,
With my tongue, deft and quick,
And soon you'll gasp, "Give me the pine!"

45084 NETWORKS - CYBERSEX - 05 Randog

This cycling is really a blast!
I can gear up and down, slow and fast!
And this racing seat
Is really a treat --
But I'm not sure how long I can last.

45085 NETWORKS - CYBERSEX - 05   Ericka

For this pedaling action, you see,
Is quite stimulating to me.
It is my conviction
That continued friction
May lead to collision with tree.

45086 NETWORKS - CYBERSEX - 05   Ericka

Now I'm moaning -- "By golly...By gum..."
As to friction, I gladly succumb.
You're way out ahead;
Your face is quite red,
As I shout "Peter! Here I come!"

45087 NETWORKS - CYBERSEX - 05   Ericka

Hey Petal, I know you can hear!
Now stop it! You're hurting my spear.
Will you hold it and stroke it?
Don't prod it and poke it;
You're not in my car changing gear!

45088 NETWORKS - CYBERSEX - 05   Peter Wilkins

Already you've caused me much sorrow
By crashing the cars that you borrow.
Now calm yourself down
And we'll go into town
And I'll buy you a push-bike tomorrow.

45089 NETWORKS - CYBERSEX - 05   Peter Wilkins

Last night as we cuddled and curled
'Round each other, your petals unfurled
In your sleep, and I got
Quite excited and hot,
And my thing became knobbly and knurled.

45090 NETWORKS - CYBERSEX - 05 Jim Weaver Collection

I knew you were tired (so was I)
So I snuggled up close to your thigh,
And I soon went to sleep
Buried nine inches deep
In you, heaving a satisfied sigh.

45091 NETWORKS - CYBERSEX - 05 Jim Weaver Collection

But I woke in the morning at four
As I fell with a thump to the floor
For you'd grabbed all the bed
And the duvet. My head
Is now aching; my body is sore ...

45092 NETWORKS - CYBERSEX - 05 Jim Weaver Collection

And I'm shivering, love. Will you let
Me get back into bed and I'll bet
Within seconds, my sweet,
We will generate heat,
For an evening we'll never forget.

45093 NETWORKS - CYBERSEX - 05 Jim Weaver Collection

I will make you so wet down below,
Using chocolate and honey, you know,
Which I'll spread on the tips
Of your petals and nips,
And then lick you all over real slow.

45094 NETWORKS - CYBERSEX - 05 Jim Weaver Collection

I'm enjoying this wild thoroughbred!
Galloping across the bedspread.
But if you're feeling strain,
Then I just drop the rein
And let the poor horse have his head.

45095 NETWORKS - CYBERSEX - 05   Ericka

Stirrup whatever you must,
Just as long as you stirrup my lust,
With a regular motion
And cause a commotion
By matching my in-and- out thrust.

45096 NETWORKS - CYBERSEX - 05   PeterW

Peter, my horse, I must say
You've shown me a whole different way
To go for a ride
In the incoming tide.
(You bucked me off four times today!)

45097 NETWORKS - CYBERSEX - 05   Ericka

But no more horsing around!
I've worn out my round and round pound.
My rocked and rollicking
Mound is frollicking
Its way right into the ground.

45098 NETWORKS - CYBERSEX - 05   Ericka

So just lay yourself down with me P.,
Right here on the edge of the sea.
And have a wee nap
With your head in my lap...
OH!!
And your hands out where I can see.
45099 NETWORKS - CYBERSEX - 05   Ericka

I was travelling by underground rail
To my office in London -- it's hell --
When I thought of your lips
And your pert little nips,
And my hollyhock started to swell.

45100 NETWORKS - CYBERSEX - 05   PeterW

I tried very hard to control
My emotions, but fear that the roll
And the rock of the train
Caused a helluva strain,
And I soon had a twenty-foot pole.

45101 NETWORKS - CYBERSEX - 05   PeterW

As we slowly came into the station
I normally use, my inflation
Got caught in the door
And although it's now sore,
There's no sign of impending deflation.

45102 NETWORKS - CYBERSEX - 05   PeterW

My nerves are all shattered and shred-
ded; tonight can we cuddle in bed?
I will feel most serene
In position "Thirteen";
You can cure me by giving me head.

45103 NETWORKS - CYBERSEX - 05   PeterW

While I foldle your petals so neat
And so temptingly tasty and sweet,
Until all of our stresses
Have gone; our caresses
Will leave us complete and replete.

45104 NETWORKS - CYBERSEX - 05   PeterW

I've troubles like all of the rest;
Reliable news is my quest.
I'll search and I'll try,
But before I die,
I'm running this one final test.

45105 NETWORKS - CYBERSEX - 05 Goofing

Surely you must be in jest;
No news comes through on your quest?
Where do you look
My little snook;
I may not be new but I'm best

45106 NETWORKS - CYBERSEX - 05 Arden

My life has been chock full of stress.
But there is one place, I would guess,
That I haven't looked.
So a trip I've booked
To your place -- I'll look 'neath your dress.

45107 NETWORKS - CYBERSEX - 05 Goofing

'Neath my dress you'll look, you say?
Then do it on this very day.
Inside of my pants
You'll soon do the dance
That always leads women astray.

45108 NETWORKS - CYBERSEX - 05 Arden

Last evening I was on my way,
And arrived there early today.
But I'm all askance,
You're wearing no pants!
Let's get the dance started. Ole!

45109 NETWORKS - CYBERSEX - 05 Goofing

The long weekend's coming up soon;
In three nights I'll be out hunting poon.
I hear that the state
Of Maryland's great,
For hunting poon under the moon.

45110 NETWORKS - CYBERSEX - 05   Jon Gearhart

By the border of Chesapeake Bay,
Poon Hunter has spotted his prey.
The sight of this blonde
Swelled not his soft wand.
Could it be that Poon Hunter is gay?

45111 NETWORKS - CYBERSEX - 05   Randog

For someone who likes pluggin' butts,
You've certainly got lots of guts
To try to imply
I'm that sort of guy,
But I like my mounds without nuts.

45112 NETWORKS - CYBERSEX - 05   Jon Gearhart

I can't leave your limerick rebutless.
The butts that I plug must be nutless.
Besides she must beg
Me to insert my peg.
Butt wary, she'll still love my cutlass.

45113 NETWORKS - CYBERSEX - 05   Randog

The Maryland blonde felt that way
When she took all of me by the bay.
Even though I kept far
From her ass with my spar,
'Twas her best-ever roll in the hay.

45114 NETWORKS - CYBERSEX - 05   Randog

Peter, there're a few things that we need
From the market. I thought we agreed
That shopping we'd share?
But hold it right there --
Your hard on is taking the lead.

45115 NETWORKS - CYBERSEX - 05 Ericka

We need a disguise for your dong.
(The shopping won't take very long)
But a bag on its head --
So it looks like French bread.
Oh no, the plastic's all wrong...

45116 NETWORKS - CYBERSEX - 05 Ericka

Can you get to the cold meats section
Avoiding all shoppers detection?
Perhaps a kielbasa
Draped all across, uh,
Could hide your growing erection?

45117 NETWORKS - CYBERSEX - 05 Ericka

Ohmygod! It's escaped from your pants
And it's rummaging through the eggplants!
It's picking up beets,
Some milk and some sweets...
Now it's sniffing at flowers and plants.

45118 NETWORKS - CYBERSEX - 05 Ericka

Oh Peter, I know what you said --
We should have gone home to bed.
(Get out of there!
Drop that Gruyere!)
I guess I'll have cheese-flavored head.)

45119 NETWORKS - CYBERSEX - 05 Ericka

I see that you're still stuck in France,
Instead of here, inside my pants.
And you won't get here,
Till sometime next year,
Charging only just ten cents a dance.

45120 NETWORKS - CYBERSEX - 06 Carol

I'm not stuck in France, as you say.
It's just that I've mixed work with play.
I've made plenty pay
And enjoyed old Marseille,
But soon I shall be on my way.

45121 NETWORKS - CYBERSEX - 06 Jon Gearhard

My plane's set to leave for MD;
I hope you'll be waiting for me
At the terminal there,
Without underwear,
Spread wide for the whole world to see.

45122 NETWORKS - CYBERSEX - 06 Jon Gearhard

My boy, for the world, I'll not bare
What I've got 'neath my fine underwear.
But sometime this week,
You might get a peek;
Get here before grey's in my hair.

45123 NETWORKS - CYBERSEX - 06 Carol

I'm arriving right now, as I speak,
And planning to stay for a week,
Or four if I'm welcome
To make my sweet belle come,
And ready for more than a peek.

45124 NETWORKS - CYBERSEX - 06 Jon Gearhart

I'm at the airport with my bag
In my hand so that it won't drag.
I watching for you,
Here by terminal two,
With a waving flagpole but no flag.

45125 NETWORKS - CYBERSEX - 06 Jon Gearhart

Come here, dear, now don't be a flirt;
Stand right here and lift up your shirt.
Your tits in my face
So I can have a taste
And then, please dear, hike up your skirt.

45126 NETWORKS - CYBERSEX - 06 Gearhart

I will strip you right there of your scanties,
Those wonderful silky smooth panties,
And lick you up slick
'Fore I slide in my dick
And you'll ride till we both have the ranties.

45127 NETWORKS - CYBERSEX - 06 Gearhart

And raving so loud bought the feeling
Of me deep inside as we're squealing.
So how does this sound?
Come and get those thing down
'Round your ankles if this thought is appealing!

45128 NETWORKS - CYBERSEX - 06 Gearhart

If you think that this is appealing,
Wait 'til I'm on my knees kneeling.
You will ask for more,
Of that I am sure;
The pleasure you won't be concealing!

45129 NETWORKS - CYBERSEX - 06 Carol

Down on your knees sucking me
Does have a way of just shucking me.
My toy does enjoy
When your tongue you employ,
But turn 'round and get down to fucking me.

45130 NETWORKS - CYBERSEX - 06 Gearhart

Get on the floor on all fours;
I'll come up behind and get yours
Sticky and wet,
With my dickie, my pet,
And you will scream out for encores!

45131 NETWORKS - CYBERSEX - 06 Gearhart

The frauleins in Dusseldorf all,
Said they loved my Kniphofia tall;
But I told them, "No way.
'Tis with Petal I play."
Though I did let one fondle my ball.

45132 NETWORKS - CYBERSEX - 06 Jim Weaver Collection

You see, she had 42C's,
And I begged her for one little squeeze.
But she said, only if
She could play with my stiff-
ie. (Like Wuzzums, one helluva tease!)

45133 NETWORKS - CYBERSEX - 06 Jim Weaver Collection

The temptation proved almost too great
In my frankly excitable state.
And I fear that I let her
Get closer, the better
To fondle and watch me inflate.

45134 NETWORKS - CYBERSEX - 06 Jim Weaver Collection

She got just as far as my scrotum,
And said, "Love your balls. I will vote 'em
The best I have seen;
Now what else lies between?"
My god, was I stiff as a totem!

45135 NETWORKS - CYBERSEX - 06 Jim Weaver Collection

But I did, dearest Petal, resist
The temptation; I said, "Please desist.
Do not fondle my ball."
But I seem to recall
I later did that with my fist.

45136 NETWORKS - CYBERSEX - 06 Jim Weaver Collection

So with lust I am feverish now;
Dearest Petal, I need you (and how!).
Will you come to my place,
With your tethers of lace,
For your furrow I'm desperate to plow!

45137 NETWORKS - CYBERSEX - 06 Jim Weaver Collection

I've had to change all my plans.
(Jayne, please stop biting my glans)
I couldn't refuse
The words that she used.
All right, next time we'll go to Cannes.

45138 NETWORKS - CYBERSEX - 06 Archie

Ouch -- I asked you to stop chewing!
When we go, I'll just take youing,
And once you're in France,
You'll be able to dance
Quite nude, all the papers eschewing.

45139 NETWORKS - CYBERSEX - 06 Archie

In the Sun you'll start on page three;
But finding the nips they can't see,
And reading: Turn o'er --
They'll turn to page four,
For that's where the rest of you'll be.

45140 NETWORKS - CYBERSEX - 06 Archie

Joie is winging her way to us,
Please stop making such a big fuss.
It'll be fun for you too,
Who knows what we'll do.
She's got a slightly smaller bust.

45141 NETWORKS - CYBERSEX - 06 Archie

Although, of course, I won't compare;
A gentleman, I wouldn't dare.
But you two will know
By the way that you show
Which one has the champion pair.

45142 NETWORKS - CYBERSEX - 06 Archie

Now that that's sorted out,
On Friday morn we'll see about
A menage de troi,
You, me and Joie;
Then all of the rules we will flout.

45143 NETWORKS - CYBERSEX - 06 Archie

My dear Doctor Petal I seek
Your advice. Though it's barely a week
Since you told me I'm cured
And to D-cups inured.
I'm afraid I've been taking a peek...

45144 NETWORKS - CYBERSEX - 06 Peter Wilkins

...At the centerfold spread in a Play-
Boy which leaped from a news-stand today.
Can you guess where it land-
Ed? Yes, right in my hand!
So I bought it and took it away.

45145 NETWORKS - CYBERSEX - 06   Peter Wilkins

Doctor Petal, oh will you take pity?
I'm weak and addicted to titty;
Been licking the pages
Of Playboy for ages.
They're soggy and taste rather shitty.

45146 NETWORKS - CYBERSEX - 06   Peter Wilkins

Though pics are mere fantasy fiction,
I just cannot help my addiction.
So maybe I need
Reprimanding; indeed
It may cure me if done with conviction.

45147 NETWORKS - CYBERSEX - 06   Peter Wilkins

So take down my undershorts please,
And I'll bend myself over you knees.
If you thrash my behind
With some vigor, you'll find
It may cure my obsession with ease.

45148 NETWORKS - CYBERSEX - 06   Peter Wilkins

Slap me hard till my butt-cheeks turn red.
(Surreptitiously under the bed
I have hidden that Play-
Boy I purchased today,
And I'll peek at that centerfold spread.)

45149 NETWORKS - CYBERSEX - 06   Peter Wilkins

Dr Petal you've cured me today;
My obsessions have melted away.
No more 44D's,
I'm addicted to knees.
How much did you ask me to pay?

45150 NETWORKS - CYBERSEX - 06 Peter

I see, you want payment in kind;
Now you've cured my affliction of mind.
Get undressed to your scanties;
I'll rip off your panties,
And thrash you curvaceous behind.

45151 NETWORKS - CYBERSEX - 06 Peter

You deserve to be paddled because
You've been messin' with Archie the Oz.
He's expecting your baby:
The rumor says maybe
It's twins! (Well, I heard that it was.)

45152 NETWORKS - CYBERSEX - 06 Peter

But you can't make me pregnant, Dear E.,
For I've had a vasectomy. See
Where they shaved off my pubes
Before snipping my tubes,
So from kids I will always be free.

45153 NETWORKS - CYBERSEX - 06 Peter

But I seem to be somewhat digressing
From matters more urgent and pressing.
Bend over my knees,
Spread your thighs, if you please,
If you want your dear petals caressing...

45154 NETWORKS - CYBERSEX - 06 Peter

...I mean if your buttocks need thrashin'
In regular hand-smackin' fashion.
Oh God! Now your pet-
Als are throbbing and wet,
So I'll just have to screw you with passion.

45155 NETWORKS - CYBERSEX - 06 Peter

As I sat in my office this morning,
A man stepped in without warning.
"Package for E!
May I deliver it, please?"
But no parcel his hand was adorning.

45156 NETWORKS - CYBERSEX - 06 Ericka

The man was familiar to me.
Who he was, though, I just couldn't see.
With dark glasses and hat;
I thought, "Who IS that?"
The tag on his shirt read "Sweet P!"

45157 NETWORKS - CYBERSEX - 06 Ericka

I laughed, "Petey, what are you doing?"
You said, "Quiet! I'm here for some screwing."
You swept my desk clear,
Said, "Climb up on here!
Are you ready for your best-ever screwing?"

45158 NETWORKS - CYBERSEX - 06 Ericka

Then you closed the blinds and the door,
And threw your hat on the floor,
Tore off my stockings;
Started in caulking,
And soon I was begging for more.

45159 NETWORKS - CYBERSEX - 06 Ericka

You cast your sexual spell,
(And made me hum like hell.)
Then you turned away,
Said, "Have a nice day!
"Tah-tah, so long, fare thee well!"

45160 NETWORKS - CYBERSEX - 06 Ericka

As I sat there, half naked, adoring,
And tried to calm my heart's roaring,
I sighed for awhile,
Then started to smile...
Sex with you, love, will never be boring.

45161 NETWORKS - CYBERSEX - 06 Ericka

In New York we'll meet by Tiffany's windows
The necklace I give you, with diamonds glows.
A Concorde to France,
Maxim's, then a dance,
And several of the Moulin Rouge shows.

45162 NETWORKS - CYBERSEX - 06 Jim Weaver Collection

Then by Qantas, we'll fly and travel on
To the harbour city, Sydney, c'est bon.
Pavarotti sings
In the Opera House wings,
And with opals I'll keep leading you on.

45163 NETWORKS - CYBERSEX - 06 Jim Weaver Collection

Returning towards home via Hawaii,
We rest on the shores drinking Chardonny.
I think, "Now's the time."
Allowing my hand to climb
Slowly up from your ankle to your knee.

45164 NETWORKS - CYBERSEX - 06 Jim Weaver Collection

While whispering sympathy on your loss
(Never letting rolling stone grow moss)
I know I'm not Peter,
But I'll treat you sweeter
Ah, Ericka, I'll muss your lip gloss.

45165 NETWORKS - CYBERSEX - 06   Jim Weaver Collection

And right in full view of the tourists,
The blood starts pounding our nether bits.
Yours tastes divine;
And you lick mine;
We rotate and join while I suck tits.

45166 NETWORKS - CYBERSEX - 06   Jim Weaver Collection

In our orgasmic exertions we speak;
We whisper endearments and squeak.
While you say, "Sweet P."
I mutter, "Lizzie."
Lucky we don't listen at our peak.

45167 NETWORKS - CYBERSEX - 06   Jim Weaver Collection

On my tongue you can always rely
And first I'll just unzip your fly
And peel off those pants
As you start to dance
For joy and you scream "My oh my!"

45168 NETWORKS - CYBERSEX - 07

I have not even taken down
Your panties clear down to the ground,
And you've already pulled me
And screamed as you told me,
"I can't wait, get that tongue in my mound!"

45169 NETWORKS - CYBERSEX - 07

So with panties at only half mast,
I begin tonguing slow, not too fast,
And swirling it round
Your sweet fresh-mown mound,
So that your vast pleasure will last.

45200 NETWORKS - CYBERSEX - 08 LoriAnne

My dad is away in Rhode I.,
(A field agent for the F.B.I)
Mom is a slut,
And don't mind the mutt,
Neither will care, but may spy.

45201 NETWORKS - CYBERSEX - 08 LoriAnne

I'll jump in my car and drive down
To show yo a night on the town,
Then back to your place.
We can later race
And I'll get down to pounding your mound.

45202 NETWORKS - CYBERSEX - 08 Gearhart

So your mom enjoys peeping in,
While guys are poking your trim.
And H wants to know
If I've got a skanky pole,
And is it clean enough for your quim.

45203 NETWORKS - CYBERSEX - 08 Gearhart

Well tell Cousin H not to fret;
I am just as clean as it gets.
I don't do the girls
That have diseased furls,
And I don't have any regrets.

45204 NETWORKS - CYBERSEX - 08 Gearhart

I like young, pink, tight holes,
The kind that still grip on my pole,
Instead of the saggy,
Overused baggy
Twats that some have for meatrolls.

45205 NETWORKS - CYBERSEX - 08 Gearhart

After I poke and I prod,
Then you can taste my rod.
And I'll have a treat
Of untainted sweet-meat.
I can't wait to get tonguing your bod.

45206 NETWORKS - CYBERSEX - 08 Gearhart

As I watched the rain fall I said,
"Perhaps I should go back to bed?
No, don't feel so blue;
I know what to do.
I'll go read A.J.L. instead."

45207 NETWORKS - CYBERSEX - 08 Kitten

But now I feel worse than before,
With your macho verse by the score.
Seems things never change
Back home on the range.
I think I'll walk back out the door.

45208 NETWORKS - CYBERSEX - 08 Kitten

Oh come now, dear Kitten, please stay;
At least for the rest of the day.
I'll stroke your sweet fur
'Til you whimper and purr,
And my Thomas is ready to spray.

45209 NETWORKS - CYBERSEX - 08 Peter Wilkins

You're honest now in your old age?
No longer act out on a stage?
Just nibble some necks
For a couple of sex.
Have you really turned a new page?

45210 NETWORKS - CYBERSEX - 08 Chaton

Tut tut, dearest Chaton, ma chere,
'Tis years since I tickled you there;
No wonder my wurst
Took more seconds to burst
At the sight of your sweet derriere.

45211 NETWORKS - CYBERSEX - 08 Peter Wilkins

Well, that was a nice thing to say.
I'm glad I came back here to play.
I see that your vision
Is full of precision.
Shame your sausage won't act the same way.

45212 NETWORKS - CYBERSEX - 08 Chaton

C'est vrai mon saucisse was unruly;
But keeping me waiting unduly
Was largely ze cause
(As were also your paws
When you tickled my sensitive goolie.

45213 NETWORKS - CYBERSEX - 08 Peter Wilkins

But now I've recovered my poise.
I see you are still keen for ze joys
Of ooh la la la
From ze je ne sais quoi
Little twitch zat your tail-end employs.

45214 NETWORKS - CYBERSEX - 08 Peter Wilkins

"Dear Petal, I've booked us a day

I chose them to bring us,
Returning the Derry Air way.

45215 NETWORKS - CYBERSEX - 09 PeterW

"Forget all about the last flight,
Though I realize it caused you a fright.
I'll hold on to your hand
(Or your mammary gland)
During take-off and landing, all right?

45216 NETWORKS - CYBERSEX - 09 PeterW

"Now the pilot's professional, dear,
And you really have nothing to fear;
I've checked all the wings,
Navigational things,
All the engines and similar gear.

45217 NETWORKS - CYBERSEX - 09 PeterW

"There's nothing that isn't OK.
But we're taking off later today;
So get dressed if you please
In your panties and skis;
Hurry up for we cannot delay.

45218 NETWORKS - CYBERSEX - 09 PeterW

"Well alright, if you must, I suppose
You can spend half-an-hour with my hose,
Gently stroking me...well,
I'm beginning to swell
At the sight of your petals of rose...

45219 NETWORKS - CYBERSEX - 09 PeterW

"Resistance is futile; my spear
Is as hard as a...Stop!...Can you hear?
It's my manservant, Bob,
Who has done a good job,
For he's packed all our suitcases, dear.

45220 NETWORKS - CYBERSEX - 09   PeterW

"Your limousine's waiting outside,
Sir." "Oh thanks, but I'm having the ride
Of my life, so piss off
And stop watching us boff."
Oh he's gone. Will you guide me inside?

45221 NETWORKS - CYBERSEX - 09   PeterW

"I promise he won't interrupt
Us. Oh God, What a sexy volupt-
uous woman you are,
When caressing my spar.
But I fear I'm about to erupt!

45222 NETWORKS - CYBERSEX - 09   PeterW

"So before we go further with this,
(Yes I know, it's such heavenly bliss)
Shall we try and calm down
For a trip out of town
To the airport, or give it a miss?

45223 NETWORKS - CYBERSEX - 09   PeterW

Oh boy, don't they look fine!
Quite sensitive, pale, and all mine!
Let me lick here --
What's that in my ear?
Two nipples, one head. How divine.

45224 NETWORKS - CYBERSEX - 09   H WHELCHEL

Will they both fit 'twixt my lips?
(My God! I'm in love with these tips!)
With envy I ooze --
My bud too, could use
These wonderful stereo sips!

45225 NETWORKS - CYBERSEX - 09 H Whelchel

That lady behind us is staring!
Do you think she would go for a pairing?
One mouth on each nip
Before I let her rip?
Digressing am I. How're you faring?

45226 NETWORKS - CYBERSEX - 09 H Whelchel

My dear, you can now take your pick;
The left one, the right one to lick;
The other to tweak
While I kiss your cheek
And fondle and play with your wick.

45227 NETWORKS - CYBERSEX - 09 Arden

Oh my! Don't I have the luck;
Both tits you've decided to suck.
I will gladly share
Your rod and that pair
Of heavy and round hockey pucks.

45228 NETWORKS - CYBERSEX - 09 Arden

Let's move away from these seats;
On stage she will sample our treats.
So the other patrons
From perverts to matrons,
Can marvel at our athletic feats.

45229 NETWORKS - CYBERSEX - 09 Arden

My God! Aren't we ballsy and wild!
The patrons are packing the aisle!
The want to be near
When I stuff you, my dear,
On stage with my thing erectile.

45230 NETWORKS - CYBERSEX - 09   H WHELCHEL

I see a few Bettys -- most Bobs
Come to get auto-handjobs.
Some are in drag;
Most are here stag.
Just look at that ocean of knobs!

45231 NETWORKS - CYBERSEX - 09   H WHELCHEL

Here comes our lady friend, now.
Lord! She is hung like a cow!
Those cannot be real!
But come on Lucille,
Lets see what the crowd will allow!

45232 NETWORKS - CYBERSEX - 09   H WHELCHEL

I'm sorry, love, for causing a rift.
It was that damned, delightful gearshift!
It reminds me of you --
(It's ever-hard too!)
The sight of it set me adrift.

45233 NETWORKS - CYBERSEX - 10   Ericka

I dreamed that I sat on your knee
And gyrated there, heartily.
When I reached fever pitch,
I ran into the ditch,
And that's when I hit the oak tree...

45234 NETWORKS - CYBERSEX - 10   Ericka

You borrowed my Daimler last night;
And you had the most terrible fright?
You drove down the hill
And did WHAT for a thrill?
And you say the damage is slight?

45235 NETWORKS - CYBERSEX - 10 Peter Wilkins

You've crashed it? My God, I feel ill;
I told you take care of that hill.
You drive me demented.
So where is it dented?
The door panel, fender, or grille?

45236 NETWORKS - CYBERSEX - 10 Peter Wilkins

Don't snivel and snuffle and cough;
Just TELL me!....You've written it off!
What the hell were you doing?
You dreamed you were screwing
Me, giving the gear shift a boff!

45237 NETWORKS - CYBERSEX - 10 Peter Wilkins

You're a randy insatiable minx
With your sexual libidinous kinks.
Control yourself, Petal!
Stop thinking of metal!
You need a good smacking, methinks!

45238 NETWORKS - CYBERSEX - 10 Peter Wilkins

Come here, you insatiable tease;
Lift your frock and bend over my knees!
So, I see you wear scarlet
Red panties, you harlot;
I'll teach you to crash into trees!

45239 NETWORKS - CYBERSEX - 10 Peter Wilkins

Now take down your panties quite slow --
ly exposing your buttocks to show
Me; and stop all that giggling.
(Though now you are wriggling;
You're making my hollyhock grow.)

45240 NETWORKS - CYBERSEX - 10 Peter Wilkins

You're deserving one helluva smack,
But I can take my eyes off the crack
'Twixt your buttocks, my dear.
(Can you wriggle your rear?)
Oh my God, now your arching your back...

45241 NETWORKS - CYBERSEX - 10 Peter Wilkins

...And exposing your petals of rose;
And I'm quaking from head to my toes,
For you look so inviting
And wildly exciting,
I'm losing control of my hose.

45242 NETWORKS - CYBERSEX - 10 Peter Wilkins

I guess if you've found a new mate,
I'll just have to sit back and wait
Or maybe just find me
A new gal to grind me,
Whose younger and nearer my state.

45243 NETWORKS - CYBERSEX - 10

You're right, I am such an old hag,
Over my head I should wear a bag.
So get someone younger,
'Cause honey I hunger,
For guys with a dick that'll gag.

45244 NETWORKS - CYBERSEX - 10

Then surely you've found the right place
Right here in my loving embrace,
Cause I've got a cock
That will put you in shock,
As I cram it in your pretty face.

45245 NETWORKS - CYBERSEX - 10

I would love to see what you've brought
But I'm fearful that we'll get caught.
That's unless, of course
We're inside of doors,
'Cause otherwise I'll be distraught.

45246 NETWORKS - CYBERSEX - 10

Then I'm not the beau for your fiddle.
Your strings must be loose
From humpin' some moose,
Or riding an elephant's twiddle.

45247 NETWORKS - CYBERSEX - 10

If you're such a master magician
You'd not be in such a position.

And makes me no longer ask howeth

That white sticky goo off your pipe.
Don't lurk any longer,

You make to my lurid attraction,
That renders you 'wettish'
While doing your fetish,
But my 12 inch foot's just a fraction...

....Of good things to come, bless my sole.
And arch, angel-toes, so my pole

With measure to meat
Your pleasure as part of the hole.

A gal with a trembling hand
On my trouser snake.
But for goodness sake,
I know that the feeling is grand.

45253 NETWORKS - CYBERSEX - 10 Frank Fazed

With this I do truly concur,
But I can't leave it all up to her.
There's plenty at stake
Should she make a mistake.
I could end up a prickless pauper.

45254 NETWORKS - CYBERSEX - 10 Frank Fazed

How is it that this can go wrong,
Unless coming takes way too long.
A grip that's too tight,
Expecially all night,
Could result in a blistered schlong.

45255 NETWORKS - CYBERSEX - 10 Frank Fazed

If you fool around with a tree,

I shall rudely dismiss that low blow
And tell you just what you don't know.
It's an acorn at rest,
But when under a dress,
To the mightiest oak, it doth grow!

45257 NETWORKS - CYBERSEX - 10 Frank Fazed

You'd best keep that acorn from sight,
To ensure that things remain right.
Keep it in your clothes,
'Cause every one knows,

You see what has happened here?
They're toying with us, I do fear.
Those limerickless chicks
Were just playing tricks...
Let's leave them and go get a beer.

45259 NETWORKS - CYBERSEX - 10 Frank Fazed

To taunts like this we are inured;
We're not chicken, of that be assured.
While we both stood aside,
You said things that were snide,
And before this exchange, quite obscured.

45260 NETWORKS - CYBERSEX - 10 Karen

You were busy, Frank, with the spanking
Of Marlene, while Sweet Frank was yanking,
On his little acorn,
Over which he has worn
A frilly dress he once bought in Nanking.

45261 NETWORKS - CYBERSEX - 10 Petunia

You go ahead now, just have that beer,
After hearing this I won't come near.

(And I thought he liked Bess)
Or you while you're working Marlene's derriere.

45262 NETWORKS - CYBERSEX - 10 Petunia

Now Travis's curse I do share.
I'll bugger a woman or mare.
A goat or a ewe,

Fear not, there is plenty to share.

45263 NETWORKS - CYBERSEX ->10 Griz

Over Carol I'm lately obsessin';
My lust for her daily professin'.
I'd take her to school
But she's nobody's fool...
She may then teach me a good lesson.

45264 NETWORKS - CYBERSEX ->10 Griz

Her breasts are a delightful size.
I love to look into her eyes.
The way that she walks,
Or even just talks,
It causes my manhood to rise.

45265 NETWORKS - CYBERSEX ->10 Griz

Her legs are so smooth and so long.
I picture her ass in a thong.
On the bed she would writhe.
To Maryland I'll drive...
One hand on the wheel, one on dong.

45266 NETWORKS - CYBERSEX ->10 Griz

Oh Carol, my love and my dear,
Today I can't make it, I fear.
I was heading up the road,
Working up a good load,
But I lost it when I hit fourth gear.

45267 NETWORKS - CYBERSEX ->10 Griz

How is it that I have been blessed
With all this sweet-talkin'; I guess.
You just have good taste;
It won't go to waste.
Get back on the road, I suggest.

45268 NETWORKS - CYBERSEX ->10 Carol

And you look around you and find
That load that you left there, behind.
And bring it with you;
We'll have a good screw,
And your gears I'll thoroughly grind.

45269 NETWORKS - CYBERSEX ->10 Carol

My room is clean before nine.
I've got a nice bottle of wine.
And if she wants to eat,
I'll give her a treat,
And feed her much more than a line!

45270 NETWORKS - CYBERSEX ->10 Griz

If that wine you have there is white,
I might be enticed there tonight.
But Hon, I'm not easy,
And if your treat's cheesy,
I'll not nibble one little bite.

45271 NETWORKS - CYBERSEX ->10 Carol

The wine that I offer is White.
It's fragrance is so sweet and light.
My treat is not cheesy;
I'm really not sleazy,
But a nibble would suit me just right.

45272 NETWORKS - CYBERSEX ->10 Griz

Well, maybe a nibble or two;
Won't hurt 'til I get to know you.
So pour me some wine
And if it tastes fine,
Your treat I promise not to chew.

45273 NETWORKS - CYBERSEX ->10 Carol

I'll pour you a little more wine;
We'll sit, and we'll sip, and we'll dine.
When its time for dessert,
You can slip off that skirt,
And offer a treat so divine.

45274 NETWORKS - CYBERSEX ->10 Griz

I'll lick and I'll nibble and suck,
Until your hips start to buck.
Then off to my bed
You'll be happily led,
For a long and passionate fuck.

45275 NETWORKS - CYBERSEX ->10 Griz

At least there's a hint of romance,
Before you get into my pants.
But one thing is missing,
Before all the kissing,
Will you sing to me while we dance?

45276 NETWORKS - CYBERSEX ->10 Carol

My taste is not good, it is sweet.
As you'll see whenever we meet.
The load that I lost
Has already been tossed.
It made quite a mess on the seat.

45277 NETWORKS - CYBERSEX ->10 Grizz

I think I can help you revive,
That sweet load you tossed on the drive.
With a kiss and a lick,
If you get here quick,
But Hon, stay off I-95.

45278 NETWORKS - CYBERSEX ->10 Carol

I'm having a stroke from the heat.
I've nothing but aches in my feet.
Been bitten by flies,
Chigger bites on my thighs;
Sweat pours from my pretty pink meat.

45279 NETWORKS - CYBERSEX ->10 Carol

I usually practice restraint,
And rarely will voice a complaint.
So I'll suffer in stride
'Cause there is a bright side;
There ain't nothing wrong with my taint.

45280 NETWORKS - CYBERSEX ->10   Carol

Between your sweet meat and your stink,
Lies skin soft and tasty, I think.
Your backdoor is closed
Because you imposed
A ban on that hole that's not pink.

45281 NETWORKS - CYBERSEX ->10   Randog

You labelled that door "egress only",
Which spawned a distinct no cock zone. Lea-
Ving all of us guys
To wish for that prize
You wrongly left chaste and quite lonely.

45282 NETWORKS - CYBERSEX ->10   Randog

Does labelling holes wrong and right
Then make them less pleasing and tight?
Dear Carol, today
If you'd only play
With mine, my desire you'd excite!

45283 NETWORKS - CYBERSEX ->10   Randog

If probing my ass with your finger
While over my cock your lips linger,
Is taboo for you,
That makes me feel blue,
'Cause baby, it sure swells my stinger.

45284 NETWORKS - CYBERSEX ->10   Randog

I know you referred just to yours
And wouldn't get down on all fours
To open your butt
For someone to rut,
Where skid marks are born in your drawers.

45285 NETWORKS - CYBERSEX ->10 Randog

Since this is the case, I'll just say:
Your sphincter I'll never betray.
But what if my tongue
Ran over your bung,
And caused you to shudder and sway?

45286 NETWORKS - CYBERSEX ->10 Randog

If you are aroused, you might wanna
Experience rear-entry brawn. A
Small finger, at first
And then my big wurst,
While teasing your clit? That's nirvana!

45287 NETWORKS - CYBERSEX ->10 Randog

But still, you may say, "Not for me!"
And I, without pause, would agree
To rouse your elation
With deft stimulation
Of non-backdoor places on thee.

45288 NETWORKS - CYBERSEX ->10 Randog

Why is it that you persevere?
There's no way you'll ever get near
The hole in my ass.
Now please have some class,
Or suffer my wrath, Randog dear.

45289 NETWORKS - CYBERSEX ->10 Carol

I know this is more than my norm,
But later I'm hoping for a storm.
Generally? In France.
Specifically? Your pants!
When you see my French maid's uniform.

45290 NETWORKS - CYBERSEX ->10 Jim Weaver Collection

But you are the menu, my dear,
And I love your maid's uniform gear.
We could have us some fun
With it partly undone;
Will you hold my asparagus spear?

45291 NETWORKS - CYBERSEX ->10 Jim Weaver Collection

But wait; this is dinner for one;
So let go, lest you fire off my gun;
For it's me who'll be eat-
ing three courses, my sweet,
And I promise I've hardly begun.

45292 NETWORKS - CYBERSEX ->10 Jim Weaver Collection

Get up on this table and spread
Yourself wider. Pretend you're in bed.
And I'll start the first course
With some bechamel sauce.
No, you can't start by giving me head.
(bechamel sauce - a bland white sauce)
45293 NETWORKS - CYBERSEX ->10 Jim Weaver Collection

My first course is "Nipples Surprise".
As a starter they're just the right size.
For they're sweet and delectable,
Pert and erectable;
Licking will make them arise.

45294 NETWORKS - CYBERSEX ->10 Jim Weaver Collection

My second course, "Pate de Thighs,"
Will ensure that my metal will rise.
But, my dearest, no nibbling,
Until you are dribbling
With lust for my hollyhock prize.

45295 NETWORKS - CYBERSEX ->10 Jim Weaver Collection

Your tenderloins quiver, my dear,
When I stroke and caress you right here.
And I'll tickle and knead
You until you are plead-
ing for absolute bliss from my spear.

45296 NETWORKS - CYBERSEX ->10 Jim Weaver Collection

Your soft silky thighs are a dream;
(Oh my lover, please stifle that scream
Of desire.) I'll be ready
To whip off your teddy,
In time for dessert a la creme.

45297 NETWORKS - CYBERSEX ->10 Jim Weaver Collection

I'm afraid I will have to deny
Your offers, for dessert, multiply.
For I've yet to prepare
My coq au vin fare -
I believe I'll start with a thigh.

45298 NETWORKS - CYBERSEX ->10 Jim Weaver Collection

Make sure that the wine sauce is near;
I'll just test you for tenderness, dear.
Mmm, that's just right.
(I'll be feasting tonight!)
Now, where has that coq disappeared?

45299 NETWORKS - CYBERSEX ->10 Jim Weaver Collection

Oh! This is only one serving, c'est vrai?
I'll never eat it all, I daresay.
Perhaps I'll just start
With this ending part,
And pour on my wine sauce part way.

45300 NETWORKS - CYBERSEX ->10 Jim Weaver Collection

Sometimes, I lick off the sauce;
Sideways, and up and across.
And sometimes, I bite
Right in with delight,
Or draw with my tongue - I emboss.

45301 NETWORKS - CYBERSEX ->10 Jim Weaver Collection

But I never fail to get hot,
When I eat from the coq au vin pot.
I'm starting to sweat;
Are you hot, my pet?
Shall I carry on eating, whatnot??

45302 NETWORKS - CYBERSEX ->10 Jim Weaver Collection

Be quick! Get the parachutes, dear!
Yes, they're under that flap in the rear.
What d'ya mean, you can't find them?
Oh hell! Never mind them;
Grab hold of this joystick and steer.

45303 NETWORKS - CYBERSEX ->10 Pewter Wilkins

I said JOYSTICK, my love, not my thing!
Where's the glue and that ball of old string?
For I need to repair
This enormous great tear
Which appears to have ripped through the wing.

45304 NETWORKS - CYBERSEX ->10 Pewter Wilkins

Oh wait! There's a good stretch of sand;
Get this kite in position to land.
There's a hole 'neath my seat
For my legs and my feet,
And I'll use them as brakes, understand?

45305 NETWORKS - CYBERSEX ->10   Pewter Wilkins

Well you did say you'd come on this flight
If I took off and landed all right;
But the bit in between
I could not have foreseen.
I'm sorry, my Petal delight.

45306 NETWORKS - CYBERSEX ->10   Pewter Wilkins

Now we're Bali well lost in the jungle.
I'll search in the wreckage; among all
The stuff there's a compass.
Don't kick up a rumpus;
I'm guilty, I know, of this bungle.

45307 NETWORKS - CYBERSEX ->10   Pewter Wilkins

I'll make it up later tonight,
With an evening of blissful delight.
And it's no good you pouting,
I'm sorry this outing
Has caused you a terrible fright.

45308 NETWORKS - CYBERSEX ->10   Peter Wilkins

You're looking so sad and forlorn,
With your panties all tattered and torn,
And your petals are showing;
I feel something growing;
I'm getting a regular horn...

45309 NETWORKS - CYBERSEX ->10   Pewter Wilkins

At the thought of our loving sublime,
It's a most inappropriate time.
Yes I know that, my dear.
Maybe later? I fear
We've a bloody great mountain to climb.

45310 NETWORKS - CYBERSEX ->10   Pewter Wilkins

We've been climbing for over an hour,
In this heavy and thundery shower,
And your dress is all wringing
With water and clinging
So tight to your nipples, my flower.

45311 NETWORKS - CYBERSEX ->10   Pewter Wilkins

I know, darling Petal, I know,
We've got hundreds of miles still to go.
But whatever's the matter,
Your mad as a hatter;
Stop kicking my bits down below.

45312 NETWORKS - CYBERSEX ->10   Pewter Wilkins

I'm sorry, love. Hang on a sec!
We've been going in circles; that wreck
Down below is our plane,
And ... Oh no! Look again!
It's a cruise ship with people on deck.

45313 NETWORKS - CYBERSEX ->10   Pewter Wilkins

Now take off your panties, my pet.
(Oh my God, you look good in the wet.)
If you wave them about
While I bellow and shout,
We'll be saved from disaster, I bet.

45314 NETWORKS - CYBERSEX ->10   Pewter Wilkins

I think they have seen us! The crew
Are all waving their peckers at you!
Let's run down to the beach
Where they'll easily reach
Us and throw us a lifeline or two.

45315 NETWORKS - CYBERSEX ->10 Pewter Wilkins

Whack! You don't half pack a punch!
Are you hungry, my sweet honey-bunch?
For there's nothing much finer
That wine on a liner,
With dinner and breakfast and lunch.

45316 NETWORKS - CYBERSEX ->10 Pewter Wilkins

The Captain's invited us, dear,
To his table tonight and it's clear
That we cannot say no.
(Though we could stay below
And have fun in this cabin right here.)

45317 NETWORKS - CYBERSEX ->10 Pewter Wilkins

Well, OK then, later maybe.
After cocktails and dinner, we'll see.
If you feel in the mood
To be naughty and lewd;
I hope you will forgive me, dear E.

45318 NETWORKS - CYBERSEX ->10 Pewter Wilkins

Look at my hair -- it's a mess!
Missing parts of my dress!
My cheeks are quite pale;
I've broken a nail
And you want to kiss and caress?

45319 NETWORKS - CYBERSEX ->10 Ericka

There'll be none of that going on here,
Till you earn forgiveness, my dear.
Your tropical dream
Has been one long scream.
(And I've lost my bikini cashmere!)

45320 NETWORKS - CYBERSEX ->10   Ericka

I want you to think long and hard,
How my defenses, you will bombard,
To earn exculpation
For this wild vacation.
It better be good, my dear bard...

45321 NETWORKS - CYBERSEX ->10   Ericka

It's better to give than receive?
It might be, but then I'm naive.
Let us meet for a while
On a Pacific isle,
Who knows we might not ever leave.

45322 NETWORKS - CYBERSEX ->10

'Tis a shame we're meeting this way,
With no chance to fondle or lay.
I'd brave waves and thunder
To taste Julie down under,
Before I turn wrinkled and grey.

45323 NETWORKS - CYBERSEX ->10

To your every whim I will cater,
Hoping we may meet up later.
But if its not to be,
Don't pity me,
'Cause I have this SUPER vibrator!

45324 NETWORKS - CYBERSEX ->10

It's fun, there's no doubt this is true,
But it can't fully replace you.
For without those lips,
And hot fingertips,
At makes for an most empty screw.

45325 NETWORKS - CYBERSEX ->10

So, bring me your tongue so fine,
And drink me like a bottle of wine.
Linger for a bit
On the tip of my clit...
Ah yes, my love, that's devine!

45326 NETWORKS - CYBERSEX ->10

I'm glad that I'm somewhat unique
When it's sexual pleasure you seek.
So take Frank to your bed
'Til the battery 's dead;
I'll only be gone for a week.

45327 NETWORKS - CYBERSEX ->10

Then I'll sip of the wine ala femme;
The container is really a gem.
I'm glad it's not glass
(Might scratch up your ass)
As I'm adding a fine thickened stem.

45328 NETWORKS - CYBERSEX ->10

Just run your tongue around the rim,
And hear the hum of my crystal quim.
Don't do it too fast,
For I will not last,
Just bring me to the edge, to the brim.

45329 NETWORKS - CYBERSEX ->10

Leave me teetering there for a while,
Then approach for the final mile.
It's worth it you see,
To satisfy me.
I guarantee to return the smile.

45330 NETWORKS - CYBERSEX ->10

I don't want to linger too long,
The feeling I see's getting strong.
You had better come
Before you go numb,
Then a rest 'fore I bury my prong.

45331 NETWORKS - CYBERSEX ->10

Now if you're expecting a "mile"
I'm gonna be there quite a while.
I'll stroke 'til I'm sore,
Seven thousand or more,
'Fore I cross the line with a smile.

45332 NETWORKS - CYBERSEX ->10

It couln't have been me falling in
For I'm free of all sexual sin.
After promising Doc
I'd take care of my cock.
Was it not my identical twin?

45333 NETWORKS - CYBERSEX ->10 Peter Wilkins

You might have imagined it, pet,
It that state of high tension you get,
When you're squirming around
With a whimpering sound,
As you panties get thoroghly wet.

45334 NETWORKS - CYBERSEX ->10 Peter Wilkins

It wasn't mad Pete who fell in,
Nor yet his identical twin.
If you've not guessed yet,
Who got you all wet,
Then list to the tale that I spin.

I purchased a good rubber mask
Of Peter. I then had the task
Of buying red scanties,
'Cause if I was Andantes,
My name you would not think to ask!

When I dropped in, you failed to scream!
We quickly got set,
Removed panties, wet.
While I screwed, I was not who I seemed.

Which you're craving, my dear,
With my stiffening spear;
But till then it stays under my hat.

What? Under my hat? Yes, I know
It's absurd, but my touser commo-

When those 44D

Like they know what I'm hiding down there;
And they laugh as they watch
Me adjusting my crotch.

His pleasantries I do miss so!

Cheating us out of humor and quip.

In the Stygian depths of his soul?

Plugging nostrils to quell his foul belch.

My news server's sometimes a pest;
When I post; on occasions it just
Seems to lose it; I can't
Read my stuff so I rant
And I rave at it. (This is a test.)

For some "newgroups" I don't give a damn;
For "news", the whole thing's a sham.

Some of them second to none.
Is it an art,
Or just a mind fart?
Someday I'll rip off a good one.

Some words that are sweet,
While others just leave a dark stain.

This woman is not one to mourn.
She wasn't for you.
So you're one, not yet two,
Don't give up -- raise your head, blow your horn!

There once was a man with great fear
The CIA was checking out limericks here.
I'm willing to bet
They don't monitor the net.
So chill out and have yourself a beer.

45827 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

And as for them checking the net...
I'd be happy to call on your bet.
The Feds would be shirking
Their jobs if not lurking
To parry the Communist Threat!

45828 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

"But the Reds are no problem!" you say.
Well the Feds just can't see it that way.
I hate to annoy ya';
There's more paranoia
In THEM than in ME any day!

45829 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

Some limericks were posted by Persians
In multiple nefarious versions;
Hidden deep in those rhymes
Were hideous crimes,
Encryptions, and devious perversions.

45830 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

While threatening lawsuits for libel,
The Queen was thumping her bible.
Not the one the priests read
In their hour of need,
But one where her libels are viable.

45831 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

For nine months she angrily posted
And ranted and raved and boasted,
But to our regret
She was kicked off the net.
To her memory, we stood up and posted.

45832 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

Then to the Internet's horrida,
She found an account down in Florida
From which she could claim
University's name,
Without ever entering a corrida.

45833 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

Though she in her own special way
Thought this access OK,
Florida ops disagreed
Citing lack of real need,
And took her net-acess away.

45834 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

This caused a great cry and a shout;
The queen had been beaten about.
She fled to her lair,
Tossing back her red hair,
And planning revenge for this rout.

45835 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

And surprise, surprise, from beyond Western skies,
Came a lapdog barking quite loudly.
He knew not repercussions
Of libel discussions,
And so relayed her messages proudly.

45836 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

So again, we were forced to read
Her every skittering screed,
And wonder and wait
For her postings of hate
Relayed from Tahiti, by fate.

45837 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

She thought anyone she could handle.
Her words were her pride, her mantle.
But this state of mind
Left her legally blind,
Like a moth flying into a candle.

45838 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

Like a mule that's been kicked in the head,
She staggered off filled up with dread.
But each removal from access
Gave her what she liked bes':
The opportunity to rise from the dead.

45839 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

Next time an account in Dow-jee-shi,
After that a nickname in Brindisi,
And postings from China
Gave the poor whina
A chance to show us she's seedy.

45840 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

She pays for her access now
From a legally-got cash cow.
But her claims of libel
And lawsuits not viable,
Have gotten her into a big row.

45841 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

She has not yet won in the court;
Readers bait her like bears in a sport.
If her lawyers don't go
Into court in a row,
She'll be forced to abandon the fort.

45842 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

Though that little libel law firm
Is still fronting the horrible worm,
Against their advice
She walked on thin ice;
Her posts are now making them squirm.

45843 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

For a hypocrit cannot remain
Posting into the public domain,
And then crying out
When she's beaten about
And calling her lawyers again.

45844 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

She really made horrible mistakes
When she contacted cops in the States.
She failed to remember
They're free to dismember
In print anything publicly states.

45845 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

Countries' laws aren't, you see
The same in relative misery.
But lawyers should know
'Ere to court they do go:
They are similar regarding hypocracy.

45846 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

Posting rant after rant after rant,
In a style which she cannot recant,
We're delighted to say
She will soon have her day
When complainer becomes defendant.

45847 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

And her lawyers really know not
The miles of files we've got,
Showing each little libel
From her own little bible,
That to our lawyers were brought.

45848 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

As with everything else, she is doomed.
Jobs, posts, all is ruined.
There's no one to blame
But her own stupid name:
Bye-bye Queen, we now may assume.

45849 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

She wasn't done in by verbacity,
Although she had gotten quite nasity.
She was finally sunk
By repeating old bunk.
That and her own dumb tenacity.

45850 NETWORKS - PEOPLE - SERIES   Jim Weaver Collection

I'm glad you are back in the news,
And recovered from flu and the blues.
I thought that your bike
Had got lost in the dike,
And you'd hunted around for some clues.

45851 NETWORKS - PEOPLE - SERIES   PeterW

The problem with finding a bike
Which is yours and is lost in a dike
Is they all look the same,
Except maybe the frame.
(But you're lucky if yours is a trike.)

45852 NETWORKS - PEOPLE - SERIES   PeterW

But what if the wheels number four
In a dike you've begun to explore.
It's two bicycles stuck
And they're having a fuck
And they're breeding one-wheelers for sure.

45853 NETWORKS - PEOPLE - SERIES   PeterW

One-wheelers are buggers to ride;
If you try, you just wobble and slide.
When you get in a spin,
('Cause their saddles are thin)
You get screwed (maybe buggered) inside.

45854 NETWORKS - PEOPLE - SERIES   PeterW

So Tjarda, I hope that you found
That your bike in the dike was not drowned.
But keep off those bikes
Which have saddle like spikes,
If you value your ass and your mound.

45855 NETWORKS - PEOPLE - SERIES PeterW

Who could churn them right out with no sweat.
But when Al came on line,
With his poems most divine,
They knew not the Master they'd met!

By the were-nun named Sister Christina.

45953 NUNS - CHRISTINA Archie

Oh, Sister Christina, the doubt
You've cast on my lie is about
The worst .. so uncouth!
If you want the truth,
Come turn me, m'dear, inside out.

45954 NUNS - CHRISTINA

Oh, hell! how I rue to remember
That bad prehistoric September,
When we ran to miss
The club of Sis Chris,
But she was too fast with her timber!

45955 NUNS - CHRISTINA

Well Mister, I will tell you this:
No man has yet humbled Sis Chris.
You'll hear her teeth gnash
When nearing her gash,
Before feeling her deadliest kiss.

45956 NUNS - CHRISTINA SFA

The nuns, for the first time in years,
Charged dildos in bulk down at Sears;
They've failed to make payment,
So under their raiment
Those dildos are now in 'arrears!'

45957 NUNS - CHRISTINA Travis Brasell

There once was a bloke that was after
That sister so luscious, but dafter
Than a bag full of doorknobs,
Since she gathers galore knobs
And all of them hung from a rafter.

45958 NUNS - CHRISTINA Archie

I've studied the rhyming of Ericka
And noted her scansions are very Ca-
Nuck in their style,
And lacking the guile
Of Sis Chris, who IS esoterica.

45959 NUNS - CHRISTINA SFA

We nuns at Our Lady of 'Wet
Are virginal, please don't forget!
Hope you don't pull your groin
When you come to join
"Exercise with Sis Chris" dot net.

45960 NUNS - CHRISTINA

"Please don't speak ill of the sainted,
Their pious traits cannot be tainted.",
Said Sister Christina,
Stirring the farina,
And farting so loud that I fainted.

45961 NUNS - CHRISTINA

Come Liz, feel this frog in my pocket;
I'm sure it will fit in your socket.
That's if I can miss
The kiss of Sis Chris,
For that lady surely will dock it.

45962 NUNS - CHRISTINA

When Sister Christina goes "Crunch!"
She's merely partaking of brunch.
It's when she starts gnashin'
Her molars with passion,
You fear for your bollocks and trunch...

45963 NUNS - CHRISTINA

She sings in the fog on the swamp,
"Now come to me, Cajuns, let's romp!"
Then oh-me-oh-my-oh
Far back in the bayou,
Sis Chris, that old 'gator, goes "chomp."

45964 NUNS - CHRISTINA Travis Brasell

I'd drather drink three day old piss,
Or give a hyena a kiss,
Or sniff at some mace
Before I would face,
The thought of a hormonal Chris.

45965 NUNS - CHRISTINA Archie

The girls of St. Ag are okay
For occasional rolls in the hay.
But it's a sure bet
That Perpetual Wet
Nuns verily know how to prey.

45966 NUNS - CHRISTINA H Whelchel

Gor blimey; what 'orrible shockers.
I must take me beta-thing blockers.
Me 'eart's gone skew-whiff
As would anyone's if
They'd seen Sister Christina's 'uge knockers.

45967 NUNS - CHRISTINA

Now that was a meal and a half.
I thought 'twas a bloody giraffe!
It seemed his extendin'
Would be never-endin'.
Turns out he was hung to the calf.

45968 NUNS - CHRISTINA Anon

On Travis's stalk did you snack?
More filling than any Big Mac.
When you bite and de-male,
Like a lizard's long tail,
Instead of a stump, it grows back!

45969 NUNS - CHRISTINA Randog

And there's Sister Christina the nun
Of Perpetual Wetness; the one
Who just can't get enough
Of muff diving and stuff,
And employs Irish Wolfhounds for fun.

45970 NUNS - CHRISTINA

I know that you have in your midst,
A sister, though she's often pissed.
So hark to Christina,
Your sins she will clean a-
Way, for the Pope's ring she's kissed.

45971 NUNS - CHRISTINA Maude

Sis Chris, sadly never quite sated,
Feared her rack was not equally weighted.
She looked inside her dress,
And remarked with distress,
"Oh dammit, my left tit 's deflated."

45972 NUNS - CHRISTINA

Sis Chris, she is like a fine wine;
The fruit of the vine on the Rhine.
She's oft made by monks,
Take her out -- get her drunk,
And she leaves a sore "head" every time.

45973 NUNS - CHRISTINA Tiddy Ogg

Sis Chris has the wherefore and why
When chewing poor percy goodbye;
Canadian beef
Is tainted. In brief,
She's crazy though this she'll deny.

45974 NUNS - CHRISTINA Randog

Well, isn't it sad about Clary
Whose versifications would vary.
But ever since Sister
Chris changed him from 'Mister',
To 'Miss' with her fangs, Hugh writes nary.

45975 NUNS - CHRISTINA

The sight of a knob-end that's flashin'
Is Sister Christina's great passion.
She blows on a whistle,
Takes aim like a missle,
And charges with molars a gnashin'.

45976 NUNS - CHRISTINA Peter Wilkins

If you want some nuns to bewitch;
To scratch that insatiable itch,
With animal lust
And a generous bust,
You need a Perpetual bitch.

45977 NUNS - CHRISTINA H Whelchel

It seems the approach of mid-summer
Makes writers of limericks dumber.
And the evil Sis Chris
Reverts to plain Miss,
While looking to find a new plumber.

45978 NUNS - CHRISTINA

I once took Sis Chris on a date
And my tool met that same awful fate.
And the only high note?
Sis Chris can't deep throat --
Which means inchwise, I'm left with just eight.

45979 NUNS - CHRISTINA Randog

Iranians follow Imans
And never caress their own glans.
The hands that do that,
Sis Chrissy won't pat,
For they're always some other man's.

45980 NUNS - CHRISTINA Archie

With Sister Christina I'm smitten;
So always on her I am hittin'.
But if you are chaste,
There's no time to waste;
My lap is right here for the sittin'.

45981 NUNS - CHRISTINA SFA

Sis Chris will let anyone in,
To practice a cardinal sin.
Of course, there's a snag,
When you've screwed the old hag,
You'll not find your todger again.

45982 NUNS - CHRISTINA Tiddy Ogg

The same was said of young Eva Braun;
The rumors were flying around.
But it just wasn't true
That if she screwed you,
In a VD clinic you would be found.

45983 NUNS - CHRISTINA Ian Mocker

Now Tiddy, be nice to my guest!
I'm not an old hag, you repressed
Perverted sheep shagger!
No Ian, don't stagger.
Come closer. We'll get you undressed.

45984 NUNS - CHRISTINA Sis Chris

I'm not sure I like this nun's ploy;
She hugs me and call me her joy.
So I'll keep on my suit
And me overcoat to boot,
For I'm just a simple country boy.

45985 NUNS - CHRISTINA Ian Mocker

Sis Chris, seems that you're not so shrewd;
There's one who's managed to elude,
Your cunt full of claws,
And your vise-like jaws;
Peter's three meters you've not chewed.

45986 NUNS - CHRISTINA

A lesson for those who are wary
About Sister Chris' contrary
Comportment in beds:
It's not tails, but heads.
Don't believe it? Just ask Hugh Clary.

45987 NUNS - CHRISTINA Anon

Ahh bless you, my son, you're confused.
It ain't this wild Nun who gets used.
Step up on my altar,
Uncover yer Psalter,
Prepare to be obscenely abused.

45988 NUNS - CHRISTINA Anon

It's nearly the month of December;
The fire is now down to an ember.
Sis Chris is now looking
For wild rampant fooking,
With someone whom she can dismember!

45989 NUNS - CHRISTINA Anon

I know a nice little trick;
We'll cut off what's left of your prick.
When dear Sister Chris
Gives it a kiss,
And right down your throat it will stick.

45990 NUNS - CHRISTINA

Perth's winter is sunny and dry,
And here our Sis Chrissy may try
To play with me more;
Again leave me sore.
So from here I quickly will fly.

45991 NUNS - CHRISTINA Archie

That Ericka gal is a bore;
So stick with me, Honey, I'm more
Of a girl with a hole-
Y missionary role,
To make sure you limerick guys score.

45992 NUNS - CHRISTINA Sister Christina

I hope that you'll not find this odd,
But Sister Christina will prod
My dick while she kneels
And feels and then squeals
This worshipful prayer: "Oh, my god!"

45993 NUNS - CHRISTINA Travis Brasell

Though the priests in Christina's last cloister
Admitted her muff was much moister
Than most that they dated,
Everyone of them hated
That his pearls were purloined by her oyster.

45994 NUNS - CHRISTINA Hugh Clary

I shrank from that vast tooth-filled crack,
And leapt on a big camel's back,
And drove that poor beast
Through the whole middle-east;
Didn't stop till we got to Iraq.

45995 NUNS - CHRISTINA

The philosopher, Gerry Gardena,
Asked a patron at Schlock's new arena,
If Marx he had read,
And was answered, "I bled
From the snatch of that Sister Christina!"

45996 NUNS - CHRISTINA

"Read Marx?" Why, of course, he's red marks
From scratches and burns caused by sparks,
When Sister Christina
Chomped his teensy weena,
To shreds with her fangs, long as sharks!

45997 NUNS - CHRISTINA

As the flow of her menses demanded,
Sis Chris to her room was remanded.
But her character, sainted,
Was found to be tainted,
When the Prioress caught her red-handed.

45998 NUNS - CHRISTINA Hugh Clary

While Sister Christina is hiding,
My time I am fruitfully biding,
Perfecting my knack,
So when she comes back,
Her Ass into hell I'll be riding.

45999 NUNS - CHRISTINA Anon

A visit from you is just bliss;
So, what could be nicer than this?
Well, Lass, I'll speak true;
I really do rue
The absence of our favorite Sis.

46000 NUNS - CHRISTINA

Run! Hide!, you guys only postpone;
Sis Chris will come back in the zone.
If she gives me a shout
I'll be there to help out,
To delight in these dickies debone.

46001 NUNS - CHRISTINA

I remember Christina before
She learned how to make a man sore.
And she frankly admitted,
When properly fitted,
A knob was a thing to adore.

46002 NUNS - CHRISTINA

Oh Sister Christina have mercy!
Please give my dear bollocks to nursey;
She'll sew them back on
Me and when she has gone,
You can do what you like with my percy.

46003 NUNS - CHRISTINA

I'm Sister Christina. I cry
When I read every word of this lie.
I'm gentle and pure
And quite insecure
And holy and humble and shy...

46004 NUNS - CHRISTINA

"Isabetta, you insolent pimple,
You've been caught, so your guilt is most simple.
And you'll get a sound beating
If you keep up this bleating
Concerning the state of my wimple."

46005 NUNS - CHRISTINA

That Sister Christina's here soon;
Don't just stand there, Jeeves, fetch the harpoon.
What, you've lost it? You blithering
Fool; stop your dithering;
Catch me I'm going to swoooooo ....

46006 NUNS - CHRISTINA

Well, shiver me timbers, eh what?
It's that Sister Christina's foul twat.
I can tell 'cause the fish
Have jumped out of this dish,
And are swimmin' away from my yacht.

46007 NUNS - CHRISTINA

With tits flopping wildly about
And a face like an ugly old trout,
An insatiable lust 'n'
A cunt quite disgustin',
It's Sister Christina; she's out!

46008 NUNS - CHRISTINA

An unwary nun named Christine
Walked into the Chapel Sistine
And there had a shenanigan
With His Eminence, Brannigan;
Now Christine is no longer pristine.

46009 NUNS - CHRISTINA Albin Chaplin 3024-0996

Recalling Christina Dentata
(I shouldn't make fun, but I gotta);
Her speech was laconic,
Her smile was sardonic,
And was cursed with a sort of stigmata:

46010 NUNS - CHRISTINA

Sis Chris, thank the lord, ain't on board
Or else she'd have ravaged my sword.
The teeth in her cleft
Would've left me bereft
And my mast comprehensively gnawed.

46011 NUNS - CHRISTINA

Not Sister Christina my friend! A
A most gruesome old bat; she's horrend-
Ously rough for a boff.
I'd be much better off
If I stuck my poor dick in blender!

46012 NUNS - CHRISTINA

I travelled south west of Messina,
We thought we had trapped a hyena,
But cheers of surprise
Turned to blood-curdling cries
Of fear... it was Sister Christina.

46013 NUNS - CHRISTINA

The constable, while at a luncheon,
Heard something that sounded like crunchin'
Of bone, and when he
Looked down, he could see
Sis Chris with her twat 'round his truncheon.

46014 NUNS - CHRISTINA Travis Brasell

I'm here on my knees Sister Chris,
With my head up your habit, like this.
I shall bury my face
In your virginal place
And I'll suck you to heavenly bliss.

46015 NUNS - CHRISTINA

When catching one's dong in one's zipper,
One must keep a stiff upper lipper.
Pretend naught's amiss!
Watch out for Sis Chris,
And her hideous vaginal snipper.

46016 NUNS - CHRISTINA Ericka

Pope Archie, If I catch your ass,
Armageddon will soon come to pass.
Those parts you adore
Will be mine evermore.
I patiently await your Mass.

46017 NUNS - CHRISTINA Sis Chris

I'm SisChris, a nun on the hunt.
I've seen each and every last stunt.
But this time, my goose,
There'll be no vamoose!
Which one of you shall I confront?

46018 NUNS - CHRISTINA

Sis Chris is now with Inquisition,
And useful for their imposition.
She quickly becamber
A Star in their Chamber,
At finding those preaching sedition.

46019 NUNS - CHRISTINA Archie

Sweet Sister Christina has e'er
Been around having fun, be aware.
Even eons ago,
If us guys were too slow,
She'd be dragging us back to her lair.

46020 NUNS - CHRISTINA Peter Wilkins

Ain't none of us guys, 'Mr Clean,'
So, not even some old Listerine
Would help any mouth
That's been planted south
On parts of Saint Sister Christine.

46021 NUNS - CHRISTINA - SERIES Travis Brasell

If your mouth has been down that far,
Then, Honey, you must look bizarre;
Once her pussy lips
Get you in their grips,
There ain't nothing left but a scar!

46022 NUNS - CHRISTINA - SERIES Carol

I'm scarred, Dear, but now I'm appealing
To Sister Christina for healing;
So, therefore, tonight
She'll make me look right
When I'm down in front of her, kneeling.

46023 NUNS - CHRISTINA - SERIES Travis Brasell

Good news! I have found you a spare!
We've cornered a spammer. Prepare
For a transplanted dong!
If I don't do it wrong,
You'll soon have a four-incher down there!

46024 NUNS - CHRISTINA - SERIES Carol

Be merciful, Sister, and riddle me
With bullets or stab me or spittle me;
To transplant my dong
With one four inches long
Would sadly short-change and belittle me!

46025 NUNS - CHRISTINA - SERIES   Travis Brasell

Just out from the convent among us,
It's Sister Christina. Humungous
Just isn't the word
For her size; she's absurd-
ly grotesque in that wig and face fungus.

46026 NUNS - CHRISTINA - SERIES   Peter Wilkins

She's rampaging all over town
In her wimple and vestments of brown.
And she's looking for fun
With a gentleman; one
Who won't mind if she looks like a clown.

46027 NUNS - CHRISTINA - SERIES   Peter Wilkins

Now some of you just may remember,
The funs with those nuns in November.
Well, Sister Christina's
New mission is "Penis
For All" having once felt a member.

46028 NUNS - CHRISTINA - SERIES   Peter Wilkins

For years she had used a courgette (bail basket)
Or a marrow or corn cob and yet
At the first taste of dick,
She came hot, wet, and quick;
An experience she cannot forget.

46029 NUNS - CHRISTINA - SERIES   Peter Wilkins

I'm Sister Christina, a nun,
Just looking for some carnal fun!
I need me some meat
To screw or to eat --
And nobody's safe 'til I'm done!

46030 NUNS - CHRISTINA - SERIES   Chris

Where is that old Archie I met
At the Convent of Perpetually Wet?
I was ready to bite
When the bugger took flight.
He's around here somewhere, I'll bet!

46031 NUNS - CHRISTINA - SERIES   Chris

I've heard about "H" and his load;
He carries a big nun-sized choad!
I've heard he gets suuggly
With dames that are ugly,
As long as they eat 'a la mode'!

46032 NUNS - CHRISTINA - SERIES

I'm looking for the sex athlete
Who goes by the name of Pete.
If I catch him, I'll do
What I've wanted to,
Till there's nothing left but mince-meat.

46033 NUNS - CHRISTINA - SERIES   Chris

Christina, you ugly old nun,
Now you've asked for it. Fondle my gun.
Though you're built like a barge,
I'm enormously large;
You'll regret that you went on the run.

46034 NUNS - CHRISTINA - SERIES   Peter Wilkins

Okay. You can swivel just here
On my hugely inflatable spear.
Well there's no need to frown
As you bounce up and down.
I can screw you until the New Year.

46035 NUNS - CHRISTINA - SERIES Peter Wilkins

Your quivering shuddering thighs
And your moaning and groaning and sighs,
As I make my first lunge
And repeatedly plunge,
Drives you mad with desire, I surmise.

46036 NUNS - CHRISTINA - SERIES Peter Wilkins

You cannot disguise your emotion;
A throbbing pulsating commotion.
You're putty, my dear,
As you ride on my spear
With a clenchingly up and down motion.

46037 NUNS - CHRISTINA - SERIES Peter Wilkins

Oh Fuck! She's as ugly as had-
dock and built like a tanker. She's bad.
Well I warned all you guys
Of her nutcracker thighs;
Now she's roaringly rampaging mad.

46038 NUNS - CHRISTINA - SERIES Peter Wilkins

She'll sniff out your dick at ten paces
And gird up her loins and give chase,
At the speed of a bullet
And catch you and pull it
To pieces and sit on your face.

46039 NUNS - CHRISTINA - SERIES Peter Wilkins

Oh God! What a horrible thought,
To be mince-meat in seconds. I ought
To find somewhere to hide;
Archie, H: move aside;
I, for one, do not wish to be caught.

46040 NUNS - CHRISTINA - SERIES Peter Wilkins

But Hey! I've just thought! She's enorm-
ous and rampaging 'round like a storm.
We should hear the thud, thud
Of her feet in the mud,
So we'll know when she's getting too warm.

46041 NUNS - CHRISTINA - SERIES Peter Wilkins

Yes, I'm out hunting for meat!
But I've always been light on my feet!
I'll sneak up behind you
And grab you and grind you
Before you even know it, my sweet!

46042 NUNS - CHRISTINA - SERIES Chris

Don't bother to hide in the closet!
You know that once in my jaws, it
Will snap like a little
Piece of peanut brittle!
I know pain and just how to cause it.

46043 NUNS - CHRISTINA - SERIES Chris

There's no place for you to be hidden,
When I am looking to be ridden!
I'll search you out, Peter!
And get to your meat or
I'll hurt you. You know I'm not kiddin'!

46044 NUNS - CHRISTINA - SERIES Chris

Over here, little Chrissy, my sweet!
I've got a fine funk on my meat!
Ain't cleaned it in months --
It smell of twelve cunts
And spittle and spoo and mesquite.

46045 NUNS - CHRISTINA - SERIES   H Welchel

It needs a good kissing again;
Or maybe a sisterly train.
I'll keep it rock-firm
As Perp Wets all squirm,
And you'll lick up the goo and the stain.

46046 NUNS - CHRISTINA - SERIES   H Welchel

Guess Pete didn't need the distraction;
He's giving Sis Christine the action.
That bum would fuck shit,
If it had one tit
And two nanoNewtons of traction.

46047 NUNS - CHRISTINA - SERIES   H Welchel

What a lovely day, it was great;
Now it's getting dark and quite late.
There's a storm blowing.
We must get going,
Where's that driver? He said he would wait?

46048 NUNS - CHRISTINA - SERIES

"That's him over there," I mumbled,
As he swaggered over then stumbled,
All over his feet,
Fell into the seat,
"Just a few nips, miss," he grumbled.

46049 NUNS - CHRISTINA - SERIES

You know what they always say,
About the horse knowing his way.
I hope they're right,
Cause this driver's tight,
With the drink he hid in the sleigh.

46050 NUNS - CHRISTINA - SERIES

That quick we were off in a flash,
My God, I think I have whip lash!
We bounced up and down,
Were bumped all around,
Screamed, "Look out for that tree!," Crash!

46051 NUNS - CHRISTINA - SERIES

Well just when I thought I was caught
Sis Chris has cleaned up her twat
Gave up her claws
And her habit because
St. Peter a lesson has taught

46052 NUNS - CHRISTINA - SERIES

Now this beautiful princess appears
Former Sis Chris has really changed gears
I'm starting to think
I should buy her a drink
But, wait... what about all the tears

46053 NUNS - CHRISTINA - SERIES

Cried by those who have run
Afraid of the wrath of the nun
Who just days ago
Was letting us know
She thinks nuts in a vice is good fun...

46054 NUNS - CHRISTINA - SERIES

I am wondering if I can trust
This new beauty inspiring lust
Or if its a trap
That's gone in a snap
And will end after both my balls bust...

46055 NUNS - CHRISTINA - SERIES

Well, now I'm taking a chance
But, may I please have this dance
If your schedule is open,
I'm gullibly hopin'
To ring in the new year with romance...

46056 NUNS - CHRISTINA - SERIES

Sis Chris has just changed her way;
For her sins, she does not want to pay.
Though I thought I was caught
It appears I am not;
From the nun, I got away!

46057 NUNS - CHRISTINA - SERIES

These rough nuns play my favorite sport;
What you thought you saw's mere petit mort;
While I howled like a hound,
'Twas a splendid first round;
And by golly, I squirted a quart!

46058 NUNS - CHRISTINA - SERIES Allen Wolverton

I've revived, Sister Chris, I declare;
Once again, I am loaded for bear!
Now I'm lifting your habit;
What ho, Chris, dag nabbit!
Down there is a bushel of hair!

46059 NUNS - CHRISTINA - SERIES Allen Wolverton

I still find, love, your funnel of joy;
You discover my rod is no toy;
You have now met your match,
As I rummage your snatch;
As you're wrapped 'round this here good old boy!

46060 NUNS - CHRISTINA - SERIES   Allen Wolverton

Now we've thrashed 'round for hours and hours;
Wildly tearing up trees, shrubs and flowers;
The young nuns, standing back,
Watch us jerk, roll and whack;
While the Mother Superior glowers!

46061 NUNS - CHRISTINA - SERIES   Allen Wolverton

Now our mind-blowing session is past;
So they thought that I never would last?
The full moon's shining down
On her satisfied crown;
And Christina's at last candy-assed!

46062 NUNS - CHRISTINA - SERIES   Allen Wolverton

Then I heard a noise, like bumping.
Arose to find two women humping;
Slid in the middle,
Out came my diddle,
Their tonsils then started pumping.

46063 NUNS - CHRISTINA - SERIES

I thought from her clutches I'd slipped,
But those sharp pussy teeth, first they nipped,
Then sounds of flesh rending,
And pain never-ending,
As off my crown jewels she ripped.

46064 NUNS - CHRISTINA - SERIES

Now Brother, you would not believe
The hours I work sans reprieve
Soliciting suckers,
Male shoppers and truckers;
Those dupes I am forced to deceive.

46065 NUNS - CHRISTINA - SERIES   Travis Brasell

For Supermom makes me collect (Mother Superior)
On behalf of our reverend sect.
I'm begging for money
In rainy or sunny...
(What I really want's long and erect!)

46066 NUNS - CHRISTINA - SERIES   Travis Brasell

"Please donate and fill up the coffers
At our lady of Elephant-boffers.
Your charitable gift
Will give us a lift."
But nine out of ten men are scoffers.

46067 NUNS - CHRISTINA - SERIES   Travis Brasell

I know I could earn confirmation
If long dongs were my motivation!
It would make my day
And prompt me to say,
"Why thank you for your kind donation."

46068 NUNS - CHRISTINA - SERIES   Travis Brasell

I fancied the old rural life
But all I encountered was strife.
I weren't long in the village
When there was a spillage,
When SFA's back hit a knife.

46069 NUNS - CHRISTINA - SERIES   SFA

And what was the reason for this?
I happened to mention Sis Chris...
And caused an uproar
I'd not seen before,
Which scattered the pastoral bliss.

46070 NUNS - CHRISTINA - SERIES SFA

Deciding if this was the case,
I won't be seen dead in that place.
So now I am back
Here where each attack
Is done right in front of my face.

46071 NUNS - CHRISTINA - SERIES SFA

Of Sis Chris I'd just like to say
Be careful where you go to stay.
Don't mention her name
Or you they will blame
For causing bloodshed and dismay.

46072 NUNS - CHRISTINA - SERIES SFA

What's this? Has there been a fight?
What happened? Who's wrong and who's right?
Tell me the story
And then im my glory,
Expose my nice boobies I might.

46073 NUNS - CHRISTINA - SERIES Michelle

It's true what you say, no one's won
And everyone's under the gun.
There's plenty are pouting,
And some are back-outing,
And of Sis Chris, we ain't getting nun.

46074 NUNS - CHRISTINA - SERIES Anon

My back, it is now on the mend;
I'm back here where I can depend
On this limerick crew
To be straight and true,
And never to savage a friend.

46075 NUNS - CHRISTINA - SERIES   Anon

My dear Mr S, F, and A:
My ass ain't for rental, no way.
No riding. No showing.
Now I must be going
And feed my ass, Dobbin, some hay.

46076 NUNS - CHRISTINA - SERIES   Sis Chris

Now Sister, you're being uncool
To treat SFA like a fool.
My purpose, dear Lass,
Is nailing your ass
And not to be dobbin' your mule.

46077 NUNS - CHRISTINA - SERIES   SFA

I suppose if you wanted a job,
You could be a stand-in for Dob.
Are you strong and, perforce,
Are you hung like a horse?
You are? Oh be still my heart-throb!

46078 NUNS - CHRISTINA - SERIES   SFA

Sweet Sister, I really don't care
To feature in some pious fare.
If nailing that ass
Is somewhat low-class,
Perhaps I'll be serving your mare.

46079 NUNS - CHRISTINA - SERIES   SFA

Though to party with Sister's the pits,
When drunk I was one of them twits
Who took a last belt
And succumbed when he felt
Optimistic, the booze and her tits.

46080 NUNS - CHRISTINA - SERIES Hugh Clary

Now what's left of my pork is a pittance;
No more will I move for admittance
Into Chris's crass crater,
Since the last time I bade her
Goodbye and good luck and good riddance.

46081 NUNS - CHRISTINA - SERIES Hugh Clary

Ten pints and Chris looks altogether
Too cute for my passion to tether.
Quite woozy, I wonder
Which one I was under:
The influence, her spell or the weather.

46082 NUNS - CHRISTINA - SERIES Randog

"It's heaven or I'm totally daft,"
I thought as astride me, Chris laughed.
"Quite soon you'll be musing
'Bout whether your losing
Your sanity, virtue, or shaft.

46083 NUNS - CHRISTINA - SERIES Randog

The boombox was blaring Tejano.
Her flesh had the taste of poblano.
A nip -- my cock's stinging.
Will I soon be singing
Her praises, the blues, or soprano?

46084 NUNS - CHRISTINA - SERIES Randog

A bite followed nip; now it's gone.
Like Bobbitt, I've not any brawn.
I hope I'll discover
A way to recover
My settlement, pride and baton.

46085 NUNS - CHRISTINA - SERIES   Randog

I hope that was just a nightmare,
That you were nowhere near her lair.
Once you've had a kiss
From lustful Sis Chris,
All I can do is say a prayer.

46086 NUNS - CHRISTINA - SERIES   Carol

'Twixt a rock and a hardplace I'd be --
'Tween the lines, that denotes amputee.
'Twixt her legs 'tween the sheets
My knick-knack she mistreats
All because I neglected to flee.

46087 NUNS - CHRISTINA - SERIES   Randog

If "Bite my schlong"'s heard in the abbey,
Christina will purr like a tabby.
Her face 'tween your thighs,
She'll pilfer your prize,
The nub of which will be quite scabby.

46088 NUNS - CHRISTINA - SERIES 2   Randog

If schlong-head's her next Pascal Lamb,
He'll nevermore vex us with spam.
Her Passover feast
Will render this beast
A piggy without any ham.

46089 NUNS - CHRISTINA - SERIES 2   Randog

Already I see 'tis the morrah
And visions of Sister Deborrah
Have gone without trace;
But instead in their place
Is this vision of absolute horrah.

46090 NUNS - CHRISTINA - SERIES 2

It's Sister Christina, bejabers,
Intent on performing her labours.
Like Hercules (whom
She resembles). Oh doom;
Now she's practising chewing up cabers.

46091 NUNS - CHRISTINA - SERIES 2

Why now, my sweet doll, let's not fight.
Why not come and visit tonight?
Right here in my cell,
We'll go at it like hell.
I promise I won't take a bite.

46092 NUNS - CHRISTINA - SERIES 2 Tiddy Ogg

Because of Sis Chris's attraction,
I'd like to get in on the action;
But first I need proof,
So I will not goof,
That she's had a masher extraction.

46093 NUNS - CHRISTINA - SERIES 2 Travis Brasell

They warned me her glands were like Jaws;
Knew something was fishy, because
We started to snog,
Then I noticed her dog
Was running around without paws.

46094 NUNS - CHRISTINA - SERIES 2 Cubmeister

Just call me your man on a mission
To make you my latest addition.
When you hear "Knock knock!"
There under your frock,
You'll know who is seeking admission.

46095 NUNS - CHRISTINA - SERIES 2 SFA

I think your perspective is skewed.
"Addition" ain't in my book, Dude.
I only deduct;
You could say you're fucked.
But for sure you ain't geting screwed.

46096 NUNS - CHRISTINA - SERIES 2 Sis Chris

A naughty old nun was Christina;
Her habits were less than pristina.
She pulled at the peter
Of the Pope on his seater,
In front of the chapel Sistina.

46097 NUNS - CHRISTINA - SERIES 2 Archie

I recall we were properly frocked,
As we sat on the steps and we talked.
"Didn't think it would hurt
To peek under your skirt --
Now it's my fault, you went off half-cocked!"

46098 NUNS - CHRISTINA - SERIES 2 Archie

Sis Chris as a Sunday school teacher?
Her lessons there, no doubt will feature
A brief introduction
To fool-proof seduction,
With practical help from the preacher.

46099 NUNS - CHRISTINA - SERIES 2 Tiddy Ogg

I believe in a "hands-on" type school,
One that uses the golden rule,
Seminal baptism,
And my catty-kiss-'em,
And other religious-type tools.

46100 NUNS - CHRISTINA - SERIES 2

All gents going to Soggy Hollow,
Beware! Sister Chris will soon follow;
She'll make it her biz
To suck out the jizz,
Then gulp down your schlong in one swallow!

46101 NUNS - CHRISTINA - SERIES 3 Travis

Now, you may be mistaken, old son.
She's not the "Hot dog" kind of nun.
Six or fourteener,
I just want the weiner.
I've no use for fixin's or bun.

46102 NUNS - CHRISTINA - SERIES 3 Travis Brasell

Since orders for you come from higher
Authorities, and you're no liar,
I won't change my game,
But I'll change my name;
Just call me, dear Sis, 'Oscar Meyer'!

46103 NUNS - CHRISTINA - SERIES 3 Travis Brasell

Sis Chris, you heard of "Black Widows",
The spiders that live in the meadows.
The male ends up dead;
She bites off his head
After sexin' and shaggin' in shadows.

46104 NUNS - CHRISTINA - SERIES 3

Now Chrissie, you're very similar;
The things that you do sound familiar.
Like "Black Widow's" bite,
You chomp with delight,
But the head that you bite will now kill-yer.

46105 NUNS - CHRISTINA - SERIES 3

The thing is, you don't seem to know
How poisonous just is my John Doe.
One bite of my willy,
Or Archie's dear Billy
Will end your short life as a ho.

46106 NUNS - CHRISTINA - SERIES 3

My memory is but a haze,
Of the time that I indolently laze;
Then I woke with a scream,
As C, broad in the beam,
Leapt on me like somebody crazed.

46107 NUNS - CHRISTINA - SERIES 3

She fought like a tigress, but stunk,
Like a dead putrefying old skunk,
And she bounced on my balls,
Ignoring my calls,
Till she'd drained me of all of my spunk.

46108 NUNS - CHRISTINA - SERIES 3

She'll have either sex, so beware,
In case she might head over there.
She once boffed von Trapp,
And gave him the clap,
And all of the kids in her care.

46109 NUNS - CHRISTINA - SERIES 3

To mention my name is a sin,
In the places that you wander in.
No doubt they're fearing
What I find endearing;
To eat for my unholy din. (ner)

46110 NUNS - CHRISTINA - SERIES 3 Sister Christina

It's long been my habit to say
And do things that lead me astray.
Dissent? I don't love it --
Try to rise above it.
And hope you will rise the same way.

46111 NUNS - CHRISTINA - SERIES 3 Sister Christina

So bless you, my son. Let me take
Your clothes off and see what's at steak.
Your meat and two veg
Will thrive, I allege,
Right here at my private clambake.

46112 NUNS - CHRISTINA - SERIES 3 Sister Christina

Sis Chris is the best one to drill;
At drilling she really is brill.
And it's fun to milk
Her breasts, soft as silk
While grinding away in her mill.

46113 NUNS - CHRISTINA - SERIES 3 Archie

Avoiding her cunical bites
While raising her up to the heights
Is the skill that you need
While spurting your seed,
Or else there'll be no more delights.

46114 NUNS - CHRISTINA - SERIES 3 Archie

That's me -- I'm the ultimate thrill.
I work with the utmost of skill.
My scruples are known
To many a bone-
Head, most of whom run willy nil.

46115 NUNS - CHRISTINA - SERIES 3 Archie

These robes? A removable feast
That cover a ravening beast,
Who will strip you quite bare
And poke you just there,
As long as you're not full of yeast.

46116 NUNS - CHRISTINA - SERIES 3

Oh, sorry -- I've made a mistake;
Sis Chris I thought you're a fake.
But you're really you,
So "How do you do?"
And would you jump out of this cake?

46117 NUNS - CHRISTINA - SERIES 3

It's for all the Boston padres,
Who think about boys for a raise.
So the sight of your snatch
Will make the whole batch
Agibber and quickly go craze.

46118 NUNS - CHRISTINA - SERIES 3

Well I'm a bit pissed off, dagnabit!
The reason why, though, I won't blab it.
I had hoped that often
I'd get some Chris boffin',
I'd like to get into that habit.

46119 NUNS - CHRISTINA - SERIES 3 Cyber Wizard

I say, old chap, that's just not done!
The mating of wizard and nun.
But after prayer session,
I'll take your confession
And polish your wand for you, hon.

46120 NUNS - CHRISTINA - SERIES 3 Sister Christina

Is that word from above, or just guessing?
With the Big Guy will you be messing?
I've naught to confess
Until and unless
I am to receive your pink blessing!

46121 NUNS - CHRISTINA - SERIES 3 Cyber Wizard

Is it save to now poke out my neck?
I saw that Sis Chris up on deck.
I sadly remember
Just what she'll dismenmber --
When she leaves, I'm just an old wreck

46122 NUNS - CHRISTINA - SERIES 3 Archie

Oh Popey, you're never a wreck!
Them robes ain't half sexy, by heck!
And they hide what's beneath --
All those scars from my teeth!
(The only thing stiff is your neck!)

46123 NUNS - CHRISTINA - SERIES 3 Anon

Perpetual wet is enough
To tempt an old Pope seeking muff.
But teeth hidden there
When I shaved it bare,
Were cruel and unnaturally rough!

46124 NUNS - CHRISTINA - SERIES 3 Archie

Now, do not be fooled by this sight;
Sis Chris wants you less than a night.
You will not survive
Nor escape alive --
So maybe you just should take flight!

46125 NUNS - CHRISTINA - SERIES 3 Archie

Sis Chris is a nympho-were-nun;
On full moons she's out to have fun.
So lock all your doors,
Stay down on the floors,
And maybe you'll see the next sun.

46126 NUNS - CHRISTINA - SERIES 3 Archie

Perhaps my last step was amiss,
When I stepped in the path of Sis Chris.
For as rumor will have it,
She's a beast in a habit,
Though perhaps it's the path to true bliss.

46127 NUNS - CHRISTINA - SERIES 3 Craig

Tomorrow I'm training my guns
On one of our sexiest Nuns,
In hopes she'll be mine
On this Valentine,
And answer to "Sweetie-Bun-Buns."

46128 NUNS - CHRISTINA - SERIES 3 SFA

But danger still lurks underneath
In gnashers she keeps in her sheath.
But once in my arms,
I'm hoping my charms
Will have her removing her teeth.

46129 NUNS - CHRISTINA - SERIES 3 SFA

So you want to join my adventures?
I warn there is naught to prevent yours
From being chewed off
'Cause I'll never doff
My vagino-labial dentures.

46130 NUNS - CHRISTINA - SERIES 3 Sis Chris

Sister Helen was sure she would win
Her lifelong battle with sin.
But when the new abbot
Lifted her habit,
She knew she would have to give in.

46131 NUNS - HABITS Jim Weaver Collection

In a convent, a young Sister Babbit
Raised a male and female white rabbit.
She said, when she spied
How they multiplied,
"I could see it becoming a habit."

46132 NUNS - HABITS Michael Polo P8907

There was a young nun name of Babbitt;
No priest had got into her habit,
Until old Bishop Bart
Threw her off with a fart,
And was in just as quick as a rabbit.

46133 NUNS - HABITS Albin Chaplin 3024-0968

Well, my favorite church is St James,
The nuns always have fun and games,
When tiraboleiros,
Swing botafumeiros,
Their naughty habits fan the flames.

46134 NUNS - HABITS

Dressed in black and always on the run,
No one's ever called her their Hon.
With her eyes so clear
And features severe,
She's a creature of habit, a nun.

46135 NUNS - HABITS Tom Patton

When the Church offers freedom, priests grab it;
Not one of them mutters, "Dagnabbit!"
But sisters hang back
From a spree in the sack,
Because they are creatures of habit.

46136 NUNS - HABITS Norm Storer P9210

There once was a somber old nun,
Who decided it was time for some fun.
She discarded her habit,
Dressed up as a rabbit
And scampered around in the sun.

46137 NUNS - HABITS Anon

Bill's showing a nun his stuffed rabbit,
When into the room walked Bruce Babbitt.
They spoke of a road
And saving some toad,
While his hand quickly slid up her habit.

46138 NUNS - HABITS Jim Weaver Collection

Five nuns on a mission from God,
Met a man with a beautiful bod.
They ripped off their habits,
And took turns like rabbits,
Worshipping his outstretched rod.

46139 NUNS - HABITS Ogden Nield

We joke about rude little nuns,
And puns about slipping in buns.
And cracks about fools
With oversized tools,
But it's all very much for our funs!

46140 NUNS - HABITS

A young nun in theology class,
Preferred screwing to going to Mass.
Her lust was so great,
That by quarter to eight,
Her habit was covered with grass.

46141 NUNS - HABITS VOL 11

There was a young priest named of Babbitt;
Played ball and a young nun did grab it.
It was all in good fun,
This fine game with the nun,
For he never got into the habit.

46142 NUNS - HABITS Albin Chaplin

All the nuns in the yard have such fun,
Taking turns riding bicycle un-
Til the mother super-
Ior shouts at them: "Dear-
Ies, now do put that bike seat back on.

46143 NUNS - HABITS Ursula Noeker

You can always tell nuns by their habits,
Which are utterly unlike a rabbit's.
Garbed in black, white, or grey,
They pray half the day,
And one rarely, if ever, cohabits.

46144 NUNS - HABITS Laurence Perrine P8907

Say, Sister -- Do you wear a habit?
Or practice the ways of the rabbit?
And, can you do
What is true for so few?
When you see fun, can you reach out and grab it?

46145 NUNS - HABITS John Miller

Because some nuns gave up on those habits
Doesn't mean they are horny, dagnabit!
Those outfits were airtight
And heavy, not weight-light,
That don't mean they're screwing like rabbits.

46146 NUNS - HABITS S C Saint

"The sins of the flesh I'll renounce,"
Said Sister Marie with a flounce,
"But not 'til my crack
Has dried up and gone slack,
And my tits have lost all of their bounce.

46147 NUNS - HABITS Peter Wilkins

I've never been known to be shirty,
And, if anything, mostly I'm flirty.
But still I will shun
Almost every nun,
Since some of their habits are dirty.

46148 NUNS - HABITS

There once was a nun from Altoona
Left her convent for Reverend Moona!
No more ancient Nicene stuff;
She's gone for the green stuff,
And her habits now lined with vicuna!

46149 NUNS - HABITS CB

The nuns of St Agnes and Jude
Are planning a calendar rude,
To give us a view
In 2002,
Of their private particulars, nude.

46150 NUNS - NAKED   Peter Wilkins

In order to be tastefully done,
They've borrowed from Father O'Gunn,
Some copies of "Spread 'em"
And avidly read 'em,
While practicing poses for fun.

46151 NUNS - NAKED   Peter Wilkins

The poses are tasteful and simple,
You'll see Sister Marilyn's dimple.
I won't tell you quite
Where to spot this delight,
But it's some distance south of her wimple.

46152 NUNS - NAKED   Tiddy Ogg

"Those graffiti in the halls of St. Sarah's,"
Said a repainting group of repairers,
"Are of nuns in the nude,
Erotica so lewd
To corrupt our morals and snare us."

46153 NUNS - NAKED   Mike O'Conner

A nubile young nubian nun
Raised up her black habit for fun.
But though she was bare
Under, no one knew where
Nude nun ended and habit begun.

46154 NUNS - NAKED   Tony Davie   P9605

Regarding that Nubian nun,
Who played peekaboo on the run;
I'd say rather smartly
She acted most tartly.
(Forgive me for stooping to pun.)

46155 NUNS - NAKED Bluebird TP9901

"Posing naked can often be fun,"
Said the priest, with a wink, to the nun.
She replied, "But I'm chaste,"
He said, "Oh, what a waste --
I've seen worse on page three of The Sun."

46156 NUNS - NAKED Bill Wall

I once knew a blonde who'd begun
To feel quite discontent as a nun.
So she gave it a whirl
As a strip-teaser girl,
And discovered the meaning of fun.

46157 NUNS - NAKED Peter Wilkins

On the slopes of Mount Ananias
A nun whom all thought highly pious,
Ran wild in the nude,
And was so soundly screwed,
That today her cunt lies on the bias.
(from Anais Nin - author??)
46158 NUNS - NAKED G1137

Bored but horny, the monks stand and squall;
Sing MacGregor's chants, casting a pall;
"Give me altar boys' buns;
I'll forget all the nuns;
You've seen one naked nun, seen them all.

46159 NUNS - NAKED Allen Wolverton

There were also the Nuns of St Pauls
Who used to do turns on the halls.
For the price of a gin
They'd let anyone win,
Playing strip poker down in the stalls.

46160 NUNS - NAKED Richard Jean

Pushing quills in this grim study hall;
In tres partes divisa est Gaul:
Holy Cow! This is rot!
Where the hell's decent twat?
You've seen one naked nun, seen them all.

46161 NUNS - NAKED Allen Wolverton

Now Sister Patricia then, sans dress, purses
Her lips, "Please forgive my trespasses;
Oh Lord, give me dick
'Cause I'm heartily sick
Of these endless and tedious vesperses."

46162 NUNS - NAKED

The Nuns of Perpetual Fun
Strip naked and lie in the sun;
But merly to tease
The young monks of St. Bees,
Who would love to have fun with a nun...

46163 NUNS - NAKED Peter Wilkins

...But hide behind monastary curtains
To stare at the big ones and pert 'uns.
The nuns merely giggle
While watching them jiggle
And laugh at their juvenile squirtin's.

46164 NUNS - NAKED Peter Wilkins

On a visit, our bishop has gall,
As he peeps in the nuns' shower stall.
Genuflecting, they're blessed;
But he's jailed we've guessed;
You see once naked nun, seen them all.

46165 NUNS - NAKED Allen Wolverton

Of quite indeterminate gender
Were Mother Superior Brenda
And Sister Denise
With their knobbly knees
And their oddly distracting pudenda.

46166 NUNS - NAKED Peter Wilkins

"This is not a damned Novena,"
Said Pete to Sister Rowena.
"So put down the beads,
And I'll give you some deeds,
Then pray on the head of my peena."

46167 NUNS - ORAL Kathi

A nun with a penchant for shagging,
Whose nights in the nunnery were dragging,
Met a man at confession
Who needed a session;
She relieved his great need without gagging.

46168 NUNS - ORAL Lucy Wainwright

Hey man, now listen to this:
Juanita's been blessed by Sis Chris,
Who took her down under
And showed her the wonder
Of chomping a wurst to reach bliss.

46169 NUNS - ORAL

A nun for the first time was kissed
And the passion she couldn't resist.
As her lips opened wider
And his tongue inside her,
She screamed "That's my G-spot you've missed!"

46170 NUNS - ORAL Friar

At a mission in deepest Nigeria,
'Twas the job of the Mother Superior,
To help Father Ted
With his bath before bed,
But one day summoned she an inferior...

46171 NUNS - ORAL

...Nun, and said to her: "Sister May,
For the evening I'm going away.
So it's you that must bath
Our venerable fath-
er, so here's what to do and to say:

46172 NUNS - ORAL

"Just do, May, whatever he tells yer,
But in order to keep clear of hell yer,
You must certainly not
Look at that certain spot,
'Twixt the waist and the knees of that feller."

46173 NUNS - ORAL

So on her return the next day,
She said: "Come now, tell me young May,
I hope that you ain't,
Compromised our old saint."
And May said "Most certainly nay!

46174 NUNS - ORAL

"Once in the bath, Mother, he
Put my hand where you said not to see,
And he said `I have here,
My innocent dear,
A thing called the paradise key'.

46175 NUNS - ORAL

"And if that key were just to fit,
My lock -- which it did, every bit --
That all would be fine,
And that heaven was mine.
I was saved from the fiery pit."

46176 NUNS - ORAL

But the Ma S regarded with scorn,
This girl as they stood in the morn.
"Heaven's key? But for years,
He has made it quite clear,
I've been blowing on Gabriel's horn."

46177 NUNS - ORAL

A ragout of virgin posteriors
Is a dish fit for papal interiors.
On holy days, baste
And garnish to taste
With the hymens of Mother Superiors.

46178 NUNS - ORAL G1511

The Sisters of Upper Manhattan
Wear nothing but panties of satin,
And pray every day
That young Father O'Shea
Will allow them to sit on his baton.

46179 NUNS - ORAL Peter Wilkins

The Sisters are losing their poise
'Cause O'Shea favors spotliess choir boys.
Those choristers dear
Asked Sis Chris to appear
And devour the baton he employs.

46180 NUNS - ORAL Peter Wilkins

On your knees, dearest Reverend Mum,
You may comfort my staff 'til it's numb.
I don't mind if you sing
That old "Dominique" thing,
But I'd really prefer that you hum.

46181 NUNS - ORAL

A sister of Mercy, young Blanche,
From the convent's Parisian branch,
Gives blowjobs galore
To the needy and poor
As they file into church for revanche.

46182 NUNS - ORAL Peter Wilkins

The Nuns of St. Agnes chew monks
Wearing miniscule edible trunks.
They begin at the waist,
Bend and savour the taste,
Before biting off succulent chunks.

46183 NUNS - ORAL

It is hard when you look for a doxy
To find one you know is not poxy.
But at Garden Mart,
They have the right part
In bulk, on their tender new Box Tree.

46184 NUNS - ORAL Archie

At the convent it raised quite a flap,
When I asked for a nun without clap.
The one then on duty
Looked quite a nice beauty,
But rewarded my quest with a slap.

46185 NUNS - ORAL Ward Hardman

The Convent of Perpetual Wet
Is where I so sadly first met
The mad Sister Chris
Who promised me bliss --
But chewed up my manly asset!

46186 NUNS - ORAL Archie

I escaped from Christina. The first
Occasion my meat was submersed
In that dangerous snare,
And daily, I swear,
She still has her hopes for the wurst.

46187 NUNS - ORAL Hugh Clary

There's nothin' like Mousse-of-the-Mother."
Said Mark, as his staff he did smother.
"The Sisters who lick her,
Can whip it up thicker
Than week-old blood pudding, my Brother."

46188 NUNS - ORAL

A nun came into my place;
She proceeded to sit on my face.
With one little lick in,
Its vacuum did kick in.
And now I'm living in Grace!

46189 NUNS - ORAL Limberick

The priest couldn't give them their joys.
(Because he preferred little boys!)
Though they were all virgins,
They still had those urgin's
That 'most every woman enjoys.

46190 NUNS - ORAL Kaylin Brandon

So they jumped in your bed real quick
To let your fingers do the trick.
Three to one -- what a ratio
For performing fellatio --
Each one got barely a lick.

46191 NUNS - ORAL PeterW

"Most nuns do not sex," Deacon Veek,
"So laymen will laywomen seek.
Though nuns will deny,
'No laywoman I,'
Which ones keep their tongue in their cheek?"

46192 NUNS - ORAL Irving Superior P8907

The size of the Mother Superior
Made a tongue-job as weary, nay wearier
Than the late Henry James,
The Commonwealth Games,
Or an evening of 'opera seria.'

46193 NUNS - ORAL Fuller and Fenton P9105

There once was a nun from Altoona,
Had a muff just as fine as vicuna.
Said the priest who was weary
From stroking his dearie,
"Oh Sister, let me lick your lacuna!"

46194 NUNS - ORAL Chauncy de Groot

An overworked nun, Sister Nell,
Was forced to give sex, sick or well,
And thus add to the gaiety
Of the resident laity
(Her term for the monks in the cell).

46195 NUNS - SCREWED Armand E Singer

"DISGUSTING and VILE, Sister Pat;
You won't get to Heaven like THAT!"
"So that's what you think",
She said, diddling her pink,
"Well I've already been, you old bat."

46196 NUNS - SCREWED Peter Wilkins

Whatever was under her habit,
My only impulse was to stab it.
But such was me luck,
That after the ruck,
Her beaver resembled a rabbit.

46197 NUNS - SCREWED Anon

When woman is gripped with the fever,
And you can't oblige, then just leave her.
Don't be like those guys
Who met their demise,
By taking dead rabbits to beaver.

46198 NUNS - SCREWED SFA

There once was a nun from Podunk,
Who had so much sex that she stunk.
But the Bishop caught wind,
Lost control -- with her sinned,
And when finished he buggered a monk.

46199 NUNS - SCREWED Bob Birch

Have you met our staff psychopath, Totter?
A typical shite and a rotter.
His idea of fun
Is to bugger a nun,
Or else some impoverished squatter.

46200 NUNS - SCREWED G1069

Said a nun to the Mother Superior,
"I'd like to get it in the interior,
But my pussy's real sore,

Her shiny black habits

Makes it clear it's illegal
For nuns to enveigle
Novitiate brothers to screw.

46319 NUNS - SCREWED - SERIES Peter Wilkins

This leaves a few days to go run
To the monastery, looking for fun.
Let the Sisters of Mercy
Look after your percy,
For soon, I'm afraid there'll be nun.

46320 NUNS - SCREWED - SERIES Peter Wilkins

An artsy old nun from Mt. Hunt,
Once chiseled a design in her cunt.
She carved to perfection
The Lord's resurrection,
And wore her skirts open in front.

46321 NUNS - ZGENERAL Pete Baker

There once was a dirty old man
Who evolved an elaborate plan:
Unsuspecting young nuns
Would be offered cream buns
In return for a feel of their fan.

46322 NUNS - ZGENERAL

These nuns who are peripatetic,
May have energy highly frenetic,
But there's none they are selling
With their grammar and spelling,
Which can only be labeled pathetic.

46323 NUNS - ZGENERAL

A pot-smoking Carmelite Judah
Decided she'd rather praise Buddah.
She'd had it with spankings
And clitoral yankings
From that fiendishly cruel barracuda.

46324 NUNS - ZGENERAL Tutta/Ogni

Sis Katie was quite the bell ringer,
Not just a habitual swinger.
Each night in the tower
With Mooropious Thower,
She proved there's nun better dong dinger!

46325 NUNS - ZGENERAL

On Mondays Jim Riddle makes trips
To plumb leaking milk-ladened nips
On sisters evoking
His help to stop soaking
The Cloister of 'Pregnated Drips.

46326 NUNS - ZGENERAL

Then there's Sister Ignatius Loyola,
An itinerant Friday night bowler,
Who confesses her sins
As she knocks down the pins;
You might say she's a real holy roller.

46327 NUNS - ZGENERAL

An innocent maiden named Keist
Said sex was at best overpriced.
"None opens my oyster;
It's me for the cloister,
As one of the brides of J. Christ."

46328 NUNS - ZGENERAL Armand E Singer 374

Two Catholic sisters named Dunn
Seized land at the point of a gun;
According to prattle
They then stole some cattle
And nicknamed the spread the Bar Nun.

46329 NUNS - ZGENERAL Armand E Singer 632

In order to research "The Nun",
I thought I would interview one,
Who said, "A nun chaste
Is also un-chased,
So Sir, let us talk while we run."

46330 NUNS - ZGENERAL Irving Superior P8907

The Nuns of Perpetual Flatulence
Indulged in the sin known as crapulence,
By gorging on beans,
Then dropping their jeans,
And lighting the gas with congratulence.

46331 NUNS - ZGENERAL Hugh Clary

The nuns of the Convent St. Mary
Kept cows at a ranch on the prairie.
And for a small fee, men
Could fuck them. Their semen,
The nuns sold as milk from the dairy.

46332 NUNS - ZGENERAL PeterW

Those nuns at St. Mary's cloister,
Served many a good mountain oyster.
They wern't from the bull;
The nuns would just pull
Them from under the customers joyster.

46333 NUNS - ZGENERAL Dave Jersey

The nuns never did learn to clean
The inside of the milking machine.
The men were good sports;
They stopped at 5 quarts.
Why don't you contribute a gene?

46334 NUNS - ZGENERAL Dave Jersey

Said a nun to the Mother Superior:
"Are my breasts inferior?
I know that I like them
But would you try them?
Come and try. The more the merrier!"

46335 NUNS - ZGENERAL Jim Weaver Collection

Our nun in the 9th grade pronounced
That cheating and such be renounced.
At the board I snuck help,
And then let out a yelp...
My head off the blackboard she bounced.

46336 NUNS - ZGENERAL

Said the nun to the Mother Superior,
"You have such a placid exterior,
But right now," she said,
"We should head for the bed,
And explore your more fiery interior."

46337 NUNS - ZGENERAL Boy Pilot

The nuns who taught girlies in Cheltenham,
Took pleasure sadistic in beltin' 'em;
Then just to make sure
They were thoroughly sore,
Put their hands down their panties and felt in 'em.

46338 NUNS - ZGENERAL Peter Wilkins

A girl from a nice convent school
Was wicked, sadistic and cruel.
One night, just for fun,
She set fire to a nun,
Screaming, "Oh what a silly old fuel!"

46339 NUNS - ZGENERAL Spike Milligan P0104

On TV the famed Flying Nun --
Inflation is how it was done --
An air hose. They'd jab it
Beneath the nun's habit
And since rated G, up her bun.

46340 NUNS - ZGENERAL Irving Superior P8907

The Sisters of Mercy and Hope
In the Vatican grow their own dope.
They're often seen giggling
And laughing and jiggling,
Around on the knee of the Pope.

46341 NUNS - ZGENERAL Peter Wilkins

From habits the nuns have departed
(The ones that they wore when they started).
They welcome the breeze
Up skirts to their knees.
(Long skirts held the smell when they farted.)

46342 NUNS - ZGENERAL Frank Fazed

Hypodermics are not any fun.
Not even if stuck in the bun.
My patience wears thin;
They get under my skin;
I'd sooner eat squash with a nun!

46343 NUNS - ZGENERAL Al Willis

When old Hildy felt under duress
From the girls at the convent, she'd dress
In a silk gown quite sheer,
Sing like hell, and drink beer --
Just the thing for nuns with P.M.S.

46344 NUNS - ZGENERAL Joel Cohen

Socially it would be quite amiss
To say "Dress" when it's called a Surplice.
Should you wish to complete
An act most indescreet,
Just try greeting a nun with, "Hi Sis."

46345 NUNS - ZGENERAL Loren C Fitzhugh P9804

Napoleon said, "Convents are fine.
Their influence is clearly benign.
But in their admission
They should set one condition:
That the nuns be at least forty-nine."

46346 NUNS - ZGENERAL A. N. Wilkins P8907

I'm just getting steadily hornia."

46347 NUNS - ZGENERAL Isaac Asimov

Said a nun from the town Gananoque
"All the clergy I hold in obloque; [?]
For a priest made a pass
At me during mass
And a bishop once tried to unfrock me."

46348 NUNS - ZGENERAL Hugh Oliver 55a

The nuns of St. Candlewick, long
For the chance to be sinful and wrong
With the monks of St. Fells
But they only ring bells
With a teasingly sonorous "Dong!"

46349 NUNS - ZGENERAL Peter Wilkins

A naughty young nun (she was Dutch)
Was chastised for indecent behaviour, and such.
Said the Mother Superior:
"I'd spank your posterior.
But I know you'd enjoy it too much."

46350 NUNS - ZGENERAL

To live a nun's life in a cloister,
Or on my own petard or hoister,
Neither one has appeal;
My idea of a deal
Is having the world as my oyster.

46351 NUNS - ZGENERAL Esther Koch P0110

"Good heavens above and good gracious!"
Cried Sister Tamara Bodacious,
"I thought I was dreaming
Of creaming, you scheming
And wicked young Brother Ignatius."

46352 NUNS - ZGENERAL Peter Wilkins

Of a beautiful girl named Casey,
All the boys speak of her as racy.
But when they try
She would deny;
Now a convent's her home in K.C.
(K.C. - Kansas City, Mo)
46353 NUNS - ZGENERAL Tom Patton P9708

In the middle of singing a hymn,
I was jostled by old Sister Pym.
She tripped over a hassock,
Looked right up my cassock
And said, "Goodness me, hello Tim!"

46354 NUNS - ZGENERAL Bill Wall

They're nuns, but angels they ain't.
They could even seduce a young Saint --
They were horny, no doubt,
From going too long without --
Their talents would make the Pope faint!

46355 NUNS - ZGENERAL Kaylin Brandon

There once was a nun from Altoona,
Who loved the retreat in Laguna.
The lesbian clan
Massaged her with flan,
And consumed it by light of the moon...Ahh...
(flan - straight-sided custard pie)
46356 NUNS - ZGENERAL Magunda

Holy Shit! A nun's after me!
All the memories, now vividly
Come rushing right back,
Of the harsh brutal whacks
Of the rulers, they swung frequently.

46357 NUNS - ZGENERAL

Mother Theresa and Flipper
Couldn't get it on, 'count of the zipper
On her habit got stuck;
The good nun said "Shuck-
s! If you only had thumbs that could grip 'er...."

46358 NUNS - ZGENERAL Robin K. Willoughby P8601

"Is there anywhere under the sun --
Any place, any race, any one
Who's never been vexed
By thoughts about sex?"
Replied Sister Bertha, "No nun."

46359 NUNS - ZGENERAL Laurence Perrine P8907

Most of the nuns are pristine.
For those who detest the obscene,
They have no bad habits.
Their thoughts are un-rabbit,
And never in public will wean.

46360 NUNS - ZGENERAL Irving Superior P8907

In the checkout at the food store
A nun was advising the poor.
"Hey, you up front!
Too many, you cunt!
And no food stamps for beer, you dumb whore!"

46361 NUNS - ZGENERAL John Chastaine

Two nuns as they cycled near Derry,
Decided their route they would vary.
"I've not come this way!"
"Oh really? I'd say
'Tis the cobblestones, dear Sister Mary!"

46362 NUNS - ZGENERAL Tutta

There once was a lovely young nun,
Whose novitiate (hardly begun)
Was withdrawn by the Mother
Superior's brother,
Because she refused to have fun.

46363 NUNS - ZGENERAL

The Sisters of Vanishing Hope
Have given up liquor and dope.
But now they're depressed
And their life, has lost zest.
They do little but mumble and mope.

46364 NUNS - ZGENERAL Peter Wilkins

My ex-wife, a dysfunctional broad
Whose concept of reality's flawed,
Said, "I'm leaving you, hon.
I'm becoming a nun.
So please route all my E-mail through God."

46365 NUNS - ZGENERAL William N Nesbit P0103

A middle-aged sister named Shriver
Left no doubt that she was a survivor.
Who would have supposed
When the convent was closed
That she would have become a truck driver?

46366 NUNS - ZGENERAL A. N. Wilkins P8907

In a convent a sex pot called Bun
Thought with priests that she'd have some fun.
But when they kicked her out,
They left her no doubt
When they said nun, they meant none.

46367 NUNS - ZGENERAL Clarence E. Boyle P8907

I've been hiding here under my bed
For fear that my little'r head
Was in danger from one
Lim writing, nymph nun.
Is she gone? Is it now safe to tread?

46368 NUNS - ZGENERAL

I crawl out real quiet to check...
Then the hair on the back of my neck
Stands up on end
I turn, and then...
See, 'twas cold air, blowin' in from the deck.

46369 NUNS - ZGENERAL

So the slider, I close and secure...
But who opened it? I am not sure...
I've been hiding so long...
No wait... Something's wrong!
Once again myself, I must obscure!

46370 NUNS - ZGENERAL

The Nuns of Perpetual Indulgence
Have secrets which need my divulgence --
With the Pope they don't rate,
'Cause they are not straight;
You can tell by their big trouser bulgence.

46371 NUNS - ZGENERAL

Whenever the weather is breezy,
Aromas decidedly queasy
Come wafting across
From the fortified schloss,
Of the Nuns of Perpetual Cheesy.

46372 NUNS - ZGENERAL Peter Wilkins

Their vow is to never change undies
Or similar feminine sundries,
But nurture the cheese
Which collects by degrees,
For their holy communion on Sundays.

46373 NUNS - ZGENERAL Peter Wilkins

For that's their excuse to hold wine
And cheese parties each Sunday at nine;
Bacchanalian feasts,
Well attended by priests
Who believe that the cheese is divine.

46374 NUNS - ZGENERAL Peter Wilkins

A nun, Sister Mary, from Ghent
Had orgasms only in Lent.
Her priest said. "I know,
I said 'something' forgo,
But chastity's not what I meant."

46375 NUNS - ZGENERAL Peter Wilkins

About nunneries, does many a tale
Of lesbian orgies prevail.
So I'd just like to hear
If there's something to fear
For my pussy or may I exhale?

46376 NUNS - ZGENERAL

Now I am going to blab it;
I'm really as shy as a rabbit.
I am not much fun,
(Actually I'm a nun)
I just went and got out of the habit.

46377 NUNS - ZGENERAL Erika

An order of Sisters out west
Would worship at Holy Mom's Breast,
Annointing her image
With milk from her tittage.
I know; I'm their priest; they confessed.

46378 NUNS - ZGENERAL H Whelchel

I wonder if there's a kindred order
Who'd like to take on a new boarder.
If the worshipful flock
Plays diddley-cock,
I'd be willing to work as the porter.

46379 NUNS - ZGENERAL ML

I'm starting a church in the East,
With me as the flock and the priest.
Annoint my pudendence --
I'll double attendance!
We'll call it Communing The Beast.

46380 NUNS - ZGENERAL H Whelchel

The Church is now spreading its net;
We carefully choose who we get.
Our Nuns are all tested
And only invested,
If they are perpetually wet.

46381 NUNS - ZGENERAL Archie

The Nuns of Perpetual Moisture
Feed all their male visitors oysters.
The effects, aphrodisical,
Improve matters physical,
When hoisting their joists in the cloisters.

46382 NUNS - ZGENERAL Tiddy Ogg

The Nuns of Perpetual Wet
Have a website now up on the net.
You can join them in chat ins
At vespers and matins;
A sure way to work up a sweat.

46383 NUNS - ZGENERAL Peter Wilkins

The nuns that I've met could be wetter.
Not one that I know fills a sweater.
But there's one girl in black
Who's a wiz at the track.
She's decried far and wide as nun better.

46384 NUNS - ZGENERAL Irish

The nuns of the church cast their lots;
In God's name, they have tied holy knots.
In their manner austere,
They assembled each year
At a dinner for petrified twats.

46385 NUNS - ZGENERAL Albin Chaplin 3024-0522

The Sisters of Mercy and Hope
Never wash in conventional soap,
But they spend many hours
In their communal showers,
With a replica pope-on-a-rope.

46386 NUNS - ZGENERAL Peter Wilkins

To the nun, as she knelt in the apse,
Said the bishop, "You're praying, perhaps
For guidance today?"
But the nun said, "No way--
I am praying it doesn't collapse."

46387 NUNS - ZGENERAL Al Chaplin P9609

"Oh Father, I'm pregnant," said Kylie;
"With child up the duff," she said shyly.
"I fear it's that candle
You asked me to handle."
But Father O'Reilly was wily.

46388 NUNS - ZGENERAL Peter Wilkins

"My aim, Sister K, was inaccurate,
And thus your conception's immaculate.
Just look at that stain
On your habit again;
He said, "That's where I shot my ejaculate!"

46389 NUNS - ZGENERAL Peter Wilkins

A young nun who made notes in her diary,
That were terribly torrid and fiery,
Once left it behind
For her abbess to find.
Now she isn't allowed in the priory.

46390 NUNS - ZGENERAL Isaac Asimov

We nuns are just creatures of habit,
Forced to emulate ol' G. F Babbit;
But our sex life's quite normal,
Not at all dull or formal...
We don't sweat the death of the rabbit.

46391 NUNS - ZGENERAL Arthur Deex P9308

A nun lives her life in a cloister,
Shut up, like a pearl in an oyster.
The solitude charms.
She is safe from all harms,
Though the outer world bluster and roister.

46392 NUNS - ZGENERAL Laurence Perrine P8907

I'm afraid that you have me confused
With one of those nuns you have used,
For mine is quite tight;
No pouting in sight
From the one that I'm keeping amused.

46393 NUNS - ZGENERAL Frank Fazededit

They're nuns, but also they're sisters,
Whose rulers could leave you with blisters.
They might do one another,
Even Superior Mother,
But they seldom do it with Misters.

46394 NUNS - ZGENERAL Saint

There was a nice nun of New York,
Inordinately fond of fat pork,
Which she'd serve up with SPAM
And strawberry jam
At the end of sermon or talk.

From Rome came some wily old nuns,
Who thought that they needed some guns.
They heard that the Pope
Was smuggling dope,
So they threatened to shoot off his buns.

'Round the Vatican stalking the Pope,
Looking ugly as sin,
And oft snozzled on gin,
Are the Sisters of Vanishing Hope.

"Truly God's creations's a wonder!"

Thought she had much to confess.

In her dreaming, at least,
I think I will leave you to guess.

46401 NUNS - ZGENERAL   Jim Weaver Collection

Here's a riddle -- a tough one, beware --
Avoid both delusion and snare...
What's a black and white frump
That goes bump, bump, bump?
A tumbling nun on the stair.

46402 NUNS - ZGENERAL   Arthur Deex   P8907

If it's a good Christian you seek,
Sister Barbara is humble and meek.
And if at High Mass
You should fondle her ass,
She is sure to turn the other cheek.

46403 NUNS - ZGENERAL   Arthur Deex   P8309

He said with due deference,
"Well, girls are more hole-y than men."

46404 NUNS - ZGENERAL   Armand E Singer   139

And don't be afraid.
I'll be happy if it takes ahold!"

46409 OLD TEST Bare Bones Book P9409

Then Ishmal was born of that lay.
And it made old Abe happy and gay.
Now he had an heir.
Sarah said, "I don't care,
Just don't let 'em get in the way!"

46410 OLD TEST Bare Bones Book P9409

Now Ishmal, old Abe did anoint.

And you seem to be missing the point."

46411 OLD TEST Bare Bones Book P9409

Old Sarah, she pouted and cried,
'Til an Angel showed up by her side.
He said, "Have I got some news!
You will mother the Jews."
And old Sarah was fit to be tied.

46412 OLD TEST Bare Bones Book P9409

She said, "Look, I am fourscore and ten.
As for screwing, I have long lost the yen."
Said the Angel, "Don't fret,
It will happen yet.
So don't think of yourself as has been."

46413 OLD TEST Bare Bones Book P9409

You must strip that Turk
Of your blessing. It has been foretold."

As they pound on their head,
And put notes into each crack and dimple.

When it my tongue's plunging endures.
I lick and I kiss
And I tickle in bliss,
Especially when that pussy's yours.

'Cause with girls he just never could hit.
Till a whore in Hung Chow
Gave him lessons on HOW,

A snatch-licking fellow named Doug,
Tried licking while high on a drug.
He complained it was dry.

You bastard, you're licking the rug!"

Squat your twat on my face. How I ache
To see just how much licking you'll take
'Til you come, making shrieks,
Covering my chin and cheeks,
With a glaze like the icing on cake.

And made them romantic,
And wore all the hair off his cheek.

Easily depipping a cherry.

Tells where us guys should put our noses.
If we want a chance

So it would naturally follow,
Just consider it nature's dental floss.

Got the geezer a tad panic stricken.

When finally he pulled his face loose,
From the chocolate, the glue, and the juice,
He wiped off his face,

I once knew a girl with the name
Of Smoothie, and it was a shame
That that place, down there,
Was devoid of all hair.
To lick her was really quite tame.

47443 ORAL - CUNN - ZSERIES   That Guy

Quite tame? 'Twas surely your fault,
And not because she was bald.
Did you miss the spot,
To make her quite hot?
Or did you, too early default?

47444 ORAL - CUNN - ZSERIES   Smoothie

Perhaps, just when kissing her lips,
His mind filled with humorous quips,
Which caused him to laugh,
(the job done by half);
"Please serve me some warm fish and chips."

47445 ORAL - CUNN - ZSERIES That Guy

Now that was really quite low
Of him, and for her a blow.
He ought to blish
For thinking fish,
when he kissed her way down below.

47446 ORAL - CUNN - ZSERIES Smoothie

Now Smoothie, there's no need to croak;
There was no low blow from the bloke.
He uttered that quip
While biting a lip;
I'm sure it was meant as a joke.

47447 ORAL - CUNN - ZSERIES That Guy

His loss, too bad he just missed
The G-spot, when those lips he kissed.
And to get her so riled,
That coming quite wild
In his face, she could not resist.

47448 ORAL - CUNN - ZSERIES Smoothie

The pleasure of my tongue in the hole,
As it circles and goes to and fro,
The aroma so fine,

If a lady invites you to dine
On her pussy, then treat her like wine.
If you savor the flavor,
You'll do her a favor
And find that the taste is divine.

47453 ORAL - CUNN - ZSERIES

Come here my love, open your thighs;
Your excitement you cannot disguise.
As my tongue darts around
Your sweet clit, you'll be bound
To start making those whimpering sighs.

47454 ORAL - CUNN - ZSERIES

Some connoisseurs view with some glee
Shrimp grown, where their ladyloves pee.
But sometimes I wish
For a little less fish,
Though I do enjoy food from the sea.

47455 ORAL - CUNN - ZSERIES

Oh boy, if that is the taste
You long for, there's no time to waste.
I'll sit on your face
If that is the place...
Come, dinner is ready, make haste!

47456 ORAL - CUNN - ZSERIES

But first, I must mention your thighs;
They are soft and so warm where they rise
To the junction of hips,
That I must, with my lips,
Gently nuzzle, while feasting my eyes.

47457 ORAL - CUNN - ZSERIES

Mons veneris I'll also embrace
With my nose and my cheeks while I trace
The length of your lobe
With a finger and probe
The hood with a pearl at its base.

47458 ORAL - CUNN - ZSERIES

I will moisten just one finger tip
With saliva and shallowly slip
It into that spot,
So slippery hot,
That it causes my heartbeat to skip.

47459 ORAL - CUNN - ZSERIES

The digit now covered with juices,
The finest a woman produces,
I'll return to my lips
And slurp all the drips,
With a passion unrivaled by Zeus's.

47460 ORAL - CUNN - ZSERIES

For you labia lickers out there,
A question or two about hair.
Do you like lots of fur
On that part of her,
Or does it work better when bare?

47461 ORAL - CUNN - ZSERIES KJ

I think it is like this, you see,
Snatches are as sweet as can be.
When I'm perpendicular,
I'm just not particular.
Either way is just fine with me.

47462 ORAL - CUNN - ZSERIES Dennis Taylor

There's one thing, though, now that I think;
If "down there" is nothing but pink,
The risk is reduced
That hair will get loosed
And find its way into my drink.

47463 ORAL - CUNN - ZSERIES AJA

You men who are not up to par,

I understand that not a bit.
Tom Sawyer went lickety split,

When women scream 'No!' they mean 'Yes!',
Which means they want more and not less;
When you're licking her clit
And the lady cries 'Quit!' --
Her grip on your head, means to press.

47469 ORAL - CUNN - ZSERIES Travis Brasell

Women aren't that fickle at all;
Just listen closely to their call.
Once licked her clit,
And then she calls 'Quit!' --
She means you go in to your balls.

47470 ORAL - CUNN - ZSERIES Juliette

You are so brave and so bold,
To spell out the truth you've just told,
'Cause the AJL ladies

And hustle out limericks to scold.

47471 ORAL - CUNN - ZSERIES John Miller

I read what you wrote and was hopin'
For insight, but guess you're just grope'n
Like me. This I know
Should a girl driver show
Her hand out the window...It's open!

47472 ORAL - CUNN - ZSERIES John Miller

It's time, now, to just wait and see
If AJL ladies will be
Incited to riot,
Or sit and keep quiet,
Like most of them are, except three.

47473 ORAL - CUNN - ZSERIES Travis Brasell

Kiss, tickle, lick, fondle, entice,
And then you will spread those legs nice.
But once my tongue's in it
For scarcely a minute,
Those legs clamp my neck like a vice!

47474 ORAL - CUNN - ZSERIES

I'm 'trapped' like a prison house con
But like this stiff sentence I'm on
Got life sans parole
With my tongue in your hole
And your knees muffling screams of "OH JON!"

47475 ORAL - CUNN - ZSERIES

Although I have made many trips
To the South, I've not eaten grits.
Since we're of the same mind,
Come for desert, you'll find
Some mouth watering lickety-splits!

47476 ORAL - CUNN - ZSERIES Carol

And then, after I'm through with it,
Perhaps you'd be willing to sit
On my face for a while
In a more forceful style,
As I nibble and suck on your clit.

47477 ORAL - CUNN - ZSERIES Cyberwizard

Well, you sure know how to bewitch,
Bother, and bewilder this bitch.

I know that this lim's not about me;
I'm a much different Thomas, you see.
No charmer am I,
Just a regular guy;

47479 ORAL - CUNN - ZSERIES Tom Accousti

I am not especially well hung;
My praises have never been sung.
But I get my dates
When potential love mates
See me licking my nose with my tongue.

47480 ORAL - CUNN - ZSERIES   Tom Accousti

Although you've a tongue full of snot,
I'm sure you get dates that are hot.
But none can compare
To Jon's tongue, I swear
That he can tie it in a knot.

47481 ORAL - CUNN - ZSERIES   Carol

Now while I've been told that the motion
Of my tongue can cause a commotion,
My being tongue-tied
Is caused from outside.
Your beauty brings hart-felt devotion.

47482 ORAL - CUNN - ZSERIES   Jon Gearhart

Hey ladies...A question from Yendor,
Concerning your organ most tender.
When eating your twat,
What makes you most hot?
What makes your head spin like a blender?

47483 ORAL - CUNN - ZSERIES

When cunnilingus I seek,
I want a tongue long and sleek,
Well skilled in delight,
With plenty of might,
That leaves you out Yendor geek.

47484 ORAL - CUNN - ZSERIES

You might have told porkies in haste,
But each of us varies in taste.
As my dear old dad said,
"When you're bouncing in bed,
To have more than a mouthful's a waste..."

47485 ORAL - CUNN - ZSERIES

I never consume in great haste,
'Cause I love to just savour the taste.
As a fellow once said
Eating pumpkin in bed,
More than a mouthful is a waste

47486 ORAL - CUNN - ZSERIES Jim Weaver Collection

My dental hygienist, Faye Ray,
Said, "Mister, eat pussy each day;
Your gums will be stronger,
Your teeth will last longer,
'Cause pussy prevents tooth decay!"

47487 ORAL - CUNN - ZSERIES Travis Brasell

I took Miz Faye Ray's good advice,
My smile, women say, is real nice;
Since great dental health
Spawns great mental wealth,
I eat pussy daily...least twice!

47488 ORAL - CUNN - ZSERIES Travis Brasell

I've just had a marvelous bath,
And so I don't suffer Jon's wrath.
I've cleaned my twat cheese,
'Cause I aim to please,
If he comes down my eatin' path.

47489 ORAL - CUNN - ZSERIES

Your twat cheese is my favorite snack,
So please leave some there in your crack.
I'll lick it all off
Then give you a boff;
First front; then again from in back.

47490 ORAL - CUNN - ZSERIES

And then when I come, I'll explode.
You'll think a river has flowed.
I'll fill up your qooge
With pearly white spooge,
From inside my throbbing hard node.

47491 ORAL - CUNN - ZSERIES

We laugh with each other in here
'Bout pussy and penis and beer.
We laugh at your fart
Imitating our art,

Says an airline wanton named Vi:
"I'm a pantyless stew when I fly.
To a muffers delight,

47493 ORAL - CUNN - ZSERIES

There was a young pilot named Fry;
His plane at great speeds he did fly.
He had salad at home,

So as not to bite you down there,
I'll remove my dentures with care,
And place them upon
The dash, gumming on,
As you drive around here and there.

47495 ORAL - CUNN - ZSERIES Gearhart

Seeking those bumps you enjoy,
Why don't we now go and employ
Those cobblestone streets
In the old sections, sweets;
The bouncing will make you deploy.

47496 ORAL - CUNN - ZSERIES Gearhart

Gallons of nice sticky juice,
As I lick and gum, you will ooze.
I'll have quite a treat
As I savor your meat,
And drink just as much as I choose.

47497 ORAL - CUNN - ZSERIES Gearhart

But be careful of those bumps, my lass,
For if you go over too fast,
My dentures will fall
And in no time at all,
I will bite myself on the ass!

47498 ORAL - CUNN - ZSERIES Gearhart

Please keep your teeth in your head;
Just try using your tongue instead.
I'm sticky and numb
From your chewing gum;
This pretty pink meat's sore and red!

47499 ORAL - CUNN - ZSERIES Carol

Big Red is the flavor I chose
To chew while I give a tongue-hose,
To your juicy fruit,
Before sliding my root
Deep inside, once we reach where it goes.

47500 ORAL - CUNN - ZSERIES Gearhart

There's something 'bout hugging a beard
When between my legs it appeared.
It might tickle so cute
I could strangle the brute
And imminent death would be feared.

47501 ORAL - CUNN - ZSERIES Kathi Webster

Much better to use the tongue;
Keeps them from dying so young.
Though talent's required,
They've never been fired,
Though one guy once blew out a lung.

47502 ORAL - CUNN - ZSERIES Kathi Webster

So you're there all alone, my dear?
You should not now have any fear.
I've grabbed my cape;
I will help you escape
The doldrums, for Tongueman is here!

47503 ORAL - CUNN - ZSERIES

I can lick all your blues clean away;
Leap tall blondes with one jump, land and lay.
Choose now which of my powers
Will excite you for hours;
You'll enjoy either toy either way!

47504 ORAL - CUNN - ZSERIES

Want my snake to come shake in your bush,
As I grip tightly onto your tush?
Or should I just stick
With the toy that can lick,
While your hands on my head give a push?

47505 ORAL - CUNN - ZSERIES

I anxiously wait for decision;
I assure I'll use utmost precision
With either sex toy,
You choose to employ,
For delight and joy of your 'division'!

47506 ORAL - CUNN - ZSERIES

A feathery flick of my tongue
Has often been known to have brung
Sweet liquidy waves
To scrumptious hot babes,
Of which you could be numbered among.

47507 ORAL - CUNN - ZSERIES Jon Gearhart

I'm honored you included me
Among the flowers on your tree,
Whose petals you'll pluck
With your tongue, for a fuck,
But watch you're not stung by a bee.

47508 ORAL - CUNN - ZSERIES Carol

Y'all know that I'm picky and choosy,
But yesterday had me a floozy.
We spent all the night
In ecstatic delight
And this morning I'm knackered and woozy.

47509 ORAL - CUNN - ZSERIES

"Oh god; how I love you down there",
She said. "Mmph!" I said, "mmph, dearest Claire;
I've been here for mmph hours
And I mmph think that now is

So he wrote up one day
A risque resume
Of methods he thought de rigueur.

With her mouth she went 'round,

Just thoughts while I watch her head bob.

Those balls, small as peas,

A toothless old wench named De Roncelles
Was acquainted with numerous consuls.

So kissing and foreplay would tucker

But that was okay.
She was known as the town's greatest sucker.

She first practised with corn on the cob,
Before she had tried my huge knob.
She gagged and she choked,
Her jaw could be broke,
A bad start for her first time blowjob!

48170 ORAL - FELL - ZSERIES

A mint in my mouth comes in handy;
A dick will taste just like candy.
Makes lots of nice drool,
On a too large tool,
And also tasting quite dandy!

48171 ORAL - FELL - ZSERIES

Hey Cheri, I'm intrigued by this mint.
So much I would come at it's scent.
But this can't be enjoyed,
If that mint's an Altoid.
To the bathroom, for cold water I'd sprint!

48172 ORAL - FELL - ZSERIES

Ah but mints are all Carol's dream,
Myself, I prefer some whipped cream.
Though it's been awhile
Since I had the style
To top with a cherry to ream.

48173 ORAL - FELL - ZSERIES

Oh stop it, or you'll make me salute.
And I'll strip down to my birthday suit.
It'd make, come true my wishes,
I'd find you delicious.
Because a Cheri is my favorite fruit.

48174 ORAL - FELL - ZSERIES

Oh Cheri, I'm laughing within;
To sleep with my dad would be sin!
But if I slept with you,
I'd squirt heavenly goo!
Then I'd laugh at semen on your chin.

48175 ORAL - FELL - ZSERIES

He parked on a dark lover's lane,
Just as the moon started to wane.
She sighed with delight
"Oh, What a nice night!"
Steam began to cover each pane.

48176 ORAL - FELL - ZSERIES

So he then did kiss her sweet lippers,
And then he touched her hard nippers.
"Do you hear crickets?
Don't stop, please lick it!"
"Not crickets, my sweet, those are zippers!"

48177 ORAL - FELL - ZSERIES

I'm always ready for a screw,
'Specially when it comes from you.
I'll lick it real slow,
Then give it a blow,
And suck it 'til your face turns blue.

48178 ORAL - FELL - ZSERIES

I could never be blue when with you,
No matter what to me you do.
So suck all day long
Upon my hard dong;
When you're through and I've blew, then we'll screw.

48179 ORAL - FELL - ZSERIES

If not blue, then it will be red,
When I finish giving you head.
Your dick will be limp;
You'll cry and you'll wimp,
And be thankful that you are not dead.

48180 ORAL - FELL - ZSERIES

'Twas in high school when I was in band,
That I felt the girl next to me's hand.
Then the lips of this flautist
Wrap my pole at its stoutest,
And I blew my wad in the grand stand.

48181 ORAL - FELL - ZSERIES

Now this continued at each football game;
The scenario always the same.
She'd get under the blank-
Et, and swallow my crank
And drink every drop when I came.

48182 ORAL - FELL - ZSERIES

When we played a game in Pocatello,
I let out a terrible bellow;
For I found that that flute
Wasn't sucking my lute,
Instead it was some trumpet fellow.

48183 ORAL - FELL - ZSERIES

My body she then did fellate;
I thought 'twas exceedingly great.
Though I promised not to,
I just had to spew
In her mouth, so I could be ate.

48184 ORAL - FELL - ZSERIES

I should have known something's amiss;
After sucking she wanted a kiss.
As my mouth opened wide
She deposited inside
The creamy load that was my bliss.

48185 ORAL - FELL - ZSERIES

There's nothing like coming real hard,
So BJs I highly regard.
Her hot tongue and lip
A-sip on my tip!
The moans and gulps as I bombard!

48186 ORAL - FELL - ZSERIES

So what if libations profuse
Come oozing, or gush like a sluice?
I'd drink me a bucket
To get her to suckit.
It's good for the gander and goose.

48187 ORAL - FELL - ZSERIES

She deep throated my member with pleasure,
Swallowed every bit of my treasure.
She did it with ease,
Down on her knees.
And then vacuumed my nuts for good measure.

48188 ORAL - FELL - ZSERIES

A powerful sucker, that lass;
All night in her bed trimmed in brass.
The next morning I found
When I looked down,
Three feet of bed sheets up my ass!

48189 ORAL - FELL - ZSERIES

I reached quite a brilliant deduction,
When she followed my every instruction.
So here's my conclusion
I share with profusion:
There's nothing as fine as good suction.

48190 ORAL - FELL - ZSERIES Travis Brasel

Some times I just can't get a lube;
I am honestly not in the mood.
So I go to the back room
And get out the vacuum,
And switch on, with his thing down the tube.

48191 ORAL - FELL - ZSERIES Michelle

Do you like to give all the boys Hell?
Do you snooze as the vac makes them swell?
Do you yawn as they come,
And go hum-tiddy-hum,
Or impatiently shout at them, "Schnell!"

48192 ORAL - FELL - ZSERIES Peter Wilkins

It depends on the guy, of course,
Even if he is hung like a horse.
If he can't turn me on
Then I tell him "Begone!"
Or the vac is my only recourse.

48193 ORAL - FELL - ZSERIES Michelle

"The food we consumed," said McGoo,
"Determined our health, how we grew."
"If we are what we eat,"
Said his girl, Maguerite,
"Tomorrow I'll likely be you."

48194 ORAL - FELL - ZSERIES Ed Potts P8812

When once he was given this clue,
He suggested an escapade, new.
"If it's truthful, my sweet,
That we are what we eat,
Tonight, I would like to be you."

48195 ORAL - FELL - ZSERIES Hugh Clary

The only ache that I've felt
Is the one for your choice beaver pelt.
I can't get enough
Of that perfect muff;
When I saw it first time, my dick swelt!

48196 ORAL - FELL - ZSERIES

But a kiss from your lips will suffice;
It's certain to be oh so nice.
And after you sooth
[With lips, not with tooth]
I'll give you a bit of advice.

48197 ORAL - FELL - ZSERIES

If you kiss your way to the right place,
I'll slide deep into that wet space
That's betwixt your legs.
Now don't make me begs
Or it might all blow up in your face!

48198 ORAL - FELL - ZSERIES

His wife in a coma lay limp.
The doctor, a moonlightling pimp,
Said "Try oral sex.
The fuctal cortex
Will activate, clearing her crimp."

48199 ORAL - FELL - ZSERIES H Welchel

The doctor returned a bit later;
The wife was as dead as a tater.
The man did protest;
I gave it my best.
You didn't say that I'd suffocate her.

48200 ORAL - FELL - ZSERIES H Whelchel

She wouldn't drink spunk from my knob.
I said, "Well then, I'll do the job.
I'll shoot, then we'll kiss.

Thus Bev learned to savor the gob.

48201 ORAL - FELL - ZSERIES Jim Weaver Collection

So men, if you want her to drink,
Best teach by example, I think.
If you've the cohones,
To quaff your tapones,
You might get a gulp and a wink!

48202 ORAL - FELL - ZSERIES Jim Weaver Collection

I'll tell you about Jennie Frost;
With fellows, she kept her legs crossed,
But massaged their glands
With mouth and with hands,
And did so at quite a low cost.

48203 ORAL - FELL - ZSERIES Tiddy Ogg

So the rumors I've heard are quite true;
Anything you want but a screw.
For one single penny,
A blow-job from Jennie
Will relieve your balls, black and blue.

48204 ORAL - FELL - ZSERIES Mike Prsnut

I see you guys know Jennie too;
She left but my balls were still blue.
She took but a penny,
That wonderful Jennie,
And gave me a raincheck or two.

48206 ORAL - FELL - ZSERIES Dudes Dead

Home from work, jumped his spouse for to pin her;
As a lover, this dude was a winner.
Had a quick little boff,
Then said, as he rolled off,

48207 ORAL - FELL - ZSERIES Allen Wolverton

Stated she, as she rolled off the bed,
"I think you've been sorely misled.
You think I'm your toy,
Well, think again, boy;
And forget the next time you want head."

48208 ORAL - FELL - ZSERIES Elizabeth of Tudor Tarts

So the gulping of goodies she's deigned?
In his tool room, he having her chained;
And he'll paddle her ass,
While he's dodging her gas;
These hot redheads all need to be trained!

48209 ORAL - FELL - ZSERIES Allen Wolverton

If only you'd swallowed that load
That out of my cock did explode,
You'd not see old cheese,
Gone green with disease,
Right there on the tip of my choad.

48210 ORAL - FELL - ZSERIES

But since that thar cheese is now crusted
Up hard and has you quite disgusted,
Would you be so good
As to scrub off my wood,
With that which ever after I've lusted?

48211 ORAL - FELL - ZSERIES

I'd venture that head will do it.
Especially if you just can't screw it.
Now quit your jawin'
And get started gnawin',
'Fore he bends you over and gets to it!

48212 ORAL - FELL - ZSERIES

Your cunny won't mind a bit,
Compared to the hole where you shit.
If on this prize you're sold,
And your derierre cornholed,
For a week and two days you won't sit.

48213 ORAL - FELL - ZSERIES

There once was a woman named Carrie
Who sucked off her husband, a fairy.
She said with a grin
As she wiped off her chin,
You tasted sweet just like old Larry.

48214 ORAL - FELL - ZSERIES Robert Hemmerly

Her husband, the fairy, was smote
Like a sword thrust right through his throat.
He said, "How could you, dear?
Don't you like my gear?"
Carrie said "You just fuck like a goat!"

"Cirrhosis is my firm prognosis,

Said doc, "My prognosis is Rose is!"

Gwenn was a first chair instructor;
She played violin and I fucked her.
Our love, it was hallowed,

Gail blew me when we were alone.
By night she played lead saxophone.
She gave both great lip

48219 ORAL - FELL - ZSERIES

Good riddance to them and good-bye! Hence
No musical sluts; blessed silence!
From that day 'til now,
I can't tell you how,
Much I deplore sax and violins.

48220 ORAL - FELL - ZSERIES

I look nothing like Toulouse Lautrec!
For my thighs are okay; up to spec.
It's perspective my dear,
When you're fondling my spear
On your knees, they're foreshortened, by 'eck.

48221 ORAL - FELL - ZSERIES

Okay then, I won't take offense;
I'll say nothing at all in defence,
If you publicly say
That my thighs are okay,
And my willy is simply immense!

Will blow you while she sings and hums;
The job she will render

There's not one damn tooth in her gums.

48223 ORAL - FELL - ZSERIES Allen Wolverton

I think I'll stay out of the slums;
A good country girl beats all those bums.
Give me slurping and poking,
While giggling and joking;
First cousins can be best of chums.

Nob-gobbling with finesse,
But leaving a tell-tale mess?
The lesson we learn
From the tattling intern
Is "Don't wipe your mouth on your dress!"

Quite soon on the chair's arms he gripped,
As he was professionally lipped.

While we all just sat there amazed
The boss-man was not even fazed!
Seems he did not know
That he was on show

48229 ORAL - FELL - ZSERIES

I was unscrupulous way before forty.
Grabbed every chance to be naughty.
With any hot chick,
Let them play with my dick;
To deny me that right would be haughty.

48230 ORAL - FELL - ZSERIES

I will thank you to open your throat
And attention to breathing devote,
As you milk from my tool
Its steamy white gruel,
To see if your tonsils will float.

At our truck stop, a waitress named Shirley,
Often knocks off from work a bit early.

(She's a $20 "sucker")
'Cause she likes her men big, bad and burly.

48232 ORAL - FELL - ZSERIES Jeanie

See, Shirley ain't much of a looker,
But she makes lots of tips as a hooker.
Fifteen days on the road,
And a guy'll dump his load,
In just about any old snooker.

48233 ORAL - FELL - ZSERIES Jeanie

I will go down in the night
To uncover a beautiful sight;
The thing I did miss;

Dipped his thing in the chili.

'Cause willie was dipped into batter.
With all of the seasoning,
The girls lost their reasoning.
That willie never reached any platter.

48240 ORAL - FELL - ZSERIES Pilar

Shame on Billy! The girls he would tease.
They were lured there for willie and cheese,
Served wrapped in a bun?

I thought to myself for a while,
Then agreed I would give it a trial.
So without further urgin',
I went to the surgeon,
Who gave me a wink and a smile.

"I think you'll need more than an inch,
Maybe seven or eight at a pinch."
Said the surgeon with glee
As he fondled my knee,
And assured me the op was a cinch.

So under the scalpel I went,
Having given the surgeon consent.
With a poke and a prod,
He inserted a rod
And then dipped the whole lot in cement.

You will need bigger parts,
If you seriously want to succeed."
